

Worry
Almost Unnerved Me—Heart Pains.
Short of Breath, Faint and Languid.
Dr. Miles' Heart Cure and Nervine Cured Me.

It has been five years since I was cured of heart trouble by your Heart Cure and Nervine, and I am just as sound as a dollar in that regard today. For several years I had been suffering with my heart. Breathing had become short and difficult at times, sharp pains about the heart, sometimes accompanied with fainting would make me feel faint and languid. The least excitement or mental worry would almost unnerve me. I felt that the trouble was growing worse all the time, and after trying many remedies prescribed by physicians without obtaining relief, I was induced to give your remedies a trial. I was relieved the second day, and after taking three or four bottles all symptoms were removed and have never shown signs of returning. —Ray, Geo. W. KINCAID, Chicago, Ill.

There are many symptoms of heart disease, which so closely resemble those of more common nervous disorders as to frequently mislead the attending physician. Often in cases of heart trouble the stomach, kidneys, liver or lungs become affected. Again the symptoms may be those of weakened nerves, as tired feeling, sleeplessness, timidity, the patient is easily excited and apt to worry without cause. If you have the least suspicion that your heart is weak study your symptoms and begin the use of Dr. Miles' Heart Cure, the great heart and blood tonic, without a day's delay.

Do your CHILDREN ASK QUESTIONS?

Of course they do. It is their way of learning and it is your duty to answer. You may need a dictionary to aid you. It won't answer every question, but there are thousands to which it will give you true, clear and definite answers, not about words only, but about things, the sea, machinery, men, places, stories and the like. Then, too, the children can find their own answers. Some of our greatest men have scribbled their power to study of the dictionary.

Of course you want the best dictionary. The most critical prefer the New and Enlarged Edition of

WEBSTER'S INTERNATIONAL DICTIONARY.

If you have any questions about it write us.

Utah, Tobacco and Opium.

Utah has adopted amazingly drastic legislation with regard to tobacco and opium. A law has been passed providing for a fine of \$5 or five days' imprisonment for any one under eighteen years of age who even has in his or her possession a cigarette, a cigar or any other kind of tobacco or opium. It will be interesting to observe how rigorously so sweeping a measure will be enforced.

Crystal Hats For Plants.

An experienced flower grower who has her plants not only on the several window sills of her apartment, but scattered through the room on tables and stands, says she has found that a square of glass makes the most effective support for a flowerpot or jardiniere. If placed on the woodwork itself or on a centerpiece, the pot is sure to make a bad spot. The glass saves the polished wood or bit of embroidery, at the same time not concealing them.

get along without them,—that the time had long since passed when a boy should be satisfied with what his father did. What you need in Robersonville is ideas, and you need them in every phase of life, it matters not what. He closed his address with a beautiful ascending climax, in which he pleaded that North Carolina might be ready to furnish men at any crisis to any position in life, whether it be political, educational, agricultural, theological or what not. If the State or any community in the State or the world should need a great man in any of the vocations of life, let him come from North Carolina. This is the proposition, the solution of which is practical education.

His address was a master-piece and credit to the Judge himself. It was replete with thought and logic, tinged with wit and pathos, and delivered in the Judge's own inimitable style, which means that the so-called arts of rhetoric and flights of oratory were liberally indulged in.

FRIDAY NIGHT—HIGH SCHOOL EXERCISES.

The climax of the exercises came Friday evening in the presentation of the program of the High School proper and the Music Class. By sunset, the people began to assemble at the warehouse. Conservative estimates of the number present, vary from 1500 to 2000. With such an audience to inspire them, it is no wonder the pupils did well. The entertainment consisted of songs, music, (Duets and duos on pianos) recitations, dramas, (comedy and tragedy) drills and such like,—all of which were gracefully and artistically executed, much to the delight and enjoyment of all present.

With these exercises, the first annual commencement of The Robersonville High School became something of the past.

HAMILTON.

Miss Manning, of Bethel, is visiting Miss Sallie Davenport.

Watts Barnhill returned home Friday after an absence of two weeks.

Rev. W. E. Cox held services at the Episcopal Church Sunday morning and night.

Miss Inez Gray entertained last Wednesday night in honor of Miss Ernestine Gardner. Miss Gardner left for Scotland Neck Monday.

Carl Harrell returned from the A. & M. College last week. He won the prize offered by Scribner for the best essay on "Why a farmer should be a student."

Miss Mary Baker, after a very successful session with her music class, gave her pupils a party on last Thursday night. At an early hour a merry crowd of girls and boys assembled at the handsome home of Mr. Baker and, until midnight, the sounds of music and merry laughter could be heard. At ten o'clock a sumptuous supper was served them. Miss Lucy Whitehurst, of Conoho, won the prize for making the greatest progress. In the peanut game, the prize was won by Miss Selma Staud, and the booby by Miss May Baker. Miss Baker is a fine musician, and on Thursday night fully sustained the reputation she has as a pianist of superior merit. She possesses rare musical intelligence, and people are fortunate who can put their children under her charge.

GRIFFINS.

Last Sunday we had gentle but healthful rain.

The Irish potato crop is very small but the potatoes are fine.

W. H. Daniel attended the Skewer Union Meeting at Deep Creek Halifax County.

Giles Hawkins is at his old home having just returned from the Soldier's Home at Raleigh.

About twenty-five or thirty of our young people enjoyed themselves at George W. Griffin's last Sunday.

Some one entered the store of Kader Lilly last Thursday night and carried away about forty dollars in money. They knocked a paneled out of the door. They carried off the money drawer and the store key. Mr. Killey made every effort to obtain blood hounds but could not get them, the keeper at the county home would not go unless the Sheriff went with him. The Sheriff could not go on the account of the sickness of his wife. There have been a great many hard words about such treatment we think the keeper of the dogs should be empowered to go out on such occasions. If we have them to feed we ought to have the use of them.

CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectation and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular price 75 cents. At all druggists. S. R. BIGGS.

Rheumacide

In a new and scientific compound made from youth, health and health-giving medicine, Rheumacide purifies the blood and removes the causes of Rheumatism and all blood diseases. Anyone can take RHEUMACIDE with absolute safety. Does not injure the digestive organs.

TWO CURES.

FLORENCE, S. C., Aug. 16, 1903. Gentlemen:—I began to suffer from Rheumatism about three years ago, and had it very bad in my limbs. At times I could hardly walk. Was treated by a physician without benefit. More than a year ago, Mr. George Wilson, an engineer on the Coast Line, living in Florence, told me that "RHEUMACIDE" cured him. I got a bottle and it benefited me. I took five bottles and am now as well as I ever was in my life. I regard "RHEUMACIDE" as the best medicine. I know of others it has cured.

Truly,
S. F. BURCH.

BALTIMORE, S. C., Aug. 16, 1903. Gentlemen:—About two years ago I had a very severe attack of Rheumatism. I suffered great pain and was confined to my bed for five weeks. During this time I was treated by two Physicians without permanent relief. Capt. George Wilson, a commanding officer on the Atlantic Coast Line based at my residence, and sent me two bottles of "RHEUMACIDE." I began to take it and in a week I got up and walked on crutches. After taking three bottles of the remedy I got entirely well and went back to my business. I personally know of a number of other bad cases that were cured by the use of your medicine. In fact there are many more. It is all that you claim for it. Truly, J. L. SISKIION.

Sold by Druggists. Will be sent express paid on receipt of \$1.00.
