Russin has a policy independent at once of accidents, autocrats, shifting Government bodies, and of all personalities, weak or strong. With the accumulated force of past achievements, an unbroken tradition, and great military forces massed on a frontier which is no frontier, Russia among the other powers now masquerading in the Far East is as the iron vessel floating among time earthenware pots. Russian publicists, in order to strengthen the dominant position to which they aspire, have been proclaiming with increasing misstency that they are the only nation who can deal with the Chinese question because they are themselves an Assatic people. They justify this pretension by their primitive Asiatic military ethics, and it is an instructive spectacle to see their forces massacreing Tchinese populations wholesale while their diplomatists are ostentatiously shielding those in high places from the just consequences of their crimes. Georgia Sheriff Keeps Infurlated Citizens at Bay.

SAVES A NEGRO FROM LYNCHERS

Carrollton, Ga., Special.—The nerve of an obscure Georgis sheriff, whose name is Jos. Merriff, upheld the law of the State and saved the life of a negro from a mob. In protecting the negro, who was saved from the gallows, only a few hours before by the efforts of his lawyers, one life was lost and two men were wounded. The arrival of the State militia averted threatened trouble and at 9 o'clock a special train learing the negro whose crime was the murder of a little white boy, whom he found fishing alone, and his guard, was specding to whose crime was the murder of a little white boy, whom he found fishing alone, and his guard, was specding to wards Atlanta. The man killed ip attacking the jall was George Beauett, of Carrollton, and the wounded men are Thomas Smith, also of Carrollton, and an unknown man, presumably a farmer. Thomas S. word, father of the murdered boy who was in the front rank of the would-be lyncheza, was, strange to say, not hit. After Bennett feil, Mr. Word jumped ujon the window and exclaimed dramatically, 'Shoot me, Mr. Sheriff, I would as soon die now as any time.' Only nine shots were fired and the wills of the jail rhow the marks of the builets. None of the sheriff's poace was hit.

The reading of the proclamation ap-parently had a good effect, as many people were seen to meent their horses and leave the town.
