

LOCAL NEWS

A heavy rain, hail and wind storm visited this section Wednesday evening and did considerable damage.

Mr. J. D. Whitehurst who has been in charge of the Greenleaf Johnson Lumber Company logging camp here, left Wednesday morning to take a similar position at Vaughan, N. C. Mr. R. L. Hayes of Hertford, will succeed Mr. Whitehurst.

Mr. Frank F. Fagan cashier of The Farmers and Merchants Bank is in town. Mr. Fagan is related to many here and has visited here a number of times and is therefore well known. Mr. Fagan has been assistant postmaster in Washington the last two years while for the two preceding years he was assistant cashier in the Bank of Plymouth. We are glad to welcome Mr. Fagan to our city, he has a business appearance and judging from his record and movement he is a business man.

Death of a Child.

Little R. L. Brown, Jr. the two-year-old son of Mr. and Mrs. R. L. Brown, died last Monday after an illness of about ten weeks. The remains were interred in the Methodist cemetery Tuesday afternoon at 3 o'clock, the funeral services being conducted by Rev. E. Rose, pastor of the Methodist church. Mr. and Mrs. Brown have the sympathy of their friends in this their hour of bereavement, in which THE ENTERPRISE joins.

Special to Potato Growers.

To save yourselves from heavy losses we earnestly and strongly advise and beg every grower of potatoes this year to put up their potatoes in better shape than ever; fill barrels full rounded up, keep seconds and culls at home. If you do otherwise prices may go down as low as 50c. per barrel for fancy potatoes.

The potato market conditions today are worse than five cent cotton, and unless the grower is careful he is likely to make the biggest failure ever known with his returns.

It is well known now that too many potatoes were planted from Maryland to Texas. While the frost, rains and cool weather have cut down the yield the crop is still too large, especially of small potatoes. Those who try to market badly assorted or small potatoes will ruin every market in the United States and will get next to nothing for his potatoes large or small.

This is a serious matter and the farmer alone can save himself.

Again we urge you: Put up big potatoes only. Keep your culls and seconds at home.

This is personally addressed to you. Please tell your neighbor about it.

Yours truly, WM. BRAGAW & Co.

Letter to W H Williams

Williamston, N. C.

Dear Sir: Here's something every painter and builder ought to know.

Mr. J. J. Hall, Sheffield, Pa., painted two houses, 5 years ago, lead-and-oil; took 40 gallons. Last year, he painted Devco; bought 40 gallons; had 10 left.

He is one of thousands. The knowledge is getting about pretty generally, that Devco goes further than anything else.

Have you found it out in your experience?

How much further? Suppose a job amounts to 10,000 square feet; how much less Devco could you buy?

Is it easy to paint? Does it cost any more or less to put-on by the gallon than anything else? how much?

If it costs no more to put-on Devco by the gallon, it costs less by the foot, you know; for the gallon does more feet. How much less, do you find it, for wages?

Lasts, say, twice as long; that is the owner's gain; but perhaps you reckon it yours; some do. The time, when that comes-in, is when he gives-out the next job.

Who gets it? Yours truly, F. W. DEVOR & Co.

PERSONALS

Mr. W. M. Sitterson, of Plymouth, was here Sunday.

Dr. Joshua Taylor, of Wahiungton, was in town Monday.

Mr. J. R. Harrell, of Tarboro, was in town Sunday night.

Dr. John D. Biggs spent Saturday and Sunday in Scotland Neck.

Mr. W. A. James, of Robersonville, was in town Wednesday.

Dr. J. A. White, of Scotland Neck, is at the Hassell House.

Mr. B. A. Critcher left Tuesday for Elizabeth City on legal business.

Miss Irene Smith is visiting Mr. and Mrs. F. A. Boyle in Jamesville this week.

Makes digestion and assimilation perfect. Makes new red blood and bone. That's what Hollister's Rocky Mountain Tea will do. A tonic for the sick and weak. 35 cents, Tea or Tablets, at J. M. Wheelless & Co., Robersonville, N. C.

HOME AFTER SIXTEEN YEARS.

Mr. Hobbs Gives Some Interesting Facts Concerning Florida.

Mr. Chas. L. Hobbs, of Miami, Florida, is visiting his parents Mr. and Mrs. J. A. Hobbs. Mr. Hobbs left home sixteen years ago and has lived in Georgia, Alabama and Florida. Mr. Hobbs is cashier of the Bank of Miami and a bank organizer and re-organizer and dealer in real estate. He says North Carolina now is very different from the N. C. he left sixteen years ago. Then a young man who had no money had to follow a plow or clerk, today factories of all kinds are running at almost every town and we are rapidly becoming a manufacturing state.

He says Florida is a cosmopolitan state, the question asked on being introduced to a stranger is how long have you been in Florida. He talks interestingly of the effort of Mr. Flagler to construct a railroad from Key West, Florida, to Cuba—one hundred and twenty miles. The road will be built on a back bone of islands connecting these two places. The construction will cost ten million dollars and will give railroad connection between Cuba and every section of the United States.

Mr. Hobbs says Cuba is a vast field of undeveloped resources.

There is a great demand for young men who know how to do something—engineers, farmers, machinists. The Everglades are interesting—they are a vast marsh and grow the finest and largest varieties of tomatoes, all that is necessary is to put a little stable manure on the seed to begin the ferment, and then you harvest the crop. Beets as large as an ink bottle can be grown in thirty days and properly put on the market will sell for twenty cents a dozen, or eighteen hundred dollars an acre.

Florida has just about recovered the wealth that was destroyed by the freeze of December, 1894, and February, 1895. Orange groves worth one thousand dollars an acre the day before the freeze would not sell for taxes after the last freeze. His father-in-law owned a grove valued at \$40,000 which was absolutely destroyed. The soil is exceedingly adapted to the growth of pineapples. Sand beds with stubby pine brushes are converted into pineries—producing luxurious pine apples.

All is not gold that glitters. While Florida is wealthy in her natural resources there are other considerations. There the soil produces three times as much as can be harvested, but with this comes the fevers, the mosquitoes and the bad water. With the proper care of health, eating vegetables, drinking limeade, to keep the liver active and good sanitary conditions it is a fairy land. Think how little care we take of health, we live, have our wealth and poverty and guess they do. Things are about even anyway and all depends on the man.

We welcome Mr. Hobbs back to his native county and rejoice with his parents in their happy hour.

Backache is never known to those persons who take an occasional dose of Pineules. The value of resin obtained from the Pine tree has long been recognized in the treatment of diseases of the bladder and kidneys. One dose of Pineules will give relief, and one bottle will cure. Sold by, S. H. Ellison, & Co.

Notice.

North Carolina—Martin County. J. L. Ewell, J. P. Williamston Township.

Frank P. Thompson vs. Anthony Bagley.

NOTICE OF SUMMONS.

To Anthony Bagley, defendant—

The defendant above named Anthony Bagley will take notice that a summons in the action entitled as above in favor of Frank P. Thompson, plaintiff and against Anthony Bagley, defendant was issued out of the Justice of Peace court of Martin county, Williamston township, on the 27th day of May, 1905, by J. L. Ewell presiding which summons is returnable before me at my office in Williamston at 11 o'clock a. m., the 30th day of June, 1905. In this action the plaintiff above named asks to recover of the defendant therein the sum of \$44.00 with interest on the same from December 20th, 1902, until paid and the costs of this action.

This 30th day of May, 1905. J. L. EWELL, Justice of Peace.

Thos. W. Alexander, Winston & Everett, 6-2-04 Att'ys for Plaintiff.

TWO WRECK.

The Gravel Train Wrecked Twice This Week.

There was a slight wreck of the work train near the switch at the end of Main street Monday afternoon. The flange of one of the trucks of a car was broken cutting the side of the rail for some distance finally ran off letting the cars down. The wreck train came from Rocky Mount and removed the cars allowing the mail train to pass after a five hours delay.

THE SECOND WRECK.

Wednesday morning about 11 o'clock the gravel train was going toward Jamesville, and was about two miles from Williamston, near Sweeten Water Creek, when it ran into a hand car loaded with track rails. The engineer says he saw the car, but was going down a grade and could not stop his train before it struck the hand car. He says he reversed his engine and applied his brakes, but his train slid along the track, and he was powerless to stop. The engine was derailed and three gravel cars were piled up with the tender.

A wrecking crew was telegraphed for and came from Rocky Mount arriving here about three o'clock. They began removing the wreck, and worked all Wednesday night, the passenger train passing yesterday (Thursday) morning about six o'clock, making her trip to Plymouth.

Engineer J. T. Spears, of the wrecked train, was very badly hurt in the wreck, and left yesterday (Thursday) morning for the hospital at Rocky Mount.

As pride is sometimes hid under humility, idleness is often covered by turbulence and hurry.—Johnson.

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

You must look well after the condition of your liver and bowels. Stasis there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable. The dose is only one pill at bedtime.

Made by J. C. Ayer & Co., Lowell, Mass. Also manufacturers of HAIR VIGOR, AGUE CURE, CHERRY PECTORAL.

Notice of Dissolution.

State of North Carolina Department of State.

Certificate of Dissolution. To all whom these presents may come—BEFORE:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office that The Albemarle Timber Company, a corporation of this State, whose principal office is situated in the town of Robersonville, county of Martin, State of North Carolina (S. R. Jenkins being the agent therein and in charge thereof upon whom process may be served), has complied with the requirements of an act of the General Assembly of North Carolina, session 1901, entitled "An act to revise the Corporation Law of North Carolina," preliminary to the issuing of this Certificate of Dissolution.

Now, Therefore, I, J. Bryan Grimes, Secretary of the State of North Carolina, do hereby certify that the said corporation did on the 23rd day of May, 1905, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In witness whereof, I have hereunto set my hand and affixed my official seal, at Raleigh, this 23rd day of May, A. D. one thousand nine hundred and five.

J. BRYAN GRIMES, Secretary of State.

North Carolina—Martin County

J. A. Hobbs Clerk of the Superior Court of said county do hereby certify that the foregoing is a true and correct copy of the Certificate of Dissolution of The Albemarle Timber Company as is of record and on file in my office.

This May 30th, 1905.

J. A. HOBBS, Clerk Superior Court
