Woman's Club Meets. Kenly, Jan. 29.—Mrs. C. F. Darden was hostess at the regular monthly meeting of the Woman's club which was held on Wednesday afternoon. The home on Main street was charmingly decorated with growing plants. The program presented by members of the music and literary departments began with singing the club song, followed by a new year's greeting given by Mrs. W. P. Whitted. Mrs. H. M. Grizzard, chairman of this group, asked each member to write a new year's resolution, these being read later. Reports were heard from the various committees, including that of home economics, who reported that the club was serving hot lunches to between sixty and seventy undernourished school children every day. The educational chairman, Mrs. R. T. Fulghum, reported school books bought and given the children who were not able to buy books. The treasurer, Mrs. Whitted, reported \$5.77 proceeds from sale of Red Cross Christmas seals. After a short business session presided over by the president, Mrs. C. F. Darden, the club gave its attention to an interesting talk by Mrs. J. M. Woodard of Raleigh.

After adjournment the hostess, assisted by Messdames G. T. Whitley and A. F. Bowen served a salad course with hot tea.

## SELECT JOHNSTON FOR COTTON PLAN

(Starts on page one)

In South Carolina. T. E. Browne, director vocational education, would like to see a teacher of agriculture in every rural high school, and he called attention to the work being done by J. Paul Shaw in the Benson school, who distributed last year 900 bushels of improved seed.

Prof. W. H. Darst, director of N. C. Seed Improvement Association, explained the difference between pedigreed seed and certified seed. Certified seed means more than pedigreed seed. Certified seed have been investigated in every particular, and must have state approval based on a three year test. He urged the growing of more good seed and urged protection for the man who grows certified seed. There are not nearly enough certified seed grown in North Carolina to supply the demand in the state and he advocates "live-at-home" in seed production.

M. G. Mann, assistant manager of the N. C. Cotton Growers Association, and an ex-banker, expressed how bankers and other business men may cooperate in this better seed movement, in one word—publicity. These men must see the necessity for standardiza-

tion and improvement and must pass the word along whenever opportunity presents itself.

J. W. Stephenson, member of the board of directors of the N. C. Cotton Growers Association, farmer and grower, told those present that farmers in Johnston county who had tried to grow longer staple cotton had become disgusted because it was hard to get it ginned properly. He stated that ginner should sacrifice time and money, if needs be, to give farmers who grow long staple cotton the service they are clamoring for.

After the speech-making was concluded, practically a unanimous endorsement of the standardization idea was evidenced by a show of hands, and County Agent Slack appointed a committee to start the standardization program at once. This committee includes the following: J. W. Stephenson, chairman; J. Lib Lee, of Meadow; O. L. Boyett, of Glendale; S. P. Honeycutt, Benson; Dr. B. A. Hocutt, Clayton; and R. C. Gillett.

The banquet Tuesday evening was unique for more than its galaxy of cotton experts. It was a "live-in-Johnston" affair, nothing being included in the menu except what is grown in this county. Another interesting fact concerning the menu was that it was served by the county council of home demonstration clubs, and every article of food was donated, thus making it possible to place the proceeds from the dinner in the treasury for the home demonstration work.

The tables were very attractive in their appointments. Baskets improvised from farmer's hats spilled luscious fruit in the center of the tables, while trailing ivy jointed pottery candlesticks holding lighted candles, placed at intervals up and down the long tables.

The menu was as follows: fruit cocktail, Dixie relish, applesauce,

bake chicken with dressing, spiced "Smithfield" ham, stuffed potatoes, string beans, combination vegetable salad, cornbread, hot biscuit, sweet potato pie with whipped cream, salted peanuts and pecans. The beverages served were iced fruit juices and sweet milk, a hundred bottles of the latter having been donated by Dr. B. A. Hocutt's Lone Pine Farm dairy whose slogan is: "You Can't Beat Our Milk, But You Can Whip Our Cream."

This delightful menu was served by Miss Alberta Boyette of the Carter-Massey club and five 4-H club girls as follows: Rosa Atkinson, Micro; Louise Wilson, Wilson's Mills; Dixie Rhodes, Progress; Hazel Woodard and Eloise Hodge, of Glendale.

Special mention should be made of the attractive printed program and menu found at each plate donated by the Humphrey Press and also of the favors, pottery ash trays, made and donated by the Smithfield Pottery near town.

One of the most pleasing features of the evening's program was the music rendered by the Pomona-Creech club string band. Old time tunes which called forth frequent appreciative applause, enlivened the occasion. Those in the band were: Mrs. Preston Creech, guitar; Mrs. M. G. Peedin, guitar; M. G. Peedin, violin; J. Creech, violin; Sanford Sneed, violin; J. E. Woodall, violin; J. E.

Creech, guitar; Kenneth Woodall, guitar; and James L. Peedin, mandolin.

At the conclusion of the evening's program, O. L. Boyette of Glendale, very appropriately paid tribute to the county farm and home demonstration agents, Mr. Slack and Miss Garrison, commending the work they have been doing in the county. He expressed the wish that the county commissioners would include in their June budget an appropriation to continue this work the county's part of which during the past year has been financed by interested men and women of the county.

Those present indicated their approval of his remarks by giving the county agents a rising vote of thanks.

Others not already mentioned who contributed to the success of the banquet included the following: Mrs. T. C. Hill, Miss Emma Tomlinson, Mrs. L. G. Flowers, Mrs. Wade Brown, Mrs. T. M. Bandy, Mrs. W. S. Smith, Mrs. T. W. Ives, Mrs. Leonard Woodard, Mrs. Claude Stephenson, Mrs. J. H. Whitley, Mrs. Allie Barfield,

Mrs. K. Lassiter, Mrs. Z. R. Martin, Mrs. D. J. Wellons, Mrs. O. V. Booker, Mrs. M. P. Lassiter, Miss Emily Smith, Mrs. W. D. Avera, Mrs. Jas. L. Peedin, Mrs. W. M. Sanders, Sr., Mrs. Ira C. Whitley, Mrs. A. J. Whitley, Jr., Noah Wilson, W. N. Holt's mill, Baker's mill, Miss Ruth Jones, Mrs. Garland Smith, S. P. Honeycutt, Mrs. J. P. Parker, Mrs. W. H. Poole, Henry Watson, Mrs. D. H. Jones, Swade Barbour, L. Parker, Miss Alberta Boyette, Mrs. R. L. Barndon, Mrs. W. J. Stallings, Southern Cotton Oil Trading Co., Geo. F. Brietz, Hood Bros., A. J. Whitley, Jr., Rose's Five and Ten Cent Store, Mrs. Herman Creech, Miss Sarah Hill, Mrs. Will H. Creech, Mrs. J. E. Woodall, Mrs. G. O. Johnson, Smithfield Woman's club, and the Boy Scouts.

Among those present were a number of field agents of the N. C. Cotton Growers' Association who had been in conference in Raleigh Tuesday, who were present at the invitation of John A. Smith, Johnston county's field agent, who wanted to show them how things are done in Johnston.

**WHEN CHILDREN Need a Laxative**

"We have used Theford's Black-Draught in our family for nineteen years. I have found it of great help in raising my family."

"I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right."

"I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean."—Mrs. Doshie Terry, 1205 4th Ave., Decatur, Ala.

## FOOD Your Corn Crop LIKES

IS it just another corn crop for you this year, or have you decided to join the ranks of farmers who make a crop that really is a crop? Now is the time to decide... and you can just as easily make a good crop. No luck to it... just one single rule for success.

Chilean Nitrate of Soda is the difference between a good corn crop and a poor one. A side dressing with this nitrate fertilizer (the only natural nitrate in the world) greatly increases the yield. Makes larger ears with more corn per ear and more ears per stalk.

**A North Carolina Farmer**

E. B. Faulk, Jonesboro, N. C., made 46.9 bu. of corn per acre when he used 300 lbs. Chilean Nitrate per acre with acid phosphate and potash. On corn fertilized with only acid and potash—no Chilean Nitrate—he made only 29 bu. per acre. A clear increase due to Chilean Nitrate of 17.9 bu. per acre.

Chilean Nitrate is not synthetic. It is mined and refined in Chile, largely by American capital, brought here in American ships and sold to American farmers at a low price.

See your local dealer. If he does not carry Chilean Nitrate, he can easily get it for you.

**Free Fertilizer Book**

Our new book, "How to Fertilize Corn in the South," tells how to make a real corn crop. It is Free. Ask for Book No. 5, or tear out this ad and mail it with your name and address written in the margin.
