Coroner:
JOSEPH H. SAUNDERS.

County Commissioners:
ROBERT H. SALSBURY,
WILLIAM A. BROWN,
WILLIAM M. PERRY.

Solicitor—Fourth Judicial District:
CHARLES C. DANIELS,
 Wilson County.

The names at the top of this column constitute the county democratic ticket. A better set of men could not have been selected to fill the various offices for which they have been nominated. It is the duty of every democrat to go to the polls next Tuesday and cast a clear ballot. Let's see how many democratic ballots will be cast. Don't stay away from the polls saying there will be enough votes without mine. The responsibility of this government rests upon each individual voter, and he who stays away and fails to vote is not a good citizen.

Election is here, and Americans are about to perform that duty which alone can preserve the liberties of this country. If this sacred duty be neglected, then it will be a short time before those blessings of a free government for which our forefathers gave their lives and fortunes, will be sadly absent. A representative government is "just as good as the people will it," and no better. If we want good laws and just legislation, then send only those men to Congress and legislature, that are "above suspicion" and free from graft and "trust influences".

SOMETHING SHOULD BE DONE.
 There has been a great deal of sickness in this town during the past month, more than has ever been known in the history of the town. If what we have heard is true (and we have been reliably informed) about there being no fires at the graded school these cold days, there will be a great deal more sickness in the near future. It is understood that the children are not allowed to remain in school to eat their lunches, but are sent out into the cold. It is bad enough to have to eat a cold lunch beside a nice warm fire, but when it comes to eating one in the cold like it has been for the past few days, then it becomes almost unbearable.

The school trustees should see that there is plenty of coal or wood at the school house and that there is someone to keep up the fires.

We call the attention of our readers to the announcement in another column of the meeting of the Corporation Commission to be held in Williams on the 14th of November. The object of the meeting is to hear the people in the matter of an extra train for this section.

This is the opportunity of our people. Every man woman and child in Martin and Halifax counties are directly interested in this movement. Friends and neighbors if you are really interested in this matter, make known your interest by finding out what it means and then get behind it. If you have any suggestions to make or thoughts that will be helpful see the proper parties and talk to them. Show your interest by being present and adding enthusiasm impressing the Commission with your determination, and encouraging the discussion.

The Elizabeth City Economist has the following to say about dollar bills:

"A dollar bill may carry to its receiver the vilest infection. It is a sponge that takes up filth and disease germs from every hand through which it passes and from everybody with whom it comes in contact. We hope our delinquent subscribers are not holding back their dollar bills for fear they may carry some contagious disease to us. If they are, we assure them we are safe, having had the mumps, whooping-cough, measles, scarlet fever, small-pox and a variety of other diseases. So bring along your dollar bills and we will give you a nice clean receipt for them."

It is quite evident from the way Martin county people are holding their dollar bills that they are afraid the Editor will catch some of the disease germs their dollar bills contain.

If this is so just whistle and we will borrow a fumigating apparatus and place it in a convenient place so the bills can be thoroughly fumigated before coming in contact with us.

PARMELE ITEMS

Miss Mary Brooks of Grifton spent Friday night with her brother Mr. S. M. Brooks.

**Heat on Tobacco Improves it Like Roasting
 Improves Green Coffee. Heat Develops the
 Stimulating Aroma and Taste found
 in Schnapps Tobacco
 and Coffee**

Three ways are used by farmers for curing and preparing their tobacco for the market; namely sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured.

In flue curing the tobacco is taken from the fields and racked in barns especially built to retain heat and there subjected to a continuous high temperature, produced by the direct heat of flame heated flues, which brings out in the tobacco that stimulating taste and aroma that expert roasting develops in green coffee. These similar processes give to both tobacco and coffee the cheering and stimulating quality that popularizes their use.

The quality of tobacco depends much on the curing process and the kind of soil that produces it, as expert tests prove that this flue cured

tobacco, grown in the famous Piedmont region, requires and takes less sweetening than tobacco grown in any other section of the United States and has a wholesome, stimulating, juicy, full tobacco taste that satisfies tobacco hunger. That's why chewers prefer Schnapps, because Schnapps cheers more than any other chewing tobacco, and that's why chewers of Schnapps pass the good thing along—one chewer makes other chewers, until the fact is established that there are more chewers and more pounds of tobacco chewed to the population in states where Schnapps tobacco is sold than there are in those states where Schnapps has not yet been offered to the trade.

A 10c. plug of Schnapps is more economical than a much larger 10c. plug of cheap tobacco. Sold at 50c. per pound in 5c. cuts. Strictly 10 and 15 cent plugs.

R. J. REYNOLDS TOBACCO COMPANY, WINSTON-SALEM, N. C.

Notice.
 By virtue of an order of the Clerk of the Superior Court of Martin County in a special proceeding entitled, W. M. Wilson, M. D. Wilson, T. M. Kilpatrick and wife Emma Kilpatrick, E. R. Powell and wife Lonnie Powell, Maggie Wilson, E. A. Wilson, S. S. Hadley Guardian of Sallie Hadley and William Hadley and Sarah Wilson, Ex Parte:
