And now it is announced that Rockefeller will not make the University of Chicago that million-dollar Christmas present. Never mind, he will raise the price of oil just the same.

A Texas jury has just sentenced a negro to 1000 years eminent military scientist, Generals fore he lets go of the Warwick in of attempted criminal assault. By good behavior he may be able to reduce his sentence to 999 years.

Never mind whether an investigation of the postal fraudwill i jure any political party or not. The people are greater than any party, and the people demand that the rascals be thrown out and punished.

When a European princess shouts an actress because her soouse is too attentive, she is considered eccentric. When a poor woman does the same she is considered a murderer. It now all really depends upon who does the shooing.

The late curtailment of industry has already caused the laying off of housa ds of hands in the New Eigland textile industries, and upwards of 80,-000 in the mineral industries of the country, besides 20,000 railway hands and thousands more in other pursuits. It is poor consolution to these cischarged men to learn that the

The recent visit of Senator Han na to the White House at the invitation of the President, and the two hours' conference between the two, has caused much comment here concerning the relations existing between the two, and the pos sibility of a break in the former apparently cordial feeling. I am will be no break in those relations on account of the opposition of Hanna to the confirmation of Gen. Leonard Wood or for any other reason now apparent. The President is now in the mood to stand anything from Hanna if it is not openly humiliating. Mr. Reosevelt just now is engaged in the delect able occupation of eating humbl
