Newspapers What People Make Them

The following timely and thoughtful article is taken from the columns of the Newberne, N. C., Journal, and expresses truthfully a fact well known to thinking people.

It is a very mistaken idea in most communities, that the local newspaper, in its representation of the community, is apart from the community.

The local newspaper is what the people make it. If the people give it support, show an interest in its success by a liberal subscription that is paid up; if there is an appreciation shown in the paper's progress, and a local spirit displayed to assist in giving the newspaper support, these will reflect in the newspaper's columns showing the civic pride and municipal development and growth of the people.

If there is a citizen with a complaint against the local newspaper, the cause is easy to find. The remedy is at the hand of every citizen, namely: support and encouragement.

The N. Y. Tribune is inclined to sneer at the South for sending such men as Jeff Davis of Ark. to the Senate. And that is rather cruel, too, when you remember New York's superb senatorial outfit.

Senator Foraker is still attempting to prove that the White people of Brownsville shot up their own town, and killed and wounded their own citizens just to spite the Negroes.

The California legislature proposes to take the Japanese bull by the horns by excluding the Japs from the white schools. That's States' Rights for you.

Toledo, Ohio, is also vigorously objecting to the appointment of a negro collector. After all, South Carolina did not make so much fuss about it as Ohio is doing.

The Fifty-Ninth Congress seems determined not to leave much of a surplus in the Treasury for the democratic party to "view with alarm."

Delmas is referred to by a correspondent as a finished lawyer but what is bothering Attorney Jerome is whether Delmas will be his finish.

Keep your eye on Hughes of N. Y. A good governor is apt to make a good President, and executive ability is a rare thing.

A newspaper headline says the Douma is to be Democratic. We suppose it will pass a tariff bill and then it will be Republican.

Senator Wm. Alden Smith began life by selling papers, but that is a great deal better than ending it as a peanut politician.

Ohio draws the color line when it comes to a negro's holding an office that a white man wants.

The embrace of Senator Smoot leaves black marks on the back of the Republican party.

Have One Doctor

No sense in running from one doctor to another. Select the best one, then stand by him. Do not delay, but consult him in time when you are sick.

Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an attack of biliousness, indigestion, sick headache.

An advanced position unless the people shall support him. Large newspapers come because there is the local support in dollars and in works, and as the financial and moral support grows and increases, so will it be found that the local newspaper will march at the head of the local procession, and be found a worthy leader and representative in promoting and bringing to a success local growth in every line of trade and in every industrial enterprise in the community, as well as stimulating the civic energies to even greater efforts of local development.

There are too many men who expect an editor to slave in defense of their pet notions and hobbies, advocate their views against the strongest opposition and then coolly withhold the business support by which alone a small newspaper can live.

The Edenton Transcript has entered its fifth year. We congratulate Editor Swearingen upon his good record, and upon the good paper he is giving the people of Edenton. We wish him much success.

There is no better way of building up our town than giving to our home business men our entire and exclusive patronage. The more we help each other the more we help the town.

The N. Y. Tribune is inclined to sneer at the South for sending such men as Jeff Davis of Ark. to the Senate. And that is rather cruel, too, when you remember New York's superb senatorial outfit.

Beautiful And Helpful. The March number of Style & American Dressmaker is larger and

more attractive than any previous number.

The cover design is stunning. The story, which begins on the first inside page, is amusing.

Some new departments have been added. A review of the New York Theatres is beautifully illustrated. An article on Sandwiches for All Occasions suggests some delicious and dainty new kinds.

The Dry Tinting Process for coloring and shading all sorts of Materials, and which has been so much asked for since this magazine published it last May, is again printed in the March issue.

There is more than the usual variety of designs of dresses and wraps for women and children.

As usual, there are many helpful suggestions for every woman who sews.

Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia.

Take Chamberlain's Cough Remedy however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by S. R. Biggs.

How to Remain Young

To continue young in health and strength, do as Mrs. N. F. Rowan, Mc Donough, Ga. did. She says, "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at S. R. Biggs Drug Store, price 50c.

Congress will adjourn soon, but the country will still be afflicted with the Thaw case. Thus there is always trouble of some kind to contend with.

Tetter, Salt Rheum and Eczema.

These are diseases for which Chamberlain's Salve is especially valuable. It quickly allays the itching and smarting and soon effects a cure. Price, 25 cents. For sale by S. R. Biggs.

With Senator Tillman, Jeff Davis and Bob Taylor in the next Congress, the tickets to the galleries have already been exhausted.

Saved Her Son's Life

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppel. writes: "one year ago my son was down with such serious lung trouble that our physician was unable to help him; When, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work Dr. King's New Discovery saved his life." Guaranteed best cough and cold cured by S. R. Biggs Druggist. 50c and \$1.00 Trial bottle free.

Schnapps Tobacco is Made ENTIRELY from Flue Cured Tobacco Grown in the Piedmont Country. The Imitation Brands Have Schnapps Quality Only On the Outside Of the Plug

Hundreds of imitation brands are on sale that look like Schnapps tobacco. The outside of the imitation plugs of tobacco is flue cured the same as Schnapps, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco. One chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco. The color, size and shape of the tags, plugs and packages of certain imitation brands of tobacco have been made so much like Schnapps that they have often been accepted by buyers under the belief that they were getting Schnapps. Sufficient proof has been secured to establish the fact that certain brands are infringements and in violation of the trade mark laws, yet the trade will continue to be imposed upon by these infringers until the suit already entered and now pending to protect Schnapps is decided. A great many of these imitations are

claimed to be "just as good" as Schnapps, but there is only one genuine Schnapps. Be sure the letters on the tag, and stamped on the plug under the tag spell S-C-H-N-A-P-P-S and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the mild, juicy, stimulating quality of the leaf tobacco. Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other and has a wholesome, stimulating, satisfying effect on chewers.

If the tobacco you are chewing don't satisfy you more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco. Schnapps is like the tobacco chewers formerly bought costing from 75c. to \$1.00 per pound; Schnapps is sold at 50c. per pound, in 5c. cuts, strictly 10c. and 15c. plugs.
