HON. Wm. M. BOND

SPARK'S SHOW

Crowded Tent at Both Day and Night Performance.

Tuesday was a holiday for the entire county it seemed. One not thoroughly posted as to the population of Martin county would have thought that every man, woman and child in the county had turned out to see the circus.

From early morn till noon people from every section were pouring into town. Those that did not go direct to the circus ground remained to take a ride on the merry go-round. It is estimated that fully 5000 people were here on circus day.

Mr Burt Young, Girard Pa, always used a gallon for certain rooms took half as much Devoe.

Master Haywood Knight gave a Halloween party at his home on Main street Monday night. Halloween games were played and the girls and boys bobbed for prize apples. Harry Stubbs, Lettie Critcher, Wig Watts and Wheeler Martin received the prizes. Refreshments were served at 12 o'clock.

THE GOOD OLD WAY

A severe cold or attack of la grippe is like fire, the sooner you combat it the better your chances are to overpower it. But few mothers in this age are willing to do the necessary work required to give a good old-fashioned reliable treatment such as would be administered by their grandmothers, backed by Boschee's German Syrup which was always liberally used in connection with the home treatment of colds and is still in grater household favor than any known remedy.

Our Paragraph Column

By Our Specialist.

Both campaign managers profess to be good friends to labor. Why not join the union?

Mr. Roosevelt has just had his forty-sixth birthday and expects a "present" next November.

Republicans seem to be more displeased with Judge Parker's speeches than they were with his silence.

Those who are looking for humorous literature might save up the campaign prophecies and read them after the election.

Political menu: Breakfast—Lodge on Roosevelt; Dinner—Cleveland and Olney on Parker; Supper—Tom Watson on both.

Bourke Cochran says Democracy is a faith and Republicanism is an appetite. We can't see why a man should be blamed for having both.

Several of the big corn producing states are clamoring for corn shuckers. It would be a good idea for some of our spellbinders to take the job.

Baltimore proposes to build the largest sugar plant in the country. She probably expects to furnish the Washington "pie" with saccharine matter.

A western farmer has shipped a fine cow in a Pullman parlor car. This is a little novel though we have heard of "hogs" travelling in parlor cars.

Hon. Tom Watson says he doesn't care where the votes come from so long as he gets them. Tom is the most "onparticularist pusson we ever heered of."

The Japs have called our attention to the fact that while they may accidentally violate a rule of warfare they have never yet attacked a fishing crew.

Field Marshall Oyama and Kuropatkin both claim to be short of ammunition; on this side of the water Fields Marshall Taggart and Cortelyou are secretly making this complaint.

General Miles fixes the cost of the Philippines at \$300,000,000. Judge Parker multiplies that by two; the late Senator Hoar multiplied it by three—Secretary Taft divides it by two.

It has been our "dream" for many years to see a campaign free from mud-slinging, but Maryland has spoiled it. In one district twenty-five per cent of her candidates are named Mudd.

The Russian Baltic Fleet ran into some English fishermen off the coast of England at 11 a. m. and sank two of the fishermen's ships and killed two men. What would happen if two Russian fleets were to meet each other in the night?

A member of the British Embassy has been arrested for running his automobile too fast and was very indignant therefor. He is about as slow as the rest of the English—the "smart set" over here considers it an honor for over-speeding an auto.

Henry Blount at the Opera House

Last Monday night the famous mimic and orator, Henry Blount, appeared at the Opera House, under the auspices of the Roanoke Camp of the Woodmen of the World, in his famous lecture, or rather one-man comedy, Rip Van Winkle and Solon Shingle.

The audience was rather small, but appreciative. The speaker was introduced by Williamston's rising young lawyer, Mr. Burras Critcher. Mr. Blount's version of Rip Van Winkle and Solon Shingle, while in keeping with the original plays, is rather original and catches his audiences. It seems incredible that one man can carry the different characters of these plays as does Mr. Blount.

The audience was carried away with the entertainment, and left with aching sides, caused by continuous laughter throughout the evening.

Had the people of Williamston known the exact character of the entertainment, the house would have been packed.

Taint no use to sit down and whine When no fish get tangled in your line; Bate your hook with a bumble bee, And keep on taking Rocky Mountain Tea. S. R. Biggs.

HAT! Are you aware of that which your WATCH is doing in the course of one year (365 days). The balance wheel of your watch makes 137,600,000 revolutions. THINK OF IT!

In that time the oil gums, produces friction and wears the delicate bearings, destroying their high finish and perfect fit; thereby ruining an accurate time-piece, an ordinary machine should be oiled daily. Your watch should be properly cleaned and oiled once a year. Let me examine it. An honest opinion from me cost you nothing. Come around and examine my stock; I handle Watches of all makes and grades, and at a small percentage, too. I sell 1847 ROGERS BROS.' SILVERWARE which is the best. Has stood the test, and will please you as it is the best.
