Batteries—Teel and Gurganus for the visitors; Blount and Everett.
Fire Tuesday Morning.
About 8 o'clock Tuesday morning a fire broke out in the loft of Newberry's stables, but was soon put out, even before the fire company got there. Happy Hooligan was seen picking up an armful of hay as the fire was going on.

FIRE SATURDAY MORNING.

The Stock of Furniture of Mr. E. R. Jackson Completely Destroyed.
At about 3 o'clock last Saturday morning the town was aroused by the tap of the fire bell to find that the furniture store of Mr. E. R. Jackson, next to THE ENTERPRISE office, was puffing dense clouds of smoke. The firemen were on the scene in short order with the engine and hose, and after working untiringly for an hour and a half had the situation under complete control, the fire going no further than the store of its origin. Nothing was saved out of the store.
It looked like the flames would never be subdued at first—the fire could not be reached with the hose, there being a huge mass of mattresses in the way, but Mr. Manning with the "muck rake" dug the mass of mattresses out and the stream of the hose was applied to advantage, and after persisting with varied efforts they had the flames under complete control and the women ceased trembling.

Kador, Terry, Grover, "Scog," John Cook, Mr. Manning and others worked with great force—a fine aggregation of firemen. Will Roberson was conspicuously absent.
The origin of the fire is not known—rats we suppose. The stock of goods amounted to \$3,500, insurance \$2,000. The insurance on the store was \$1,000.
The grocery store of Mess. J. A. Mizell & Co. was converted into a smoke-house. Frank Fagan saved his skates and Warren Biggs his Coca Cola stand.

Bradley-Joyner—A Runaway.
Mr. Ed. Bradley and Miss Maude Joyner, of Rocky Mount, were married Tuesday evening at about 8:30 o'clock at Blount's Hotel by Rev. Preston L. Kirton.
There was quite a crowd gathered to witness the marriage—in overalls, in shirt sleeves, with smiles, bachelors, prospective brides, bachelor girls, the anciently married and even old maids.

All classes of people are in sympathy with the young lover who resolves upon the marriage state in spite of the threats and unwillingness of the parents. We are romantic, poetic, to that event, and we would go out of our way to help a girl-steal, that was according to law and with a "friendly connivance" we would bid them God-speed.
We trust, like the Brownings, their lives will be a great and continuously flowing stream of joy—a life of love.

Perry-Peel.
Mr. B. F. Perry, of Everetts, and Miss Sarah Peel, of Beargrass, were married last Sunday morning at the bride's home at 10 o'clock. They left Monday for their home in Everetts. Mr. Perry is employed by the firm of Ballard & Burroughs, of Everetts.
THE ENTERPRISE wishes that they may have a long, happy and prosperous life.

Bell Taps to Indicate Fire District.
There is always very much confusion as to the locality of a fire, and we would therefore suggest that the watchman have a certain tap for a certain district and thus remedy our present system, which does not tell us anything but that there is a fire somewhere in town. This bell-tap system prevails in other towns and we think it would be expedient for our fire department to adopt it.

Buy Oil From the Barrell.
Don't pay \$1.20 a gallon for canned oil, which ought to cost but 60 cents a gallon. Buy oil fresh from the barrell and add it to the L & M Paint which is semi-mixed.
When you buy L & M. Paint you get a full gallon of paint that won't wear off for 10 or 15 years because L & M Zinc hardens the L & M. White Lead and makes L & M. Paint wear like iron
4 gallons L & M mixed with 3 gallons Linseed Oil will paint a moderate sized house.
L & M. costs only \$1.20 per gallon.
Sold in the north, east, south and west
C. S. Andrews, Ex Mayor Danbury, Conn., writes: "Painted my house 19 years ago with L & M. Looks well to day." Sold by S. R. Biggs.
