### Is Fired At By Chief W. C. Braswell As He Tries To Enter Store of C. H. Holt

Bud Thompson, a negro said to be from Faison, was fatally shot early Saturday morning about 3 o'clock as he was attempting to enter the store of C. H. Holt in Princeton. Mr. W. C. Braswell, the policeman at Princeton, discovered the negro as he was attempting to enter Mr. Holt's store. The negro fired at the policeman, the powder from his gun burning the side of the policeman's face. The negro fled, Mr. Braswell in hot pursuit. Mr. Braswell fired his gun and it is thought that it was this shot that ended the negro's life. The negro succeeded in hiding but was later found in a serious condition, the ball having entered his side and deflected upward, and he was brought to the Johnston County Hospital where he died Saturday afternoon about two o'clock.

Sunday afternoon at one o'clock Coroner J. H. Kirkman held an inquest in the commissioner's room of the courthouse. About 200 persons were on hand to hear the evidence presented. The following jury was impaneled: J. D. Underwood, C. A. Creech, H. D. Ellington, J. H. Woodall, M. M. Woodall, and R. E. Holt. Sixteen witnesses were examined as follows: Clifton Holt, C. H. Holt, N. C. Holt, J. P. Raines, L. D. Grantham, A. K. Worley, L. L. Mitchell, Ed Holt, Junius McDaniel and wife (colored), Mr. Jones, Dr. W. J. B. Orr, Chief W. C. Braswell, Mr. Lee, Dr. Aycock and T. E. Talton. It developed in the evidence that the deceased negro had stolen an automobile in Selma on Saturday night in which he presumably rode to Princeton. The automobile belonged to a Mr. Jones of the Jones Lumber company, who had the car which was a Dodge coupe, parked in his back yard. Mr. Jones had not missed his car until he was notified from Princeton that it had been found.

A Hundred Or More Hear Gifted Speaker Discuss National Campaign Here

Dr. A. J. Barton, a Baptist of much prominence in the Southern Baptist convention, made an address at the courthouse here yesterday afternoon at 2:30 o'clock under the auspices of the Anti-Smith organization of this state. Mr. I. W. Medin introduced the speaker, after which Dr. Barton launched into a discussion of the national political situation. A hundred or more persons constituted his audience, which gave him an attentive hearing.

Dr. Barton, who is a gifted speaker, began his address by stating that one of the phases of the campaign this year has been an attack upon what he termed the "political persons." He stated that as a Baptist minister for forty years who has been prominently connected with the Home and Foreign Mission Boards of the Southern Baptist convention and who has held some prominent pastorates in the south, he is proud to be classed as a "political person." He mentioned some of those with whom he is proud to be classed, namely, E. Y. Mullins, president of the Baptist Seminary, Louisville; Dr. George Truett, of Texas, the best loved Baptist in the south; Bishop Cannon of the Methodist church, and others. He quoted at length statements from the pens of Dr. Mullins and Dr. Truett as to why they were not in favor of the democratic nominee for president. As long as the saloons were on the corner and the minister helped to build almshouses and to maintain a breadline for the bum the ministers were patted on the back, declared Dr. Barton, but when they began to talk about doing away with the saloons which largely caused the down and outs, they were called "political persons." He stated that the saloon was in politics and if the ministers discussed the saloon they must of necessity discuss politics.

*Will Rogers Says-*

The less a voter knows about you the longer he is liable to vote for you. I believe that these other two boys that are running for President would both have been better off if they had pulled a Coolidge and got down in their shell and not come out till the votes were counted.

If I was these boys I would kinder fight shy of a public Clinic. I believe if they had both stayed behind the microphone out of sight of any audience and shot it to 'em at long range, they would have been better off.

This thing of meeting your hero and getting acquainted with him is awful liable to make you start hunting another hero. Al and Herb have both done things which are on the record and I believe I would let folks look over the records instead of the patient.

As the presidential candidate of the Anti-Bank Party, I am going on the theory that it is better to read about a brown derby than it is to see one. When we know that a man has put the Nose Bag on Belgium and made us eat bran mash like a cow instead of bread, why we are going to look for a mighty commanding and magnetic personality.

I don't think I am betraying any national secret when I say that both of these boys are liable to get more votes if you can't see 'em. Campaigns have ruined more men than they have ever made.

He was a darky on trial for making whiskey.

"What's your name?" asked the judge.

"Joshua, suh."

"Are you the Joshua that made the sun stop?"

"Naw, suh—'Ise de one what made de moonshine."

Sorrell, State Councilor, of Durham, and a number of other invited guests. Music was furnished by the Four Oaks high school band. Mesdames E. B. Johnson, W. P. Massengill, Roy Johnson, J. W. Sanders and R. C. Canaday had very interesting and inspiring papers.

At the conclusion of the meeting, the hostess, assisted by her daughters, Edith Mae and Myrtle, served a delicious salad course, hot chocolate and salted nuts.

Hallowe'en Party.

The Sunbeam Band of the Baptist church, and several other invited guests were delightfully entertained at a Hallowe'en party last Friday evening by Mrs. R. C. Canaday, leader of the Sunbeams, at her home.

This affair was given on the lawn which was lighted by Jack-o-lanterns. Owls and black cats were stationed about in places, making everything look spooky.

The guests in masquerade costumes were met by Mrs. Jefferson Lassiter, dressed as Martha Washington. A number of lively games were played after which pink lemonade was served.

The guests then ventured around, and found a tent, built of cornstalks, where therein lived an old witch that could tell fortunes and stories. This caused much merriment for the children.

After this a weiner roast was enjoyed.

As the guests departed, they were given black and orange whistles as favors.

There were thirty-five guests present on this occasion.

Personals.

Miss Mary Hayes McDowell of the school faculty spent the week end at her home in Scotland Neck.

Mr. and Mrs. J. W. Sanders and Mr. and Mrs. Ralph Talton and baby spent Sunday afternoon in Raleigh.

### Clinic At Selma Is Great Success

Two Hundred Tonsil-Adenoid Operations Free Charge by Dr. Wade H. Atkinson

SELMA, Oct. 29.—Tuesday, October 30, will mark the closing of the most unusual and most successful tonsil-adenoid clinic ever held in Johnston county or possibly any other county in the state.

This beneficent work has covered a period of nearly two weeks and is the culmination of plans made by Dr. Wade H. Atkinson, eminent specialist of Washington, D. C., and a former Johnstonian, to take care of the children of the Corbett-Hatcher school, in his old home community. But since this and other adjacent districts have been consolidated, he was urged to hold the clinic at the Selma graded school building, and thus take care of all pupils needing this corrective work. He met the challenge and approximately 200 children will have had their tonsils and adenoids removed at the close of the day Tuesday.

This clinic is unusual in that Dr. Atkinson is doing the operating and giving his services free. He is ably assisted by Dr. C. C. Massey, county health officer, Drs. Geo. D. Viek, J. B. Person and I. W. Mayerberg of Selma.

The superintendent's office in the Selma graded school has been converted into an operating room, while the teachers rest room just across the hall has been turned into a ward where the patients are cared for until permitted to return to their homes.

Nurses in charge are: Mrs. E. L. Woodall, graduate nurse of Smithfield; Miss Edna Cate, a student nurse from the Johnston County Hospital; Mrs. J. S. Flowe, Mrs. J. H. Talton, Mrs. F. B. Sitton and Mrs. Carra Smith, of Selma.

Supt. F. M. Waters has put forth every effort to make this clinic a success, assisting the doctors and working with his pupil-patients almost constantly night and day.

There is no fee whatever for the operating service, but in order to take care of some expense connected with the clinic, the sum of five dollars is charged for each patient. The Selma Parent-Teachers' Association which is active in helping with the clinic, will be beneficiary if there should be any surplus funds.

This splendid work of Dr. Atkinson will mark the beginning of these clinics. There is already talk of another, possibly next summer. Dr. Atkinson is not only a skillful surgeon but has a most magnetic personality. People have been known to drive miles to get a glimpse of the "great doctor." No man was ever more truly enshrined in the hearts of a people, and with reason, for he graciously gave his strength and skill and sacrificed two weeks of his valuable time that he might be of service to his fellow creatures. Words can only feebly express their gratitude to him, to the local doctors, the nurses and friends who cooperated so splendidly to make this the first clinic such a success.

### SMITHFIELD MOTOR COMPANY OPENING

The new home of the Smithfield Motor company, dealers in Hudson-Essex automobiles, is a decidedly attractive place Friday afternoon and evening when that firm held an informal house-warming. Growing plants adorned the show rooms where the latest models were displayed. To all those who visited the show rooms that day was given a red or white carnation. Quite a number inspected the new Hudson-Essex place and with one accord they came away impressed with the new quarters of this enterprising firm.
