COLORED GRADED SCHOOL

The Colored Graded School, under the principalship of W. V. Ormond, began its closing exercises Wednesday night. The program arranged for these exercises is well gotten up, and the exercises as given Wednesday night and again last night were indeed very creditable. There were many white people present both Wednesday night and last night and they were high in praise of the work done by Prof. Ormond and his assistants.
The last of the program will be rendered tonight, it is a musical and allegorical drama in four acts, entitled, "Our Country".

Panama Canal—Erie Canal
Machinery is digging the Panama Canal a thousand times quicker than the shovel dug the Erie.
Machinery produces the L. & M. Paint at 50 times less cost for labor, than if made by hand.
The L. & M. gives the best job in the world, because L. & M. Zinc hardens L. & M. White Lead and makes L. & M. Paint wear like iron for 10 to 15 years.
It only requires 4 gallons of this celebrated paint and 3 gallons of Lined Oil at 60 cts per gallon, to paint a moderate-sized house.
If any defect exists in L. & M. Paint will repaint house for nothing.
Sold by S. R. Biggs, Williamston, N. C. R. W. Salisbury & Bro., Hamilton.

Anti-Saloon League
Rev. R. L. avis State Lecturer and Organizer for the Anti-Saloon League of North Carolina delivered two strong addresses here this week in the interest of temperance reform.
Mr. Davis has given much thought to this subject for years, and is an ardent and successful temperance worker.
The attendance Monday night was very satisfactory. On Tuesday night there was a Masonic meeting in town at the same hour which prevented some from hearing Mr. Davis. Still the congregation was of good size and representative of the various churches and of the best type of the social, business, professional and political life of Williamston.
Twenty-four were enlisted as members of the local chapter of the Anti-Saloon League. Among these are some of the most influential men of the town. The League will be organized Monday night at 8 o'clock in the Christian Church. The interest in this work has deepened and intensified to a degree that is very gratifying to its most ardent friends.
The Anti-Saloon League is Inter-Denominational and non-partisan. Men of every church or of no church, of any political party or of no party may join the League. No total abstinence pledge is required for membership. A drunkard who desires to be rid of the temptation of drink may join.
—Smoke El Coreso.

New Board.
The new board of commissioners were sworn in Wednesday afternoon and have entered upon their duties. C. H. Godwin was elected clerk, N. S. Peeltreasurer and street commissioner. A cow and hog law was passed to take effect June 12. This law takes in cows, hogs and goats. No cattle will be allowed to run at large on the streets of Williamston after that date. The commissioners have ordered a gate to be put across the road below the hill, thus forming a pasture for all cattle, and the residents who own cattle can turn them loose in this enclosure. There was some talk as to the town hall but no definite action has been taken yet.
J. H. Page was reelected chief of police and R. B. Brown was re-appointed night watchman.
—Are you a Chuloo?

KEEP AWAY FROM JAMESTOWN
In the current issue of Everything the following bomb is thrown into the camp of the Exposition:
"The American government backed the Jamestown Exposition for a million dollars and the robbers are at work. Every hotel and every place to sleep has become a stand and deliver proposition. This is not hearsay evidence—it is a fact as ascertained beyond question by representatives of Everything. Hotels that in the other days charged reasonable prices have shot their charges to the sky. Hotels dear at three or four dollars a day are charging for their wretched service ten and fifteen—and unsightly shacks where cots are spread with dirty bed clothes want two and three dollars a night for sleeping privileges.
"It is a game of hold-up—a game that would put to shame the James Boys and Jayathan Wilde and Canada Bill and Rufe Burrows and all the bandits and stage robbers ever operating in America.
"When San Francisco was stricken and the merchants attempted to rob the despairing and fleeing people, Uncle Sam stepped in and declared martial law. The soldiers took possession, and stocks of goods were confiscated. The strong arm of the army showed that Right and Justice would prevail.
"The government at Washington has invested a million of dollars in the Jamestown enterprise and the idea is for people to come there to see a show, and not to journey hundreds of miles to be separated from their coin by greedy men who want to make a fortune in a season.
"Martial law should be declared and every man attempting to charge the robber rate should be put out of business. His property should be confiscated. There is no use to allow this wholesale plunder—and all people should keep away from the Jamestown exposition. There is no reason why they should go and be held up, and it is a hold up in most every case.
"Keep away from Jamestown until the exposition managers make rates that are reasonable—or until the government declares martial law and suppressed the robbers who with high handed effrontery are charging three and four prices. There is a time when the people should be warned and informed, and this is one of them. The press owes a duty to the people and that duty is to spread the alarm that robbers are at work and unnoted."

Death of Joshua L. Corey.
Another of the old soldiers has been called to his last rest. Joshua L. Corey member of Company H, 61 N. C. Regiment passed away at the home of Mr. Alfred G. Griffin last Friday at the ripe old age of 80. His remains were interred Saturday besides those of his father in the H. T. Roberson burying ground.
Mr. Corey returned to Martin County after the war a poor man, but by thrift and economy he managed to accumulate a competency, leaving an estate of about \$15,000. He was never married.
Mr. Corey moved to Beaufort about seventeen years ago and lived there for about fifteen years, he came back to Martin about two years ago and made his home with Mr. Gray Griffin till his death.

Valuable Real Estate
The auction sale of valuable lots at Washington Heights, to be held by Washington Investment Company, on May 23, offers the opportunity to lay the foundation of a great fortune, for no real estate anywhere offers brighter promise of great increase in values than do these lots. By all means attend this sale and buy every lot that you possibly can, and your dollars are just as sure to double for you in a short time, as that you live today.
If you have no spare money at this time, and can give good bankable paper, payable in November next, you can buy all you want, and not pay one cent cash. This is the opportunity of your life to make a safe certain investment.
The lots will be sold to the highest bidder; your price will be our price; you may be able to buy one or two at one half its value, a third, or a fourth—its worth any man's time, no matter how much or how little money he has, to attend this sale.
The regular terms are; one third cash; one third six months, and one third one year from date, with interest, or for all cash 10 per cent off, or for secured paper, due six months after date, no cash may be paid, discount given and no interest required.
Young man, its your opportunity; old man, its better than the bank for your dollars to grow. Dont forget the date; its Thursday, May 23d. Take the old lady and the children, and come, it will do you good to see the people, and see them buy, even if you are too close to buy yourself. Why should we try to convince you that this is a good thing, you know, everybody does, that any piece of land, anywhere, that can be bought at auction, like real estate is now, is a cinch. You know it as good as we do, so hitch up and come on, but don't make a mistake and come the day after; its Thursday, May 23d. If you should happen to stub your toe and cant come, send one of the children, no child could make any mistake in buying these lots. Put one hundred dollars in this property, and it will increase one hundred dollars per year for five years one after the other; other property, not so desirable as this, has done this, and even better. The Auctioneer will go on each lot as he sells it, so that you will know exactly what you are buying; better come early so as to get a good selection.
