Stedman and Turner in the Ring for the Nomination

LIVE ITEMS OF INTEREST

March 22, 1904. The ignominious retreat of Mr. Receiver "Bunch" McBee, who strutted up the hill with such a lightning quickstep as to electrify the whole State, was the most nauseating exhibition of cowardice witnessed in many years hereabouts.

Well, the old crowd is back again "managing" the State's railroad, and this week an investigation and examination is being prosecuted under the Governor's orders and direction, to ascertain the exact condition of the property, physically and financially.

The members of the Democratic State Committee, which met here last Thursday night and called the State convention to meet on June 23, at Greensboro, did not contribute anything to the Hearst "movement" which is trying to get a move on it in North Carolina.

For Governor, the Stedman men were in the majority, and Lieutenant Governor Turner came next. Solicitor Brooks, the manager of the Stedman campaign, said: "We are certainly going to win."

The story has leaked out that when Mr. Hearst's visiting manager approached Governor Aycock, the other day, the Governor remarked to him that if Hearst should be nominated he would vote for him, but that he "would feel humiliated in doing so," whereupon the agent adjourned himself to a more congenial clime.

The State convention will probably be in session two days this year, on account of the change made by the State Committee in the order of business. A resolution, offered by Hon. Josephus Daniels, was adopted which requires the election of delegates to the National Convention and the adoption of the platform before the nomination of candidates for the State offices is taken up.

All the indications point to the pulling off, at Wilkesboro, on Thursday of next week, of the hottest political scrap in many years in this State. The Republicans of the 8th district meet on that date to nominate a candidate for Congress. "Zig Zag" Linney and "Drummer Boy" Blackburn (who

really lives at Greensboro, in the 5th district) have been fighting and abusing each other so badly that it is possible both will be laid aside, in which event it is said that "Gus" Price of Salisbury may be nominated. The Democrats of that district appear to be greatly divided also, one county alone (Caldwell) furnishing two candidates, Newland and Bower.

The official head of Asst. U. S. District Attorney Oscar J. Spears has at last fallen under the axe, after more than a year's delay and today there is a vacancy in that office here. Friction between Judge Purnell and Mr. Spears was the primary cause of his losing the job, but there were other reasons that contributed to that result, it is said.

There has been no cotton sold on this market since last Thursday, the day on which Sully, the chief "bull" operator, failed. The local buyers here have since then been offering only 12 1/2 to 13 cents, and the farmers who brought cotton here either took it back home or stored it in the warehouses here to wait for higher prices.

The lawyers defending the negro Daniels, whose conviction of the murder of Senator Simmons' father has been affirmed by the State Supreme Court, are now trying to take the case up to the Supreme Court of the United States, on the ground that discrimination was made against some of the veniremen drawn because of their color. But it is doubtful whether they will succeed in doing so.

Proper Treatment of Pneumonia

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off.
