PARMELE

(Too late for last issue)

Miss Nora Smith, of Ayden, is visiting her sister, Mrs. R. M. Prince.

Miss Hattie Green, of Rogersville, Tenn., passed through here Tuesday.

Mr. Powell, of Ballards, spent the day at Mr. H. C. VanNortwick's Sunday.

Mrs. Matthews, Miss VanNortwick and little Stanley went to Plymouth Monday.

Rev. Mr. McDowal, of Washington, preached at the Presbyterian church Monday night.

One house and lot in the town of Robersonville for sale by W. A. Bright, Parmele, N. C.

The Children's Day in the Methodist church was very nice and much enjoyed by all who attended.

Miss Alice James and brother, Lamb, were the guests of Mr. and Mrs. H. C. NanNortwick Sunday.

Rev. Mr. Rumley, of Robersonville, filled his regular appointment at the Presbyterian church Sunday evening.

Mr. N. O. VanNortwick, of Ballards, came home Sunday morning to spend a few days with his parents.

Mr. and Mrs. Harvey Bright and little Frankie, of Greenville, were the guests of Mr. and Mrs. W. A. Bright Sunday.

Miss Hudson left for her home Tuesday. She has made many friends in Parmele, and her presence among us will be greatly missed.

Miss Maudie Matthews, Miss L. A. VanNortwick and little Stanley of Rocky Mount, came down Saturday night to spend a few days with Mr. and Mrs. H. C. VanNortwick.

No Pity Shown

"For years fate was after me continuously" writes F. A. Guldedge, Verbena, Ala. "I had a terrible case of Piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me. Equally good for Burns and aches and pains. Only 25c at Biggs."

HOBGOOD.

(Too late for last issue)

June 29, 1904.

Rev. G. L. Merrell preached in Edgecombe last Sunday.

We had a nice rain last Monday, and crops are whooping.

Rev. D. B. Parker preached at Williams' Chapel last Sunday.

Mrs. W. G. Hedgepeth and Mrs. Mollie Belle went to Scotland Neck last Thursday.

Dr. J. A. White, of Plymouth, is spending a few days here visiting his mother.

Mrs. T. H. Edmondson returned yesterday from Roanoke Rapids where she has been visiting relatives.

All the crops in this section are looking fine. They are well worked up and are well advanced for the season.

Miss Mattie Murchison, of Gull, who has been spending quite a while with her aunt, Mrs. G. L. Merrell, returned home last Thursday.

Miss Della Murchison, of Fayetteville, left for her home last Wednesday after spending several days with her aunt, Mrs. G. L. Merrell.

Mrs. E. M. Gordy, who has been sick, is much improved and is regaining lost strength rapidly. She is receiving calls and paying visits right along.

Miss Bazemore and Mrs. Bridges and children, of Lewiston, and Mrs. Peel, of Palmyra, are spending a few days with their sister, Mrs. D. B. Parker, of our town.

There was an ice cream supper given by our genial, clever and highly entertaining townsman, Mr. P. A. Ruffin, last Tuesday night, complimentary to the visiting young ladies. Ice cream, cake and other dainty refreshments were served, and was freely and heartily enjoyed by a large crowd. Owing to the rain they had to be served in the dining room instead of on the lawn, as first intended. The young couples entered in the following order: W. H. Gatlin with Miss Mollie Worsley, W. D. Hyman with Miss Effie Worsley, Robert Baker with Miss Sallie Hyman, E. C. Ruffin with Miss

Mollie Lewis, M. P. Whichard with Miss Mattie Murchison, S. W. Hyman with Miss Mary Hobbs, Duncan Murchison with Miss Allen Hyman, Mr. Coleman with Miss Della Murchison, Thomas White with Miss Fannie Staton, F. A. Ruffin with Miss Alma Murchison.

Night was Her Terror

"I would cough nearly all night long," writes Mrs. Chas. Applegate of Alexandria, "and could hardly get any sleep. I had consumption so bad that I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 38 pounds!"

It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Trial bottles free at Biggs' drug store.

JAMESVILLE.

July 5th, 1904.

W. W. Walters went to Williams-ton Tuesday.

Mr. F. A. Boyle went to Williams-ton Tuesday.

Preaching at the Methodist church Sunday by Rev. Mr. Humble, of Robersonville.

It is rumored that we are to have a barroom to be run by Mr. J. T. Casper, of Hamilton.

Let everybody take a trip to Norfolk on the 13th and 14th. Round trip tickets for \$2. For only two dollars you will see the sights and have a good time.

GOD CALLS HER TO SLEEP

The soul of Miss Della I. Jackson left this world of despair and darkness, taking its flight to regions of joy in heaven, on the morning of July 1st, 1904, at quarter to a shock to the town and community. She was one who knew the art of friendship making, and every one who knew her loved and admired her excellent qualities. Miss Jackson was 21 years old.

She was a beloved member of the Christian church, of this place, and was very active in her religious life. She died with typhoid fever. Death comes to all; no age is exempt, the roads on which the great pass and the simple path of the lowly, however different in their course, to the same one it comes equally to all, and brings all to an equal. Miss Jackson leaves a father, mother and several brothers and one sister to mourn the loss of a dear one. The bereaved family has the sympathy of the town and community.

Sleep, sleep thou peaceful sleeper that know no wakening,
Thy soul be at rest with the angels in heaven,
Where sorrow is known no more, and the thief is kept from the door;
Where thou wilt be at rest with angels of joy.
So sleep, sleep, thou peaceful sleeper.

—The Stock Subscription Book of The Enterprise Printing Company is now open for the sale of Stock. Shares \$50 each. If interested call and investigate.

Entertained His Friends.

Kittrell, N. C., June 30th, 1904
Master John Boddie Crudup entertained a number of his little friends Wednesday afternoon at his beautiful country home, in honor of his little cousin, Miss Susie Pippin Purvis, of Hamilton, N. C.

Much amusement was afforded by pinning the tail on a donkey. Miss Rosa Hunt received the prize for pinning it nearest the proper place.

Delightful refreshments were served in the spacious dining room. Among those present were:

Misses Susie Pippin Purvis, Cora and Rosa Hunt, Margaret Capehart, Kate Blackwell, Margaret Loetina and Nannie Bedford Williams, Annie May Barnes, Josephine Reid and Masters Ashburn and Jack Capehart, Lee and Thomas Hunt, Tucker Reid, Harcourt Blackwell, Guy and Charles Barnes and Tom Skinner Kittrell.

ANNOUNCEMENT.

We will have an Educational Rally at Hamilton Saturday, 16th inst. Gov. Aycock and State Supt. J. Y. Joyner have been invited to deliver addresses. County Superintendent will have charge of rally in my absence.

Everybody invited to come. Let the farmers, merchants, and friends of education, take a day off and attend this rally. Special invitation to the ladies. Parents are requested to come and bring their sons and daughters. Make it a day of recreation, pleasure and social enjoyment.

The wealth of this country is not in banks, factories, railroads, houses and land. The wealth of the U. S. is in its people. The best way there fore to increase the value of our lands and houses, is to increase the capacity of the people; and the way to increase a man's capacity is to educate him. If by education the earning power of a man can be from \$4 a day to \$23 and \$5, the amount of money expended in education that can be made of it.

An uneducated child has no chance out of 150,000 of attaining distinction as a factor in the progress of the age.

A common school education will increase his chances nearly four. A high school training will increase the chances of the common school boy twenty-three times, giving him "eighty-seven" times the uneducated.

OPPORTUNITIES FOR ALL.

No Section of the United States provides the wonderful opportunities for success to the capitalist, professional man, farmer, miner, laborer, or trades, that exists in the Great Southwest.

Missouri, Arkansas, Kansas, Oklahoma, Indian Territory, Texas, New Mexico and Arizona, await men with money, brain and muscle. Science has declared the climatic conditions of this section the grandest in the world.

Special round trip tickets, to permit you to investigate, and full information furnished upon application to W. T. SAUNDERS, D. P. A., Frisco System, 1108 East Main Street, Richmond, Va.

VALUE OF SALT.

How It May Be Used to Relieve Various Ills.

Salt cleanses the palate and furred tongue, and a gargle of salt and water is often efficacious, says Table Talk. A pinch of salt on the tongue, followed ten minutes afterward by a drink of cold water, often cures a sick headache. Salt hardens gums, makes teeth white and sweetens the breath.

Cut flowers may be kept fresh by adding salt to the water. Weak ankles should be rubbed with solution of salt water and alcohol. Rose colds, hay fever and kindred affections may be much relieved by using fine dry salt like snuff. Dyspepsia, heartburn and indigestion are relieved by a cup of hot water in which a small spoonful of salt has been dissolved.

Salt and water will sometimes relieve an unconscious person when hurt if brandy or other remedies are not at hand. Hemorrhages from tooth pulling are stopped by filling the mouth with salt and water. Weak and tired eyes are refreshed by bathing with warm water and salt.

Public speakers and many noted singers use a wash of salt and water before and after using the voice, as it strengthens the organs of the throat. Salt rubbed into the scalp or occasionally added to the water in washing prevents the hair falling out. Feathers uncured by damp weather are quickly dried by shaking over a fire in which salt has been thrown.

Salt always should be eaten with nuts, and a dessert fruit salt should be specially made.

How to Launder Linens.

In laundering battenberg and fancy lace it is better not to iron them. Instead, pin a white flannel cloth to the ironing board and over this put a clean white piece of cheesecloth. Pin the lace down carefully at all the scallops and points and stand the board near a radiator or register where the heat will dry it quickly. The results are far more satisfactory than using an iron, and the lace will last twice as long.

How to Wash Summer Goods.

The old fashioned way to wash colored materials is the best. First prepare a tub of cold water with a tablespoonful of borax. Leave the colored goods in this for an hour, then dip them into a tub of warm borax water, a tablespoonful of borax to a gallon of water, and make the sudsy by shaking without soap. Then wash in cold water and last, if desired, put through pale bluing water, but for goods having a cream ground bluing is not using any more. This simple method of laundering colored fabrics is invariably successful, leaving the most delicate tints untouched. And while it makes every white part exquisitely clean and fresh it keeps the color from running or streaking. All colored goods should drip dry out of the sun if possible.

How to Clean an Invalid's Room.

Do not try to sweep an invalid's room, but bring a clean cloth out of cold water to which a few drops of ammonia have been added and carefully wipe the carpet, matting or floor, turning and rinsing the cloth and changing the water as it gets dirty.

How to Can Small Fruits.

If you want your small fruit, such as berries, to taste like fresh fruit, try this way of doing them up: Wash your cans thoroughly, fit the rubbers on, then fill as full with the cleaned fruit as possible without crushing. When the cans are full place sugar in a saucepan, allowing two teaspoonfuls of granulated sugar and one pint of water to each quart can. Stir until sugar dissolves, then boil until it drops like honey from the spoon. Wipe the cans in a cloth wrung from hot water, then pour in the hot sirup, filling to overflowing. Screw on the tops, set upside down and leave until the next day. Then see that the covers are tight and set in a cool, dark place.

How to Serve Sardines.

In serving sardines many people drain and wipe the fish, and after placing on the serving platter, pour a teaspoonful of pure olive oil over each. This is supposed to render them more delicate in flavor.

How to Prevent Weeds.

Cover your flower bed over with salt from one inch to two inches deep. Dampen the salt occasionally and leave it on the ground for a week or ten days. This will be sufficient time to kill not only the weeds, but also all seeds that may be in the soil or on the surface. Before planting dampen the ground thoroughly and let it alone overnight. Scrape off all the salt on the surface in the morning and let it remain until dry enough to work. Then plant your seeds and you need have no fear of being bothered with weeds.

How to Make Tea Frothy.

Upon six teaspoonfuls of mixed tea pour two quarts of freshly boiling water, stand for ten minutes, strain off and sweeten to taste. When cold, freeze.

How to Disinfect Sinks.

Copperas is an excellent disinfectant for sinks, sewers and any drains. It should be dissolved in hot water in the proportion of a pound and a half to the gallon. Five cents' worth is enough to disinfect a small kitchen sink or any similar drain. After using the copperas follow it with clear boiling water, rinsing thoroughly. It corrodes any metal with which it comes in contact if this is not done.

How to Remove Stubborn Screws.

A stubborn screw can generally be removed without difficulty if the screwdriver is heated before it is applied.

Sitting Action to Word.

Mr. Statlate—So your sister keeps you well supplied with pocket money? Tommy—Yes.
Mr. Statlate—I presume you have to do something in return?
Tommy (yawning)—Oh, yes. I have to come in and yawn when visitors are staying too late.

Making a Date.

Student—Bring your bill in a month.
Student—And then—
Student—Then I will give you another appointment.—Fleugende Blatter.

Her Fear.

Caddy—Why don't you hit it as hard as you can?
The Girl—I'm afraid it would tire us to walk as far as the ball would go.—New York Evening Journal.

Had Not Changed.

"Oh, uncle! You said that if I would wait here until you came back you wouldn't be long."
"Well, what about it?"
"But you are just as long as you were before."

Too Late.

"What's the matter, my baby?"
"Boo-hoo! I thought it was maw was told me not to go in swimming, an' I've just remembered it was paw!"
—Chicago American.

A Wake of Woo.

Mrs. Mouse—Oh, dear! What shall I do? Some tramps ate our roof last night, and Mrs. Jones doesn't bake again until tomorrow!—New York Evening Journal.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, headache, stomach trouble, sluggish liver, irregular heart action, etc. If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Durban's Testimony After Four Years.

G. B. Durban of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Two Sizes, 50 Cents and \$1.00.
