GOOD STREETS.

The streets of Williamston are an eye sore to every visitor that comes to this town.
 It goes very much against the grain to say this, but it is a fact: and as the old saying, "Your sins will find you out," so will the abominable streets of Williamston be found out by those who would like to come here and make their homes, and it will not be necessary for all the people in the State to come and see for themselves either—those that do come will herald the facts far and wide.
 If Williamston would grow and amount to anything more than an ordinary town, the streets must be fixed. Main street from the wharf to Haswell's stable can be fixed for \$2,000, and by the town spending this amount it will save the merchants as much every year.

The ENTERPRISE can't understand why the merchants haven't gotten together and demanded that the street be put in good shape. If a movement is made for this improvement, the improvement will be made. Will the merchants remain idle and continue to spend \$2,000 or more every year for something that can be avoided?

OUR TOBACCO MARKET.
 Williamston tobacco market will open on 6th of August. Our farmers can rest assured that their tobacco will be handled as nicely, and sold as well here as anywhere in the State.
 Williamston market is greatly favored in freight rates; we don't know of any market in Eastern Carolina that has as cheap freight rates as Williamston. The warehouses are so situated that there will be only about half the amount of drayage as at most other markets. These are advantages in the farmer's favor, for it stands to reason that where the buyers do not have to pay so much for hauling and freight, that they can give the farmer more money for his tobacco than he can get at the markets where these advantages do not exist.

Besides the advantage in freight and drayage, the market will start up with a steam plant, and Mr. Morgan, the proprietor will be well fixed to take care of all the tobacco that come his way.
 So far as we can learn, and we have made inquiries of some of the best posted tobacco men in the State, there has never been a market started in North Carolina as well equipped for business as the Williamston market. The warehouses and prize houses and steam plant, are all large, roomy buildings, well built, nicely ventilated and lighted; nicely painted, and in every

way make a finer showing for the beginning than any market ever started in the country.
 The people of Williamston have just cause to be proud of the market; the farmers of the county have just reason to expect as high prices here as at any other market—and they will get them.
 There will be a good corps of buyers here to fight over the "Martin county" weed. For the Martin county weed was the best raised in the United States last year, and it is said by experts that the crop this year is finer in every respect than it was last year. We predict a fine season and a successful market.

The suggestion that North Carolina place a statute of Vance in Statuary Hall in the capitol at Washington is a most appropriate one, and should be carried out. Though most of the older States of the Union have placed statues there in honor of their great men, North Carolina has neglected it, and we have there no representative whatever. We cannot better than begin with a statue of Vance, and follow it up with one of Macon.—Ashville Citizen.

NOTHING COMES BY WAITING.
 The saying "everything comes to him who waits," does not mean that the sitting down fellow is the one that gets all he wants.
 Waiting, in the above saying, does not mean idleness or dreaming, or wishing to take place.
 It means eagerness in going after and persistence in following up the something of value to the person seeking it.
 The present era is peculiarly a striving one, in the language of the times it is a "strenuous age," and only the persistent seeker can expect to gain anything, and then only by strong effort and work.

It is only necessary to look about to see what produces success and what gives failure.
 The person who reaches out after business, by advertising or personal effort, gets the trade and profits therefrom.
 The town or city which presents its commercial advancement and building up.
 Note the waiting merchant who does not advertise and seek out for trade through personal going forth after it.
 Note the town or city which makes no effort to gain the attention of the outside business world of progress.
 Distinct failure will be found in both, and very few notice or care that the first drops out of commercial circles, and the second is unknown in the investment world.
 There is failure in waiting, but in going forth to seize, to attain the object, there is every chance of success.—Newborn Journal.

The President seems to favor publicity of the trusts' affairs, as is intimated and briefly discussed in the following paragraph from our special correspondence at Washington:
 "What can be accomplished by more publicity can be judged by the example of the Steel Trust which has voluntarily made its affairs public and which unblushingly points to aggregate profits of \$64,000,000 during the past six months according to representative Babcock, chairman of the Republican Congressional Campaign Committee, the Steel Trust is now taking out of the pockets of the people of the United States from \$20,000,

000 to \$30,000,000 more than it is entitled to annually, and it does this by virtue of the monopoly secured to it by the tariff of 45 per cent. on its products; but it is announced, Mr. Roosevelt does not anticipate 'injuring the trusts by any reduction of the tariff' but will simply advocate legislation which will insure publicity of the affairs.—Commonwealth.

 Gentlemen:—We are pleased to announce to our tobacco growing friends that we have secured the services of Mr. C. A. W. Barham as auctioneer for our house. Capt. Barham is the veteran tobacco auctioneer of the State. He has sold more tobacco for the farmers, for bigger prices, than any man living. The Captain hopes to please you all, and says he will do his best to accomplish this end. Be sure to come to see us, and rest assured you shall always have the tip-top market prices for every pile.

OBITUARY.
 Whereas, In His supreme wisdom and wise, but mysterious dispensation, it has pleased Him who is the giver and taker of human lives to take from us to Himself, when life's duties were complete, the soul of our dearly beloved brother Dennis Simmons, through whose death this church suffers the loss of one of its best, most active, and truest members, yet in a ripened and consecrated old age. Wherefore, be it, by the Williamston Baptist church in conference assembled Sunday, May 18th.
 Resolved, That through the loss of him the church most keenly feels that one of our jewels of most precious and rare value has been lost to us forever; that the light of that beautifully exemplary Christian life which has shined a bright and guiding star to many in his church and community, has burned low and suddenly flickered out, making us unmeasured losers, while to him we realize that all is gain, and we commend his spirit to the God he tenderly loved. Yet it is sadly painful to us to give him up, and it is with profoundest regret that we see his accustomed place in our midst no longer filled by our venerable, beloved and faithful brother Simmons, and
 Resolved, That we desire to give expression, which shall be put in permanent form of record, to the feelings of very high esteem in which we held our brother, for the life spent in our midst, and of the sincere gratitude which fills our hearts for his gracious assistance in making our temple of worship the place of comfort and beauty which it now is, and for his many noble contributions to the substantial prosperity and progress of our Lord's church here. Be it also further
 Resolved, That we extend to his faithful and devoted wife, his relatives and sorrowing friends everywhere upon the occasion of their sad and bitter grief, our deepest and most heartfelt sympathy in this their great loss, commending them also for comfort to Him who is alone able to give comfort on such occasions of sorrow.
 That a copy of these resolutions be recorded on the church minute book, a copy be sent to his bereaved widow, to the ENTERPRISE and to the Biblical Recorder for publication.

The company has not been able to meet interest payments. Peter Wright, the president, has offered his resignation, but W. A. Wrenn who was elected decline to serve.
 An Ancient Gold Mine.
 A gold mine that was evidently worked by the natives a thousand years ago has been discovered in Erythraea, the Italian protectorate at the southwestern end of the Red Sea. There are seven long galleries and other workings and tools of various kinds. The Italian Government will resume the long suspended work.—Philad'a Record.
 The schooner Hermann sailed from San Francisco this week for the South Seas, ostensibly on a pleasure trip, but in reality it is said, in search of buried treasure, amounting to ten million dollars, reported to have been hidden on an island by the mutinous crew of a Japanese ship. Capt. James Brown, a retired mariner of the Atlantic coast, is in command of the Hermann, and is accompanied by four Rastern friends. The little schooner was fitted out at an expense of \$18,000.

STATE NEWS.

Items of Interest Clipped from Our Exchanges.

A special from Winston-Salem to the Raleigh Post July 21, says: Victoria Roberts, of this city, has employed counsel here and at Norfolk, Va., to institute suit in the United States Circuit Court against the Virginia-Pilot, of Norfolk. Mrs. Roberts considers that she has been slandered by an article which appeared in the paper concerning her name with that of Charles F. Osborne, accused of murdering two wives. Mrs. Roberts and Osborne's second wife were good friends during their residence in Winston. It is probable that a suit will also be instituted against a North Carolina paper which published the substance of the Norfolk paper's article in a telegram sent by a correspondent.

A telephone message to the Sentinel from Smith Grove says an unmarried man named Robert Smith made two attempts to commit a criminal assault upon the wife of Grogan Cash, one of Davie county's best citizens. Smith would no doubt have accomplished his purpose the last time had not Mrs. Cash's brother arrived and frightened him away. Mrs. Cash says she struck her assailant on the head with a rock, but this did not stop him. Mr. Cash and officers are looking for Smith, but up to this afternoon they had not been able to find him.

At Tillery, in Halifax county, just last week three negroes were killed and two others knocked insensible by a bolt of lightning. The same paper also contains an account of a similar fatality in another section where three white persons were killed and two severely stunned by the shock. Already many people have noted the usual number of fatalities resulting from lightning, and wondering the cause. This year will certainly be memorable in history for the frequency and calamitous nature of the mine explosions, and the extraordinarily large number of deaths caused by electric storms.—Reflector.

A WORTHY SUCCESSOR.
 "Something New Under The Sun."
 All Doctors have tried to cure CATARRH of the eye with powders, acid gases, inhalers and drugs in every form. Their powders dry up the necessary membranes causing them to crack open a bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to date that actually reaches the affected point. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for full month's treatment and everything necessary to its perfect use.
 "SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently, and it also wonderfully cures all rheumatism, HAY FEVER or COLD IN THE HEAD.
