Letter to Blount Bros Williamston, N. C.

Dear Sirs: These are the five ways of badness in Paint:

(1) stuffed-out with chalk, or something like that;

(2) barytes, better than chalk, but no covering to it; nobody know it's there;

(3) benzine in the oil, or water, or other such stuffing;

(4) too thin—too much liquid, whatever it is, for the solid;

(5) short measure;

Now will you buy by the price per "gallon"?

We furnish our agents with a state chemist's certificate of analysis that tells what's in 'em.

Yours truly, F. W. Devor & Co.

DEATH OF MRS. H. S. PEEL.

The most sudden death of Mrs. N. S. Peel on Monday evening April 11th at fifteen minutes to five o'clock, after a short illness of ten days with pneumonia, was quite a severe shock to her family, the whole town and community. She was fifty two years old.

She was married to Mr. Marion Burroughs September 12th, 1881 and they spent a very happy conjugal life, which was sadly interrupted by the death of Mr. Burroughs on November, 11th 1899.

She was about two years a widow. Married Mr. N. S. Peel on the 12th of June 1901, and they lived happily together until last Monday, when God in his infinite love and wisdom took from earth to Heaven this much beloved woman—no woman in her community was more universally beloved than she.

She had a good woman with a big heart and she readily won the love and esteem of all whose pleasure it was to know her.

Mrs. Peel had always taken a great interest in the church and the work for the Master. For a number of years she had been one of the chief pillars of support in the M. E. Church. She had recently made a profession to the pastor of this church and expressed a desire to make a public profession as soon as possible, but was prevented from doing this by the Divine Hand which called her to rest before the opportunity presented itself.

At two thirty o'clock Wednesday afternoon a large and much beloved procession followed her remains from the Peel residence to the M. E. Church, where funeral services were conducted by the pastor Mr. Sutton, assisted by the Rev. Mr. Carroll. The services were very beautiful and impressed one with the fact that even death when accompanied with so much goodness, loveliness and sweetness is rather to be desired than dreaded.

After the funeral services were over the procession quietly and sadly followed her remains to the cemetery where she was tenderly laid to rest by loving hands.

The floral contributions were elaborate and magnificent. The many beautiful bouquets were decorously and artistically arranged on the grave so as to make a shining semblance of beauty and brightness.

The walls of the grave are of cemented brick, with the top left open preparatory to the placing of a marble slab over it.

The pall bearers were Messrs. W. H. Crawford, B. P. Godwin, Sr., J. W. Anderson, W. M. York, A. S. Terry and C. D. Carstarphen.

MRS. A. D. MIZELL DEAD.

As we go to press we learn of the sad death of Mrs. A. D. Mizell of Griffins township which occurred yesterday at 7:00 p. m. Death was due to a complication of diseases.

Mrs. Mizell was about forty eight years old. She was the mother of A. D. Mizell, Jr., clerk in the Register of Deeds office.

The funeral will take place this afternoon at three o'clock at the family burying ground.

The sympathy of THE ENTERPRISE is extended to the bereaved family.

Good Spirits

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c.; regular bottles, 75c. S. R. Biggs.

—Mr. W. T. Cullifer is repairing his residence in New Town by putting on new blinds; and building a more commodious porch on the back of the house.
