

restricted by written constitutions, can be preserved from the insidious approaches of wealth, ambition and arbitrary power.

These doctrines successfully maintained, and the elective franchise preserved in its purity, and exercised with independence—the contest between the cause in which you have so zealously embarked, and its antagonist principle, can never be doubtful in this State. Whatever temporary success may occasionally attend the seductions of wealth, and the assaults of calumny, let nothing impair your confidence in the people. The events of more than a half century attest the futility of all former attempts to overawe or corrupt them, and rely upon it, they have not degenerated. I am, gentlemen,

Very respectfully,

Your obedient servant,

M. VAN BUREN.

To Messrs. Prosper M. Whetmore, &c.

South Carolina.—The Legislature adjourned on the 26th ult. after the passage of the Convention bill, to meet again on the fourth Monday of November, for the regular session.

Before the adjournment, the "Union" minority held a meeting, in which they determined upon a circular address, to be sent to their party throughout the State, urging them to take measures for the election of delegates to the Convention, and declaring that as heretofore, they, "as individuals, will continue to oppose Nullification, as a remedy of evil example and ruinous effect, by all the means in our power as long as we may do so consistently with the Laws of the Land and our allegiance to the State of South Carolina."

The Union Party of Charleston, which city is entitled to send eighteen delegates, had recently determined in general meeting to take no part in the election and offer no candidates. Their Committee have, in reply to the circular of the Legislative meeting, adhered to that determination, for cogent reasons. They affirm that the contest on their part would be hopeless, and that if even successful in the city, they cannot affect the character of the Convention. They contend that a Convention, formed as this is, not by the people in their equal capacities as constituting the State sovereignty, but upon a mixed ratio of population and taxation, is manifestly not a true and proper Convention of the people, which forms an "unanswerable objection to the legitimacy of its organization, and the authority of its acts." They say—"The Nullifiers have the power of the State in their hands, and we must abide the consequences of every use of that power which they may think fit to make. They are pledged to render it impracticable for the United States to collect their revenue in South Carolina, without force, and they are now possessed of the means which they consider sufficient to enable them to redeem their pledge. They must do it on their own responsibility. The controversy hereafter must be carried on directly with the General Government, and it depends on the constituted authorities to determine what its future character shall be."

The Nashville (Tenn.) Banner, of the 23d ult. state that the anti-nullification preamble and resolutions, "were this morning adopted by both houses of the Legislature of this State—in the Senate by a unanimous vote, and in the House of Representatives, by a vote of 26 to 7. Some if not all the minority being influenced rather by a preference for other resolutions than by any positive hostility to those offered."

It has been intimated in a Boston paper, that Mr. Webster is preparing a reply to Mr. Calhoun's expositions of the doctrine of Nullification. We are glad to hear it: no man is perhaps better qualified to give us the opposite extreme than Mr. Webster.

The Cholera has almost wholly disappeared from the seaboard, but is making fearful ravages in some of the towns in the interior. At Cincinnati, one of the most healthy towns in the west, during

the week ending 23d ult. there were 164 deaths—the week previous, 125 deaths. A few cases have occurred at Pittsburg, Louisville, &c.

Edenton, Nov. 7.

The Cholera.—We are glad to be able to say that our recent hopes with regard to this disease have been fully realized. Since our last, there has not been, to the best of our knowledge, a single case of malignant Cholera, either in town or in the surrounding country. We have therefore much cause for gratitude to the disposer of events, both because the scourge has fallen so lightly upon us, and because it has been so speedily removed.

Petersburg, Nov. 6.—Cotton commands 10 1/2 a 10 7/8 cts.—the supply being equal to the demand—but these prices are not expected to continue through the season. Wheat, \$1 12 1/2 a \$1 15 per bushel.—Times.

At the recent term of the Superior Court for Halifax county, Jabez Jarral, a free man of color, was tried for the murder of Patsey Ellis, a white woman. The evidence was altogether circumstantial, & the jury returned a verdict of acquittal.

Counterfeit Notes.—We are informed through the medium of a letter from a friend in Waynesborough, Wayne county, that a considerable quantity of counterfeit United States Bank notes has recently been passed off in that neighborhood. One gentleman had received \$600 in \$20 bills, all of which were bad. Previous to his discovering that they were not genuine, he had passed to different individuals between two and three hundred dollars, thus giving them a wide distribution. The Notes are of the old plate, signed (except two of them) by Biddle and McIlwaine—letter U—date 1830—paper very light, thin and bad—made payable in different States. The two excepted above, are signed Milton and Hamilton, payable at New York. The money is supposed to have been brought from the South, by a negro trader.—Ral. Reg.

Michael Collins, Esq. of Warren, is announced as a candidate for Congress in that district, at the election of 1833. We have before announced the name of Robert Gilliam, Esq. of Granville; so that if Gen. Hawkins, the present incumbent, again offers his services, (which we understand he will) there will be at least three competitors for that post of honor. ib.

Remarkable Longevity.—A highly respectable merchant of this place informs us, that he saw, a few weeks since, in Wilkes county, N. C. a man named Daniel Rash, who was one hundred and three years of age, and that his body was healthy and vigorous, his mind and memory wholly unimpaired, his sight perfectly good—having never used spectacles, and what is perhaps more remarkable than all this, our informant states, that within the last three years, his mouth has been supplied with five new front teeth! Had we obtained our information from a less veracious and respectable a source, we could not have given credence to this and many other particulars which our friend communicated to us concerning this aged man; and whilst conversing with him on the subject, we jestingly remarked to him that even his acquaintances might hesitate in their belief of such a tale; he good humoredly replied that the old man was poor and would ride here and show himself for \$10 if ocular proof of his veracity should be required.—Abbeville Whig.

MARRIED,

In this county, on Tuesday evening last, Mr. Lawrence Horne to Miss Elizabeth Mercer, daughter of Mr. John Mercer.

In Halifax county, a few days since, Mr. Ephraim Dicken, of this county, to Miss Charlotte Whitehead, of the former county.

Warrenton Academy.

THE Trustees of this Institution, and many of the citizens of the Town and vicinity, sensible of the importance of again placing it on the high eminence it maintained so many years; have by subscription and voluntary donation been enabled to raise a large salary, and the Committee appointed to procure a Teacher for the ensuing year, now inform the public, and all those who may be disposed to patronise this School, that they have engaged the services of Doctor THOMAS J. VAIDEN, as Principal. He has been educated mainly at the University of Virginia, is a Virginian by birth, and comes highly recommended, not only as a scholar himself, but as having a happy and peculiar talent of imparting instruction to his scholars, and of exercising a mild yet efficient government.

All the branches of Education taught in other popular institutions, will be taught here, and on the same terms. Board can readily be procured in respectable families, and on terms as moderate as elsewhere.

The first session will commence on the 1st Monday in January next.

CASH OR COTTON.

IN order that I may pay my creditors, as well as to receive pay from my debtors, I will now give fair notice, that all persons indebted to me either by note or account, will please to make settlement by the 1st of January next. Baled or seeded Cotton will be taken in payment at the cash prices until that time, after which nothing will be received but cash, and it must come as soon as a legal process will bring it. And I hope those who will not avail themselves of this notice, will not attach any blame to me for the consequences, as a hint to the wise is enough.
