One day at a time conscientiously lived up to will keep the eyes bright and the cheeks round and rosy. Don't begin to worry about things days beforehand. It will be time enough when they happen. It is the dread of what may come, not what it is that makes one old before the time. If you lie awake half the night worrying about something that is going to occur the next morning you will be far less able to face bravely and work out the problem than if you had made an effort and thought of something else till sleep came. It is not half as hard as it sounds and will grow easier every time you try it. Perhaps after all the disaster will not befall you or will be less awful than you anticipated and just think what a lot of unnecessary wrinkles you have worried into your face.

Many a person goes down in defeat under life's burden, unhelped, uncheered, and when the eyes are closed and the hands folded, then comes, too late, love enough to have turned the battle and given victory.

"A war of words between Tillman and Carmack is worth going miles to hear", thinks the Atlanta Journal, but not since those free passes have been abolished.

Hall Caine's son has gone on the stage. He can make quite a hit with his pa by murdering Shakespeare at his earliest convenience.

Sweetenham has resigned, but it will take more than an earthquake to shake Platt and Depew from their perch.

"What will Paradise be compared to Milwaukee?" asks the Free Press of that bibulous burg. Well, for one thing, there will be more milk and honey and less beer.

The sensationalists who insist on the U. S. going to war with Japan, are about 10,000 miles from where the shooting could begin.

In trying to abolish the Indian school at Carlisle with its crack football team, the Senate seems to be following Roosevelt's advice to "hit the center hard."

A Georgia paper says "He who rides on the rail courts death". It was an Irishman ridden on a rail, who said that except for the honor of the thing, he would just as soon walk.

According to the President's ultimatum the States must regulate child labor or the "Big Stick" will.

Handsome Gift to Worthy Cause

The Legislature of Tennessee has just passed a bill giving to the Peabody College for Teachers, at Nashville, the sum of two hundred and fifty thousand dollars. Appropriations from other sources, notably one from the Peabody Education Fund of one million dollars, which

Coughs of Children

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says.

If you think constipation is of trifling consequence, just ask your doctor. He will disabuse you of that notion in short order. "Correct it, at once!" he will say. Then ask him about Ayer's Pills. A mild liver pill, all vegetable.

had been made but depended upon the appropriation just passed by the State of Tennessee, make the total already given more than a million seven hundred thousand dollars which will come to the College this year.

Assurances of other donations had been given, to be made as soon as the College is permanently and adequately endowed, which is now practically accomplished.

The College will have handsome buildings, new departments, additional professors, and promises to be one of the greatest Teachers' Colleges in the country.

Panama Canal—Erie Canal

Machinery is digging the Panama Canal a thousand times quicker than the shovel dug the Erie.

Machinery produces the L. & M. Paint at 50 times less cost for labor, than if made by hand.

The L. & M. gives the best job in the world, because L. & M. Zinc hardens L. & M. White Lead and makes L. & M. Paint wear like iron for 10 to 15 years.

It only requires 4 gallons of this celebrated paint and 3 gallons of Linseed Oil at 60 cts per gallon, to paint a moderate sized house.

If any defect exists in L. & M. Paint will repaint house for nothing.

IMPORTANT TRADE MARK DECISION

Lynchburg, Va., February 4th, 1907.—A decision of importance to all manufacturers of trade mark goods has been awarded by Judge Pritchard in the United States Circuit Court of this district.

The question involved was whether the Allen Brothers Tobacco Co., of Lynchburg, Va., has the legal right to use on its "Traveler" brand of plug tobacco a tag similar in size, shape, color, and slant of lettering, but different as to wording, from that used by the R. J. Reynolds Tobacco Co., of Winston Salem, N. C., on its "Schnapps" Plug Tobacco.

In the argument, on motion of the plaintiff the R. J. Reynolds Tobacco Co., that a restraining order be issued forbidding the defendant company from further imitating its tag, many affidavits were submitted tending to show that owing to the similarity of the tag, "the Traveler tobacco, purchased by dealers at a lower price, was sold to uneducated chewers for "Schnapps".

In a decree signed by Judge Pritchard the Allen Brother Tobacco Company is enjoined from manufacturing, putting up, advertising, selling, or offering for sale plug tobacco bearing a tag identical with or like the said tag of the complainant, known as the "Schnapps" tag. According to this decision, no manufacturer can imitate even in color, shape, or style of lettering the trade mark of another manufacturer, even through the word be entirely different.

Rising From the Grave

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage, I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have trouble me for years." Notice

By virtue of an order of the judge of the Superior court of Martin County, in a special proceeding entitled, Van Williams J. W. Watts N. S. Peck guardian of B. B. Williams vs. J. T. Ewell and wife Annie Ewell, G. L. Barnhill and J. L.

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country fire-cured tobacco, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real Schnapps—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

The Scrap Book

Elsewhere in this issue we present the first installment of a new feature, the "Scrap Book," which we commend to the attention of our readers. To neglect to read it would be as if one were to fail to pick up a dollar bill which was honestly one's own for the taking. He who reads will get at least five or six laughs which will stir his liver, kill the microbes in his system, and strengthen his whole organism against disease, dejection, cowardice and all other insidious enemies of our kind. He will also be inspired by a noble little poem, by pathetic and heroic passages, and by the wisdom of the wisest. He who reads will be a better and happier soul for the reading.

Good as a dollar? By Jupiter, we wrong ourselves by the comparison! It is good as health, good as wisdom, good as laughter, good as sympathy and heroic example—good as the most precious things known to us poor mortals struggling through the mystery, toil and trouble of life!
