—[We are very sorry to leave out some news items that were sent us this week, but we cannot publish them unless the writers name is signed to them. We want all the news that we can get but we must know who sends it. —Ed.]

LETTER TO K B CRAWFORD

Williamston, N. C.

Dear Sir: Your business is, when a house burns down, to give the owner some money to build a new one. It is a good business. Queer that the world got on so long without it.

We paint the one that burnt down and the new one too. What is better, we paint the houses that don't burn down.

You insure the houses that burn; we insure the houses that don't. You have the ashes and smoke; all the houses are ours.

We paint lead-and-zinc; Devove. We sell the paint to painters; we don't paint.

Lead-and-oil is the old fashion paint. Devove is zinc ground in with lead and linseed oil; the best paint in the world; and the cheapest, because it takes fewer gallons than mixed paints and it wears twice as long as lead-and-oil. Nobody wants poor paint, there's lots of it, though, in the world.

A M Griffin, Plainfield, N. J., writes:

"Mr Aaron Higgins, of Plainfield, always used 15 gallons of mixed paint for his house. Last Spring he bought 15 gallons of Devove and had 4 gallons left."

Yours truly,

F. W. Devon & Co.

New York.

P. S.: Simpson Hdw. Co. sell our paint.

—The river is on a rise.

—Court is three weeks off Monday.

—County Commissioners met Monday.

—There is some talk of starting a dispensary movement here.

—The passenger and freight trains are running a race to see which can be the latest.

—A youth attired in a suit of "Grindstone" clothing is prepared to scale walls, trees and fences and never receive a scar. J. L. Hassell & Co.

—The Saturday Night Club holds its meeting regularly. The attendance is very good. Carriages are used occasionally to take some of the members home.

—Information was received here yesterday that Parmele had been visited by a fire early in the morning, and the result was the loss of about half-a-dozen buildings.

Another Snow

Our town is again wrapped in snow. It looks like there will be more of it before night.

It commenced snowing again at 10 o'clock this morning.

As we go to press it is sleeting.

Social Evening

A party was given last night by the young men of this town at the hospitable home of Mr. and Mrs. W. M. York, complimentary

Those present were: Miss Lillian Taylor, of Gold Point; Miss Mary Sue Whitmore, of Chatham, Va.; Misses Annabelle Everett; Mary Bonner Hutton; Annie Peel; Mattie Waters; Nellie York; Mae Bennett; Essie Peel; Nolie York, and Messrs. B. F. Godwin, Jr.; G. N. Gurganus; Louis Bennett; Jas. Robertson; Grover Hardison; Rufus Coburn; Herbert Peel; Walter York and Wilmer Sitterson.

FOR RENT—A two story dwelling, (in town of Williamston) 6 rooms and kitchen, 3 acres of land attached. For particulars apply to

DR. W. H. HARRELL.

Church Notes

The finest city and village churches are painted with the Longman & Martinez Paints, and we want every Church to accept our donation whenever they paint.

3 & 6 make 14, therefore when you want fourteen gallons of paint buy only eight of L. M. and mix six gallons of pure Linseed Oil with it, making actual cost of paint about \$1.20 per gallon.

Don't pay \$1.50 a gallon for Linseed Oil (worth 60 cents) which you do when you buy other paints in a can with a paint label on it. Many houses are well painted with four gallons of L. M. and three gallons of Linseed Oil mixed therewith.

Wears and covers like gold. These Celebrated Paints are sold by S. R. Biggs.

Entertained a Few Friends

Mr. and Mrs. Joseph M. Sitterson entertained a few friends February 16th in a most pleasing manner. Fling was the favorite game, after which elegant refreshments were served in the dining room, in the true old Southern style. All enjoyed Mr. and Mrs. Sitterson's hospitality greatly.

Those present were: Mrs. W. R. Fowden, Mr. and Mrs. W. J. Hodges, Mesdames C. W. Keith, J. L. Ryell, John Tucker and Pope and Mr. Wilmer Sitterson.

Climatic Cures

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c.; regular size, 75c. S. R. Biggs.
