fired, and contrary to his most sanguine hopes, the third shot hit the mark, and he slung his game across his shoulder and proudly exhibited it to him who had flung out the dare.

The rest of the journey was uneventful, but Deputy Talton is eating wild game at his house, and he feels that the call on that occasion was not altogether wasted, even though there was no need for his official authority to be brought into play.

INFORMATION FOR FORMER TOBACCO ASSO. MEMBERS

Now that receivers of the Tobacco Growers' Cooperative Association are predicting a substantial payment on participation certificates, holders of these certificates are naturally getting interested in seeing to it that the records are all in shape for them to collect. All claims against the association must be filed by March 1, 1928, and all objections to claims by April 1, 1928. Regarding the holders of participation certificates Mr. James H. Fou, of Raleigh, one of the receivers, gives the Progressive Farmer this authoritative official statement:

"Holders of participation certificates are not regarded strictly as creditors. They are more nearly analogous to stockholders in a corporation. The books of the association will be considered sufficient proof of the validity of any participation certificate issued, provided the certificate remains in the hands of the original holder. Therefore the person to whom the certificate was issued and who now holds the same will not be required to make proof.

"Where the certificate has been assigned and the assignment not recorded, the assignee need not make further proof. But where a certificate has been transferred and the transfer is not shown on the books of the association, it will be necessary for the transferee to make proof before the Special Master, Hon. Henry Bowden, Norfolk, Va.

"Where the transfer was not for full consideration, and both the original holder and the transferee are interested, it will be well for them to explain to the Special Master their respective interests. Where the original holder of the certificate has not assigned it but has died, it will be necessary for his legal representative to make proof before the Special Master and to the proof of his representative capacity—administrator, executor, etc.

"As far as possible red tape and technicalities in the proof will be dispensed with. Ordinarily an affidavit giving the date, number and amount of the certificate, the names of the original owner and the assignee, with the original certificate and a copy thereof attached to the affidavit sworn to before a notary public, and sent to

the Special Master, will be sufficient; and he, on request, will return the original certificate, keeping the copy.

"Where the participation certificate has been assigned, and there is a dispute or controversy between the original holder and the assignee, that matter should be called to the attention of the Special Master; and both claimants should make affidavits setting forth their respective claims and contentions.

Druggist Gave Her Very Good Advice
Miss Ruth Horowitz, Bronx, N. Y., writes: "Having been troubled with indigestion caused by constipation for several months, my druggist advised me to take CARTER'S LITTLE LIVER PILLS. He said they are good for a hundred different ailments, if people only knew the value of them. I can safely say that since I am taking them, and only one each night, I feel like myself again and can eat most anything."

"Those who suffer from sick headache, indigestion, biliousness, tired-out and weary feeling, when due to constipation, find prompt relief in taking CARTER'S LITTLE LIVER PILLS. Druggists, red packages, 25c. and 75c. Take to-night—To-morrow refreshed."

JAMES CRUZE
Director of Feature Photoplays, writes:

"During the filming of The Covered Wagon, the constant use of my voice demanded that I find a cigarette which I could smoke without any chance of throat irritation or cough. After trying them all, I decided on Luckies. They are mild and mellow."

LUCKY STRIKE CIGARETTES

FRANK KEANE

The Cream of the Tobacco Crop

"The growth of LUCKY STRIKE Cigarettes is a wonderful thing but there is a reason. I know, because I buy the Tobacco for LUCKY STRIKE. I buy 'The Cream of the Crop,' that mellow, sweet smoking Tobacco that the Farmer justly describes as I have described it above. The quality of LUCKY STRIKE Cigarettes is telling. It is natural that the brand should show the tremendous growth that it is showing today."
