TUESDAY, NOV. 3, 1908

Pumpkin pies are ripe.

WILL you have quail-on-toast?

Drown your troubles in locust

SomeBody didn't come to the aid of the party.

Now let the pent-up Republican prosperity pour forth.

WHAT'S a panic in a land flowing with 'possums, persimmons and potatoes!

THE United States has just passed through one election run on a money basis. When will we want another like it?

If BRYAN is really defeated, as the returns now indicate, he goes down the third time with his good name unassailed and larger in the eyes of this great nation than any citizen it has yet produced. It will be easy sailing with him, though the most cherished hope of his life is lost. He is to be envied by every writer or lecturer in America, or the world for that matter, today. He stands out sound and square on every moral question and you cannot drag him into oblivion:

Fire in Lanesboro Township

From Our Home of today we get the following news item: "The residence occupied by Mr. Will Ponds of Lanesboro township, Anson county, was destroyed by fire last night about 8 o'clock. It is supposed that the fire originated about the stoveflue. The house was the property of Mr. S. G. Phifer of Charlotte, and there was no insurance. The amount of the loss is not known.

Kilgo-Blakely.

The Ansonian TAFT IS PROBABLY ELECTED COUNTY CORRESPONDENCE accompanied by Mrs. Kimble, who

Majority Smaller Than Usual--Returns Far From Complete. STATE DEMOCRATIC MAJORITY 40,000

The County Vote Is 1,400, a Gain of 250. Democratic seller. When the cotton yard is Miss Della Ratliffe began her Representation in Legislature Reduced. 8th and 10th Congressional Districts May Be Republican.

As we go to press, at 2.30 Wednesday morning, returns from the election are far from complete, but indications are that Taft is elected by much smaller majority than Roosevelt. Hughes, Republican, is re-elected governor of New York.

The State has gone Democratic by a majority of about 40,000. but Democratic representation in the Legislature is reduced. Republican Congressmen may be elected from 8th and 10th districts. Page, and Hankins and Lockhart are elected. Stanly gives a good plan to erect a cotton platsmall Republican majority, about 50. Union and Richmond go Dem-

ocratic by about 500 each. Every precinct in the county goes Democratic with a gain of 250, while Republicans gain about 100.

Pe-ru-na as a November Remedy.

The month of November, in temperate regions especially, requires of the human body a very radical adjustment to climatic conditions. The hot weather has passed, and cold weather has taken its place. That the CIRCU-LATION OF BLOOD IN THE SKIN SHOULD BE FREE and active is a matter of common knowledge. And in order that the body may be protected against the lowering temperature a vigorous circulation of blood in the skin must be maintained.

It is not so generally known, however, that the inside of the body also needs protection. THE MUCOUS MEMBRANES OF THE BODY, that line every passage and cavity and duct, also suffer from the change from het to

A medicinal compound that gently tones up these mucous membranes. enabling them to ADJUST TO WINTER WEATHER, is not only valuable to a great multitude of people, but to another multitude is absolutely essential

Whether Peruna is a medicinal compound that meets these requirements can be judged by a hasty glance at some of its principal ingredients. Take, for instance, hydrastis canadensis, which is an ingredient of Peruna The United States Dispensatory says of this herbal remedy, that it is employed as a cure for DEPRAVED MUCOUS MEMBRANES, not only of the nose and head, but also of the stomach and intestines, as well as other internal organs.

Hydrastis canadensis, ordinarily known as golden seal, is thus very clearly

classed by the highest authorities as a valuable remedy wherever the mucous

membranes of the body are in need of a little medicinal help. Cedron is also one of the principal ingredients of Peruna. It is recognized by the United States Dispensatory and all leading works on materia medica, as a TONIC OF THE GREATEST VALUE. It is also an anti periodic and anti malarial remedy, and is therefore frequently used as a SUESTITUTE FOR QUININE. It is a remedy of great merit, somewhat overlooked by the medical profession of late, but its undoubted tonic qualities are sure to reinstate this remedy in its original high-class rank as a safe and efficient tonic and

Another ingredient of Peruna which is of manifest benefit is cubebs. Bartholow, in his excellent work on therapeutics, states that cubebs PRO-MOTES THE APPETITE, ASSISTS DIGESTION, and increases the circulation of the blood. He also goes on to recommend it for catarrh not only of the head and pharynx, but also of the stomach, as well as the other internal organs.

LAST. BUT NOT LEAST, IS COLLINSONIA CANADENSIS. This remedy, for many years has enjoyed a great reputation in southern states as a panacea for many diseases such as dropsy, indigestion, cramp, sick headache, and the like. Dr Scudder, a writer of great fame, also recommends this herbal remedy for chronic diseases of the lungs and heart.

These are some of the principal ingredients of Peruna compounded into a single remedy by skillful and experienced pharmacists. The compound has been so devised that each remedy retains its full therapeutic value, one assisting the other in their beneficial action upon the human system, MAKING OF PERUNA A VERY EFFICIENT AND VALUABLE REMEDY.

People who pass through the month of November safely and find themselves acclimated to winter weather, generally pass through the remainder of the cold season without any serious difficulty. But NOVEMBER IS A CRITI-CAL MONTH. The adjustment of a large multitude of people fails to meet the exigencies of approaching winter.

No safer or more appropriate remedy than Peruna could be found. Taken according to the directions on the bottle, not only would catarrhal ailments be warded off but catarrh already acquired be corrected. It is with the assurance of knowing that we are right that we present to the public Peruna as an IDEAL TONIC AND CATARRY REMEDY
