#### THE BILL AND THE PETITION.

In other columns we find in full the Martin Cuonty Road Bill, as drawn by Senator Stubbs and Representative Cof- Mrs. John A. Young, of Clay, N. field. The Bill speaks for itself. We print in full form a Petition to the General Assembly singed by citizens of Williamston Township and community. The Petition explains its object

There is no conflict in the object of the Bill and the Petition. Both provide for the roads by taxation. The Bill provides for the keeping up of roads of the county. The Petition provides for the building of roads for the township and tax for keeping them up after built, pay the interest and redeem the bonds.

The main roads leading out of Williamston are the worst in the county. They are so bad as to form a fortress around the town keeping out travel, transportation and businesss. Register of Deeds Manning was recently talking with farmers who live near the Beaufort line. They told hin that cotton sold one eight of a cent less in Washington than here yet they were forced to carry their cotton to Washington be-Petition said we need roads Williamston,

Freight rates here are only one half to what they are in many places that do twice the benefit of those low rates would be brought here from a more. large territory. The s raight-ening of an old road and making it shorter by one mile puts are willing to pay for any desirathe projective businesses one ble public improvement, when they mile negrer. We cannot say how much nearer good roads would put it. With good roads the farmers could haul fertilizers during rainy seasons and be prepared for farm work ing. We have spent enough mon-

the blistering heat and burden of the load to the animal. We need camels from the desert of Sahara to endure it. The driver almost suffocates in the shade exerting himself only to keep cool What must be the condition of the dumb, burder

Our humane spirit demands better roads; our pleasure, our health, our business interest demand them, our self-respect and progress demand them Who can say aught agains: them?

The Petition started by the unanimous vote of the Merchants Association at a call meeting, was circulated six days and sent to our Representatives with one hundred and twenty signatures. One hundred of these were citizens of the town and township, the the others live on the edge o the township. The Petition was signed by every class of of business men and citizens. One citizen alone opposed the bond issue, yet he favored roads by taxation.

This Petition is the demand of the people and something must be done.

#### Grave Trouble Foreseen

It needs but little foresight, t tell, that when your stomach and liver are badly affected, grave trouble is shead unless you take the proper medicine for you disease, as Y., did. She says: "I had neural gia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long ime, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me' Best medicine for weak women. Sold under guarantee by S. R. #### Good Roads in North Carolina.

Recently a committee from the

Good !Roads' Convention, held at

Danville on Tanuary 21st, went to ina, to investigate the roads of that community. Mr. W. N. Rufin, chairman of the committee reports that the committee drove ight miles over a macadam road, which wa ten years old, and as smooth as brick-paved streets. He met a number of teams of various descriptions, and says that the concensus of opinion among the dele gates was that on these roads the limit of a load is what the wagon will bear. They were informed that the county had in camp forty four convicts, the cost being twenthree cents per head per day for food, clothing and guard. Besides the superintendent, there are repair. cause the roads were so bad four guards, who control the conthey couldn't get to Williams- victs without difficulty, and the tion of the Supervisor, Section Suton. A farmer who sigued the system has proven to be satisfactoy. Mr. Ruffin further reports more than anything, that an one hundred and forty-five miles empty cart was a good load on of macadam road at a cost of the roads he drove over to \$400,000. Of this sum, \$300,000 ded. among the home people. The road tax in Mecklenburg county, our business or even any place which includes both roads and in our county. With good bridges, is twenty-five cents on roads the people could get the \$100 of assessed value, and Mr. Ruffin says that the increased value and the town and county the improvement, the increase being ignated in this Act. benefit of the business. With not less than 50 per cent, and near good roads farm products the macadam road very much
