Rev. W. O. Andrews and wife, from Wake Forest College, were visitors in town Tuesday.

Farmers who have carried tobacco to the market are very much depressed over the low prices. They claim they will not get enough from the crop to pay their guano bill.

Every day reports come in from different sections of the township where chickens were stolen from farmers. Last Monday night not less than fifty chickens were reported stolen from different farmers. The farmers were away from home—having carried tobacco to town—and the thieves apparently knew exactly the circumstances around these homes, that it is possible to bring any of these thieves before Judge Parker we make a special request that he give them one year on the roads for each chicken they get.

It is some times amusing to note what is the first thing men ask for when they are arrested if arrested for making liquor. They always send for the man who has been furnishing money and supplies for him to makeatives.

The meeting at the Methodist church continues this week with good attendance. Rev. J. D. Stott is doing the preaching. Mrs. Bailey Perry, of Wilson, spent last week end here with a relative.

with the **PONTIAC BIG SIX**

PRODUCT OF GENERAL MOTORS

Although Pontiac value has been world-famous ever since the first Pontiac appeared in 1926, it has remained for the Pontiac Big Six to prove the greatest value of them all—to be the first to introduce Big Car Performance, Beauty, Comfort and Reliability.

Save in Purchase Price: Pontiac is the lowest-priced six in the world combining a 200 cubic inch, L-head engine, the Harmonic Balancer, the cross-flow radiator, gasoline pumps, two separate heating systems including, needless to say, dirt-and-weather-proof, internal-expanding service brakes, and bodies by Fisher.

Save in Depreciation: Check the offerings of Used Car Dealers and you will find Pontiac resale values uniformly high. Pontiac's impressive record of performance and dependability has built a ready market for used Pontiacs.

Never before has there been a buying opportunity such as the Pontiac Big Six affords today. Bring in your car and get our appraisal.

Save in Maintenance: According to the records of a large public utility company which operated 9% automobiles of 23 different makes during 1928, Pontiac costs one cent per mile less to own and drive than any other low-priced six.

Save in Operating Cost: Pontiac costs less to drive because its automatic spark control assures highest engine efficiency. Because the cross-flow radiator eliminates losses of alcohol in winter, because its special non-squeak brake linings frequently serve for more than 30,000 miles without replacement.
