

Death of Mr. Dick Hill

The death of Mr. Dick Hill occurred at the Johnston County Hospital here Wednesday morning at 2:30 o'clock, after an illness of a year or more with cancer. About a year ago Mr. Hill sought relief in a Richmond hospital, and later spent some time in a hospital in Raleigh. For the past three months he has been at the local hospital. The funeral was held Wednesday afternoon at Sanders Chapel Methodist church after which interment was made in the church cemetery. Rev. D. H. Tuttle, assisted by Rev. N. C. Yearby, conducted the service. The pallbearers were nephews of the deceased. The deceased who was in his 66th year, was a native of Johnston county and lived here all of his life. He was the son of the late Zachariah and Virginia Hill. He is survived by five brothers as follows: Z. B. Hill, C. T. Hill and Claud Hill of the Sanders Chapel church, J. L. Hill, of Wilson, and M. F. Hill of Oxford, Mr. Hill never married.

St. Peter's Altar Society.

On account of the severe cold on Sunday, the meeting of the ladies of St. Peter's church was held at the church after services instead of at the home of Mrs. D. Hooper Sanders as first announced. After a short explanation by the pastor, Father Denges, as to the purpose of the proposed society, nominations for officers of the society were in order. The resulting vote showed Mrs. J. D. Parker, president; Mrs. D. Hooper Sanders, vice-president; Miss Josephine Abdalla, treasurer; and Miss Elizabeth Sanders, secretary. Upon determining on a name for the society and the amount of the dues, further discussion of work to be undertaken was postponed until a future meeting on February 2.

DENTAL CLINIC IS OF GREAT BENEFIT

Dr. W. L. Woodard, state school dentist, is holding a clinic in Selma at present, under the auspices of the county health department. This clinic is furnished free of charge to the county every third year for ten weeks. In the comparative short period of time allowed by the state for this work, only a very small percentage of the children in the county will be treated. It gives food for thought, when one realizes that 30 per cent of all the children that were in school last year are having to repeat their grades this year. That is a tremendous burden upon the taxpayers. A large percentage of the repeats in school every year are due to physical defects. That is, bad teeth, tonsils, adenoids, malnutrition, etc. Of all these defects, bad teeth stand out as the greatest cause.

The mouth is the gateway to the body. All nourishment is taken through the mouth and a child with a mouth full of rotten, broken teeth is forced to swallow pus and filth that certainly reacts against him when it passes into the stomach. This will result in malnutrition, due to upset digestion from the swallowing of pus. A child with teeth in bad condition, is in no condition to concentrate upon work in school on account of the actual pain that accompanies bad teeth. Surely in this day of modern education, children need all their resources to keep up without being retarded by physical defects.

While the state dentist is only able to get around every three years a plan has been worked out and is in operation in many of the leading counties at the present time. The county can put up \$900 which will run a clinic for twelve weeks, and each year the state will give a month, making a total of four months out of each year. That is practically a half of a school term. The first year the whole county will not receive treatment, but in the following years the county can be thoroughly covered, and the badly needed work done, and after that the continued care of the school up through the seventh grade.

There is no doubt that the physical defects corrected by a dental clinic would actually save the county money, due to the drop in the number of repeats each year as has already been demonstrated in other counties. These repeats are dead wood on the county. It costs just as much to carry a child through a grade the second time as it did the first. A dental clinic as outlined above would save the initial cost many times over, in repeats, to say nothing of the health value to the child, which is truly inestimable. In this day of keen competition, the child without an education is handicapped for life. Bad teeth

often mean poor health, which means dropping out of school and failing to get an education.

TO PREACH HERE AT PRESBYTERIAN CHURCH

Rev. A. G. Link, of Raleigh, superintendent of Home Missions of Granville Presbytery, will preach at the Presbyterian church here next Sunday morning at 11 o'clock. The public is cordially invited to attend.

Mrs. Person Entertains.

Selma, Jan. 23.—On Friday afternoon Mrs. J. B. Person was hostess to the Book club and a number of specially invited guests. Fats of blooming plants and a vase of lovely red roses brightened the living room, dining room and reception hall in cheerful contrast to the gloomy winter's afternoon outside.

The program was in the capable hands of the hostess who had as her subject, "The Holy Land." Mrs. W. T. Woodard gave an interesting description of "The Holy Land in Bible Times," followed by a brief account of "The Present Urge in the Near East." Mrs. Brieze then exhibited some treasured souvenirs brought directly from Egypt and Palestine. After the program the hostess assisted by Mrs. G. D. Vick, served a tempting salad with accessories followed by a sweet course. Those present were: Mesdames W. J. Crain, W. W. Hare, J. D. Mays, W. B. Johnson, A. J. Holliday, and R. E. Spher. Club members present were: Misses Annie Noble and Margaret Ethredge, Mesdames G. F. Brieze, C. W. Seales, E. V. Woodard, J. N. Wiggers, W. T. Woodard, G. D. Vick, C. A. Jacobs and W. H. Call.

Dinner Party for Miss Sasser.

Kerly, Jan. 22.—Miss Essie Sasser was the honoree at a surprise birthday dinner given by her sister, Mrs. J. F. Hill at her home on Main street Sunday, January 19, at one o'clock. Miss Sasser who is a member of the Simms school faculty arrived from church just in time for the dinner, having gone with friends, and it was not until she entered the dining room and found the beautiful cake in the center of the table with birthday candles and presents at her plate that she knew of the dinner party. The dining room presented a lovely appearance with Christmas cactus blooms and ferns. Places were laid for ten. A delicious three course dinner was served.

Those included among the dinner guests were Miss Essie Sasser of Simms, Mr. O. H. Cramer of Saginaw, Mich.; Mr. and Mrs. Floyd Gurley, of Goldsboro, Mr. and Mrs. O. W. Sasser of Wilson, Messrs. Clifton and Reupert Gurley of Goldsboro.

Don't fail to see him and give him a notice at your order

A CENTURY of helping American Farmers MAKE BETTER CROPS The coming year rounds out an even century since the first use of Chilean Nitrate of Soda in the United States. Andrew Jackson, famous "Old Hickory", of Tennessee, was President of the United States in 1830 when the first cargo of this nitrogen fertilizer arrived by sailing vessel from far-off Chile. That was years before we had the telephone, the telegraph. TO-DAY - On sheer merit alone... strictly on the basis of the good it has done, Chilean Nitrate to-day is the standard nitrogen fertilizer. Last year more than 800,000 farmers used it to make more money from their crops. Every cotton champion in the South... and every corn champion... made his winning crop with Chilean Nitrate. For nearly half a century, Experiment Stations have proved the value of Chilean Nitrate. In Pennsylvania, for instance, experiments have been conducted continuously since 1881! The success obtained by farmers who use it, leads many more each year to follow their example. Chilean Nitrate pays back its small cost many times over. Do not confuse Chilean Nitrate with other fertilizers. It is the world's only natural nitrate nitrogen. Not synthetic, but the real thing, mined and refined in Chile and nowhere else. It will pay you to insist on Chilean Nitrate. It is quick-acting food for almost every crop that grows... proved by 100 years of use. Special Book Offer FREE Our new 64-page illustrated book "How to Fertilize Your Crops" gives all the information you need. Free. Ask for Book No. 1 or tear out this ad and mail it with your name and address on the margin. Chilean Nitrate of Soda EDUCATIONAL BUREAU 220 Professional Bldg., Raleigh, N. C.
