

**DO YOU GET UP WITH A LAME BACK?**

**Kidney Trouble Makes You Miserable.**

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medicinal triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent Home of Swamp-Root dollar sizes are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**You Can See The Growth**

**Virginia-Carolina Fertilizers**

If you want to see dollars grow, feed your fields with Virginia-Carolina Fertilizers. They will increase your yield per acre and thus bring down the cost of production, even if you use fewer teams and less labor. We have thousands of strong testimonials from farmers who have tried other makes of fertilizers and assert that

**Virginia-Carolina Fertilizers** are by far the best. They will give you crops that will make more money for you. Buy no other, even if some dealer endeavors to get you to buy some "cheap" brand just because he may make a little more profit on that. Of course, that would be to his interest—not yours.

**A NATION OF SUICIDES.**

The Chukchees Look Upon Self-Murder as Honorable Death. A Russian correspondent was talking about Siberia. "In that strange land," he said, "the strangest thing is the suicidal tendency of the Chukchees. Among the Chukchees, actually, suicide is one of the most common forms of death."

"The Chukchees live in North-eastern Siberia. They are small and copper-colored. They dress in skins and ride reindeer. Tallow and raw kidney are their chief delicacies. "A Chukchee doesn't kill himself by his own hand. He appoints his nearest relative—his wife, son or daughter—to do the deed. And the delegate never rebels, never declines this sad and horrible task. "Innumerable are the causes of suicide—jealousy, unrequited love, an incurable disease, melancholy, poverty and so on. I knew a man who was prosperous and apparently happy. Suddenly a desire for death seized him. 'In three moons,' he said, 'I will go home to my fathers.' And he calmly settled his affairs, and at the appointed time had his wife to knot a cord about his throat and his two sons to pull upon this cord till he should be strangled. He died they told me, smiling. "The death cord, which hangs in every Chukchee house, has a hood. It is for use in suicide. The hood bites the facial contortions of the dying. There are Chukchee families wherein suicide is hereditary, wherein it is a point of honor for the sons to kill themselves, a natural death being regarded in such families as disgraceful and scandalous, a sign of the most unpardonable cowardice. The Chukchees, despite their suicidal tendency, are a happy and healthy people, moral, truthful, brave and temperate."

**How He Knew.**

It was a beautiful day, without a single cloud in the sky. The man who was buying some food in a delicatessen store remarked on the weather. "Yes, it's fine, but it's going to rain," replied the dealer. "Impossible," said the customer. "I'll bet you a fiver," said the dealer, "that it rains before the day is over, although I hate to take your money."

The money was put up and the customer went away chuckling. Before night the rain was falling in torrents. The man who lost the bet stopped at the delicatessen store to see the winner. "How did you know it was going to rain?" he demanded of the storekeeper. The latter chuckled. "See that ice chest?" he asked, pointing to a big box in the corner. The customer saw the ice box. It was sweating big drops of water. "That chest," said the storekeeper, "is my barometer. When there is rain in the air it begins to sweat; when rain is imminent it sheds those big drops you see now. I've had it over two years and it never yet prophesied falsely."

"Never too late to learn," sighed the customer, "but sometimes a little knowledge comes high." — Chicago Inter-Ocean.

**Disease and Door Knobs.**

The London Lancet, it is well known never loses an opportunity of "raising" a public's hair by discovering new and unsuspected sources of infection, is after the door knob as a spreader of contagious disease. "From a strictly bacteriological point of view," it says, "all door handles, even those which present a clean and polished appearance, are probably dirty." Hence, if door handles cannot be kept clean, which is obvious, they ought to be abolished in favor of "some method which dispenses with actual contact of the skin. There is much to be said in favor of a foot lever for opening doors, as there is in the case of a foot lever instead of taps in the lavatory."

The handles of the English railway coaches are cited by the Lancet as particularly liable to spread infection, and for this reason it urges the adoption of the American corridor car.

A sufferer from contagious disease of the skin or scalp is undoubtedly liable, after scratching, to deposit infective material on whatever he touches with his hands, and it is very probable that a certain proportion of such diseases is contracted by this means. The hand grips on open trolley cars may be an efficient agency for evil in this way.

**Roumanian Hospitality.**

The Roumanian peasantry lead a very simple life. The principal dish at each meal is the maize cake. Each person in his turn breaks off a small portion for himself. Besides this, each takes a couple of onions, a small bowl of beans, a slice of watermelon, a few plums and a draught of water. To this frugal meal is bidden any laborer or wayfarer who may look as though he had no dinner. Roumanian hospitality knows no limits. "I have not even a bite left for a guest," is the bitterest complaint a housewife can make.

**Lead in Savings Deposits.**

In savings bank deposits this country leads the world. Our deposits amounted at the beginning of this year to \$3,060,176,611. That sum outran German savings by \$786,000,000, and the German savings outran anything in Europe by \$1,300,000. But in the amount of savings per inhabitant Great Britain stands at \$23.93, Germany at \$39.93 and the United States at \$37.33.

Now is the time to guard the health and strength of lungs. The best remedy to use for coughs and colds is Bee's Laxative Honey and Tar. **REMOVES THE CAUSE OF THE PAIN.**

Quincy, Mass. July 18, 1905.  
Dear Sir: I was laid up last November with Rheumatism in my feet and ankles, but after taking four bottles of Rheumacide I have not been bothered since. I tried every old kind of liniment and was under two doctors, and all I tried had the same result until I got Rheumacide. Now, I am pleased to say it has not been necessary for me to take any medicine for Rheumatism since February last. Everybody that I recommended it to has had the same results. Yours very truly,

**ORINO Laxative Fruit Syrup**

Pleasant to take and does not gripe or nauseate

**Cures Chronic Constipation, Stomach and Liver Trouble**

**Stimulation Without Irritation.**  
ORINO Laxative Fruit Syrup is a new laxative syrup combined with the delicious flavor of fruits, and is very pleasant to take. It will not gripe or sicken. It is much more pleasant and effective than Pills, Tablets and Saline Waters, as it does not derange the Stomach, or irritate the Kidneys, Liver or Bowels.

**Constipation.**  
ORINO Laxative Fruit Syrup will positively cure chronic constipation as it restores the natural action of the intestinal tract. Ordinary cathartics may give temporary relief but the stomach is upset and the bowels are irritated without any permanent benefit having been derived.

The condition of the patient remains unchanged. The Stomach, Liver and Bowels have not been stimulated and in a few days a stronger purgative may have to be taken. This is why Pills and Aperient Waters never give permanent relief. Their violent action results in an unnatural movement of the bowels and it is necessary to keep taking them indefinitely.

**Why ORINO is different.**  
ORINO Laxative Fruit Syrup is the only preparation that really acts upon all of the digestive organs. Other preparations act upon the lower bowel only and do not touch the Liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs

can not cure Chronic Constipation, Torpid Liver, Indigestion, Sour Stomach, etc.

**For Biliousness and Sick Headache.**  
Take ORINO Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs.

**Clears the Complexion.**  
ORINO Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Refuse substitutes.

**OUR GUARANTEE** Take ORINO Laxative Fruit Syrup and if you are not satisfied your money will be refunded.
