How to Kill Your Town.

Kick. Keep kicking. And don't quit kicking. One pull one way and one t'other. Go to other towns and buy your goods.

Denounce your merchants because they make a profit on their goods.

Knife every man that disagrees with you on the method of increasing business.

Make your own town out a very bad place, and stab it every chance you get.

Refuse to unite in any scheme for the betterment of the material interests of the people.

Tell your merchant that you can buy your goods a great deal cheaper in another town and charge him with extortion.

Keep every cent you get, and don't do anything of a public nature unless you can make something out of it directly.

When you say anything of your town say it in a way that it will leave the impression that you have no faith in it.

Patronize outside newspapers to the exclusion of your own, and then denounce them for not being as large as the city papers.

Don't we need more backbone for the interests of humanity? Not a spinal column that cannot yield or bend; but upright, and that will fearlessly express upright, and just opinions—a gentle, honest steadfastness, which is cruel never.

Magazine for the Blind

Through the beneficence of a wealthy good lady in New York City, William Ziegler, a monthly magazine of some fifty pages is soon to be published in raised print for the blind of the United States who can read, to be sent to the blind free of charge. It will be on the order of the regular monthly mag-

azines for the seeing and will contain general news and literary matter of interest to the blind, as well as a correspondence column for the blind.

The magazine is to be published in the New York Point print and in the Braille, so as to accommodate the blind who can read either.

For the purpose of reaching every blind person in North Carolina who can read, it is earnestly requested that the full name and address of any blind citizen in any part of the state be sent at once to John E. Ray, Principal of the State School for the Blind, Raleigh, N. C., stating the preference of the person between the New York Point and the Braille print. This request should receive immediate attention.

A Most Enjoyable Occasion

Tuesday evening the Lotus Club had the Italian band from Washington to render music from 9-30 to 11.30. It was not learned until a late hour that the band would be in the club, but so soon as it was ascertained the fact was spread as such as possible and a number of ladies went up to share the melodious ear feast. It was a very pleasant evening, highly enjoyed by every present.

In behalf of the Club Mr. Frank Hassell announced to the ladies that the full privilege of the Club was extended for every Wednesday afternoon and evening, and that its members would be glad to have them take advantage of this privilege and meet regularly. Of course they are welcomed at any time, but this is to be their day.

COTTON

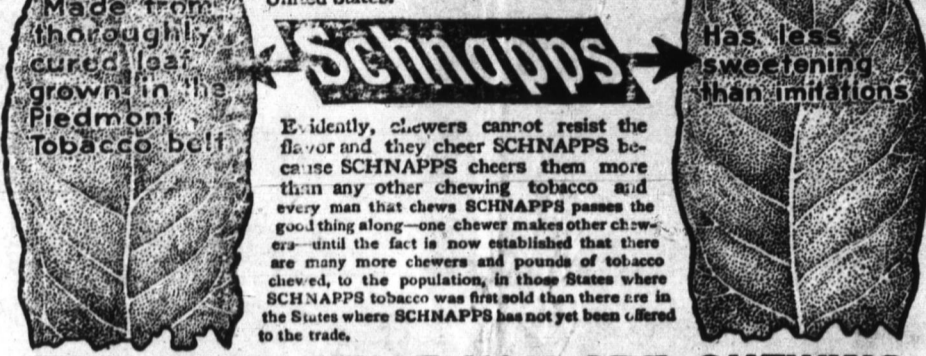

The South has as great an advantage over Europe today, as Europe had over the South a few years ago, when Europe got her cotton at less than the cost of production. Today cotton is relatively lower than any other product on the earth. Foreign spinners realize this. We have the demand this year, as shown by the exports this season far exceeding last season up to this date. It matters not what the size of the crop is, so much as what the size of the demand is. You have seen small crops sell at low prices; you have seen large crops sell at high prices. Every bale will be wanted this year, unless prices go above 12 cents. Buy cotton futures now and hold for 12 cents. We execute orders in lots of 25 bales and upwards. We loan 90 per cent of the value of spot cotton shipped us.

CHEW WHAT YOU KNOW ABOUT

Only choice selections of this well matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and other of the Reynolds' brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

AND KNOW WHAT YOU ARE CHEWING

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been introduced to the trade.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS. Sold at 50c. per pound in 5c. cuts. Strictly 10c. and 15c. plugs. R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Secretary Bonaparte designates the trusts as 'hogs in a pen'. They are hogs, we suppose, but as yet the pen is only yawning for them.
