SNAPSHOTS.

Some people ask your advice for the purpose of working it off on others as original matter.

Dowie is willing to go away and leave Zion City alone, if they will let him "take it with him."

Greene and Gayner have finally got to "the end" of a remarkably long legal rope Moundsville "pen."

There has never yet been an Easter on which the hens and the milliners did not "rise to the occasion."

Why does a young man try to keep on the right side of his girl when he knows that her heart is on the left side?

Unless all signs fail on a dry canal, there will soon be a big job in Panama for the man with the whitewash brush.

All the candidates for United States Senator to succeed Alger, will have trouble finding standing room on the Michigan platform.

Castro and Witte should make arrangements to divide the time so that their resignations may not fall on the "same day" of the week.

"I am a democrat" says Bill Stone. He probably has a right to say it, but the Democracy cannot help wishing he would keep still about it.

Maybe the Senators should have larger salaries, as J. Adam Bede says, but the fact remains that some of them would come high at any figure.

There may be nothing in a name but newspaper dispatches state that in the Nashville Steeple chase a horse named "Russell Sage" landed the money.

After having burned up a few telegraph wires, signaling each other "Peace be with thee" Dowie and Volivar should get together and settle on that basis.

Foraker says the rate bill is a fraud. Soon those persons who have not taken the trouble to read it, will begin loving the rate bill for the enemies it has made.

How appropriate for General Bliss to succeed General Wood as governor of Mindanao! It is in accordance with our beneficent plan that "bliss" should succeed assimilation.

Hyde and Alexander late of the Equitable, have been dropped from the directorate of one of the branches of the Coal Trust. Here's a case where "two Jonahs" go overboard before the storm breaks.

Uncle Joe's "scat" when the oft-recurring question whether he is a candidate for the presidency, is put to him, leaves no doubt in any one's mind that the old gentleman is pleased when the cat comes back.

It is again the open season for tornadoes in Kansas and they are beginning to do their worst. Wm. Allen White should come to the front and hand them out one of the ready-made roasts for which he is becoming famous.

Hon. J. Adam Bede says Senators would be honest if the government paid them larger salaries. That is an interesting bit of information. He should speak to them and ask them "right out" how much they would take to be honest.

Wm. Allen White declares that Congressmen are messenger boys, but that depends on what is wanted. If it is garden seeds, the faithful congressman will trudge about from place to place picking out the choicest to be forwarded under his frank, but if it is the rate regulation you want, you may have to drop over to the Senate.

OUR SOLICITOR—A CLEAN MAN

We believe Cicero says that a man who presents himself for a public office should have the one great prerequisite—cleanliness—should be unspotted. In our present Solicitor we have this essential characteristic, and we think it is the most important element that makes for a good public officer. We think our county would not err in giving Mr. Daniels its solid support in the coming election. He does what he thinks is right to the best of his ability, and what more do the people expect? We do not believe there is a cleaner officer in North Carolina.

REV. MR. KIRTON'S SERMON.

Elsewhere we publish, in part, the sermon of Rev. Mr. Kirton before the graduates of the graded school. It was the most forceful sermon he has preached since he has been here, according to our way of thinking.

We need to preach the doctrine of the impotency of money to our youths, when it comes to the greater mission of human life and human activity, lest they be mere money-seekers, yeas, strivers after dollars. There is a greater and grander mission devolving on the shoulders of the youth of our land than the mission of piling up and hoarding money, that the oncoming generation may live in luxury and revelry.

We do not believe in placing money on the highest pinnacle and fall down and worship it. We must not place money above man, the noblest creation of God's handiwork. Money is a mere instrument that effects an exchange of a commodity that has value. We speak of the relative values of say cotton and cloth in terms of cents, hence money is merely a convenience in effecting this exchange, it makes it quicker. Instead of the farmer and merchant making a "swap"—one giving so much cotton, the other so much cloth—they to it in terms of dollars and cents. Hence this instrument of man (money) must not be placed above its creator. Just as man is above all other creeping things, just so is he above the accomplishments of his genius and handiwork.

We need to think about the exalted position we hold and not spend all our energies striving to accumulate a big fortune that perhaps wolves may steal in and devour. There is a social side of life that when used correctly is conducive to our upbuilding. Association is the great means by which we get at (estimate) each other's worth.

We must strive to have the most perfect system of government. We must regulate evils that are detrimental to the people's progress. We must legislate for the benefit of the whole, not for self. We must dissipate our energy for the public good.

News From Jamesville.

Jamesville, April 24, '06. Mess. L. E. Corey and H. W. tubbs, of Williamston, were in town today.

We are glad to see Mr. L. M. Brown out again. He had a severe case of pneumonia and has been in doors about six weeks.

The herrings are attracting some attention. We notice carts and wagons coming in constantly and loading up with them.

LET US WAKE UP.

While we are losing on one hand we hope to gain on the other. One of our best townsmen left us last week. Mr. A. J. Manning moved away to live with his father in the country, about seven miles from town. We regret to lose a good citizen, yet we must do it. Others are prospecting. Mr. F. F. Pippin, of Hamilton, was here this week looking for a store and also dwelling, that he might open a business here. That is what we want. May others come.

If our people would go to work we might have many improvements. We want a furniture factory, also a cotton factory and a bank here at once. Who will be the first to begin talking them up? Let us organize a business men's league and lay some plans for improvements. The merchants might place an advertisement in THE ENTERPRISE and tell the people about their new goods that are coming in. Our town is losing trade by not doing something of advertising.

Let us wake up to the fact that we must hustle. Tell the people what we have and they will come for it.

LET THE PEOPLE DECIDE.

They Are the Ones to Select Their Officers and the Closer the Officers Are to the People the Better Government We Will Have.

(A letter from Mr. C. C. Daniels to Mr. Paul Jones.)

Mr. C. C. Daniels, who is a candidate for renomination to the office of Solicitor of this district at the hands of the Democratic party, in reply to a letter from Mr. Paul Jones, of Tarboro, who is also a candidate, wrote Mr. Jones as follows:

"Wilson, N. C., April 23, '06. "Paul Jones, Esq., Tarboro, N. C. "Dear Sir: Your letter of the 16th inst. received and contents noted. You say therein that it seems to you 'it would be the proper thing for us to let each other alone so far as our individual counties are concerned.'

"I received a letter from R. A. P. Cooley, Esq., of Nashville, some time since, making practically the same proposition with relation to Nash county. While at Louisville last week W. M. Person, Esq., made a suggestion to me which I understood to mean the same thing with relation to Franklin county.

I am as you know, a candidate for renomination at the hands of the Democratic party to the office of Solicitor of this district. It is not my purpose to antagonize anybody; I am simply a candidate asking the support of the people. It does not appear to me that either of us could bind the people of any county by any agreement we might make, and I am sure it is not my desire to do so. It is the province of the people of the district to consider the character, capacity and fitness of each candidate for this responsible office and choose the one of whom their judgement approves. The day of combinations and agreements by those who assume the right to speak for the people is a thing of the past; the people are in the saddle, and they will say who they want to fill their offices; they will pick their own servants (for that is what a public officer is) without asking the consent of any one who essays to speak for them.

"If the people of this district see fit to nominate me, I shall feel deeply grateful, and if the commission to fill this office for another term is placed in my hands, it is my purpose to give to the discharge of the duties of the office the best service of which I am capable. If the people see fit to nominate another, I shall retire from the office with sincere appreciation of the kindness that has been shown me in the past and with an earnest desire to be of service to my fellowmen.

"With feelings of kindness and best wishes, I am,
Yours truly,
C. C. DANIELS."

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the strongest Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do the best work if the liver is inactive and the bowels constipated. For the best possible results, you should take the active doses of Ayer's Pills while taking the Sarsaparilla. The liver will quickly respond, and so will the bowels.
