THE SECRET OF SUCCESS

Forty Million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Bishop Strange

On Tuesday last, the Church of the Advent was visited by Dr. Robert Strange bishop coadjutor of Eastern North Carolina, Dr. Strange possesses a very strong and pleasing personality, and impressed himself very favorably on the people of Williamston. He preached two very forceful sermons while here. In his morning sermon taking for his theme the Holy Communion. He made every communicant feel the true significance of the sacred rite and see that in the Lords Supper is a monument deeper and more enduring than any structure of brass or marble could be. In his evening sermon he dwelt at large on the subject of universal sin, and pointed to Christ as the propitiation for all sin. Both sermons showed strength of intellect, pureness of character, depth of thought and a tender and modest fellowship towards all mankind.

A Little Fun

The Williams Comedy Company comedians gave the town folk quite a little show on main street yesterday afternoon. Happy Hooligan was much in evidence so was Weary Willie, the "Cop" and another character. For nearly an hour the stores were practically deserted, clerks, proprietors, draymen and all the employees left to witness the performance. The dress and make up of those engaged in the street performance was such that a country mule, standing patiently waiting for his owner, became a little nervous, having never seen the like before and decide that he had better leave, so leave he did. He did not run very far however, for "Weary Willie" and his chum were very new and soon stopped the mule. When the mule saw his captors the shock to his nervous system was so great that it paralyzed him, he didn't move. The owner had better keep his weather eye on that mule. The first time he thinks about those fellows and the chance is good he will surely finish that runaway.
