Robbery at Jamesville

A man by the name of Watson entered the room of Mr. Tone Gray, at Jamesville Wednesday night about 12 o’clock and took his pants that contained over \$200.00. Mr. Gray was in the room asleep at the time.

The thief was seen by a colored man just after midnight to throw something over a fence, and when asked what it was he had thrown away, said that it was a tobacco sack.

Yesterday morning Watson went in Mr. Gray’s place and bought a drink. Mr. Gray was telling some person about his misfortune at the time, but this was before any clew was found as to who had committed the theft. Watson left Jamesville and was afterward suspected, tracked to Dardens and arrested there about ten o’clock. He was brought to Williamston and placed in jail to await trial in the approaching court.

Letter to N S Peel

Williamston, N. C.

Dear Sir: Pay more for Devoe; be glad to. It is full-measure and honest.

Paint is a watch-dog. How would you like a watch-dog that wouldn’t watch from two to five o’clock in the morning? That’s short-measure.

How would you like a watch-dog that had a way of wagging his tail at a burglar? That’s false paint. The burglar is rain and snow.

Go by the name: Devoe lead-and-zinc.

Yours truly,
F. W. Devoe & Co.
New York.

P. S.: Simpson Hdw. Co. sell our paint.

Death of T. H. Bailey

(Special from Everetts)

Mr. T. H. Bailey, one of North Carolina’s most highly esteemed and beloved citizen’s, departed this life the 5th inst., at 5:30 o’clock, a. m., at his home in Greensboro.

He was a citizen of Everetts and had only been living in his new home a little over twelve months, having sold a portion of his possessions December 3, 1902 and removed to Greensboro.

Mr. Bailey was a sufferer of that dreadful disease, pneumonia, of which he had three attacks and expired at last in a relapse, without a struggle.

His remains were brought from Greensboro Sunday night accompanied by his two sons, his brother and Mr. L. B. Wynn of this place. Mrs. Bailey being prostrated with grief was unable to come.

We deeply sympathize with the bereaved ones. His mother, brother, sister, wife and five children survive him. May their loss be his eternal gain.

His remains were laid to rest Tuesday afternoon in the family burying plot by the Masonic fraternity of which he was a loyal member. The Stonewall Lodge, of which he was a member, was assisted by a large number of the members of Skewarkee Lodge from Williamston.

“The Lord giveth and the Lord taketh away; blessed be the name of the Lord.”

Best Remedy for Constipation

“The finest remedy for constipation I ever used is Chamberlain’s Stomach and Liver Tablets,” says Mr. Eli Butler, of Frankville, N. Y. “They act gently and without any unpleasant effect, and leave the bowels in a perfectly natural condition.” Sold by S. R. Biggs.

Daughters of the King

The Daughters of the King meet every Wednesday afternoon during Lent. The members are making fancy articles for sale for the purpose of raising money to finish paying for the organ in the Church of the Advent, and to build a platform for the choir. Anyone desiring to purchase such articles as collars, laundry bags, handkerchief bags, handkerchiefs and other fancy work will do well to see them. Orders for any kind of fancy articles solicited.

New Bridges.

Ward’s Bridge across Welsh Creek has been replaced by a handsome and substantial iron bridge, the work of the Carolina Bridge Co. of Burlington. The bridge cost about \$500.00.

This same company has a crew of men here now waiting for the arrival of another bridge which has been carried to Plymouth. This bridge will be put across Conoho Creek at Whitley’s bridge. The cost will be about \$800.00.

This makes five iron bridges that Martin County now has. It is the intention, we understand, that the Commissioners will put iron bridges over all streams as the old ones wear out, if conditions justify it.

Good Spirits

Good spirits don’t all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can’t have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green’s August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of “good spirits.” Trial size, 25c.; regular bottles, 75c. S. R. Biggs.
