Just before begining on the programn, "When Jesus Comes to Reward His Servants" was sung by all. The program was very interesting and very well discussed. This would have been the final meeting for the sesson, but by a request from the chairman desiring us to have one more in April and let that be held in Jamesville, as he is thinking of retiring from the field. After taking everything under consideration, and knowing too that he had spent most of his days in training up boys and girls to be useful men and women, we thought that nothing we ccul do would be too great an honor for him so all members present voted willingly and freely to meet again in April at Jamesville. They will have no expense save traveling. The program committee drew up the following programns one for Fri-
