Mr. Harriman seems to think that the Navy Department is a combination in restraint of trade.
 Reduced to plain English, Judge Parker means that the Constitution is all right if you will let it alone.

Edward VII has one cinch in connection with his job. He does not have to bother over the third term proposition.

The chief outcome of the Brownsville investigation seems to be a large batch of work for the Government Printing Office.

It remains to be seen whether this nature faker condemnation will have any practical effect on the seasons crop of fish stories.

The Department of Agriculture figures out that rats eat \$87,000,000 worth of food stuffs each year. But at present prices, that is no large quantity.

A California paper tells of a man out there who accumulated a million dollars in debts. Looks as though he ought to be able live off the interest pretty comfortably.

Senator Dewey says he knows what the President is going to do about the third term. It is highly probable that the President would be obliged to Dewey for the information.

The Board of County Commissioners, acting in accordance with a statute passed by the last Legislature, has purchased a state flag, which during sessions of court will be draped behind the judge's stand and on state occasions will be displayed from the top of the Court House. In view of the present condition of things, no doubt, the purchase of the flag was a useless expenditure of money. If Jeter Pritchard and the lawless railroads, which he is trying to help in their utter disregard of State authority, are to make us slaves, there will be no state and the flag, the once proud emblem of a free people will trail in the dust, and the red flag of ruin and despoliation will wave in its place. No longer will Carolinians be the freest of the free, but the slave under the heel of every Pritchard.

There is a tolerably unanimous failure throughout the South to either get excited or enthusiastic over the war screams of a certain section of the yellow press. It is not that the South is not patriotic. If the time ever comes when there is something doing in the war line either with the Orient or any other part of the world, the South will be found holding down its end of the job. That the South could fight and would fight was abundantly and sorrowfully proven during the Civil War, and the united country will probably not get over paying pensions for that object lesson in two generations. That the South was still able bodied and willing was also shown in the Spanish War though that did not amount to much. But as to the talk of war with Japan, the South fails to be interested. There is nothing in the situation to warrant war talk. The situation, such as it is, is not one that wars are made out of. Further, the South has a valuable and growing trade with the Orient that is does not want to see disturbed for the benefit of a few newspapers who make a living out of half page scare headlines. Southern cotton mills unbleached piece goods for the benighted heathen are absorbing topics enough for the South just now. When there is a real occasion for war talk it will begin to take an interest.

Wood Shall Be Corded
 In this community wood is sold by the pen and not by the cord, the seller of wood claiming that he has to pay the cutters by the pen, and he also claims that six pens make a cord. Six pens may make a cord some times, but more often there is

Your Hair Contrary?

Is it inclined to run away? Don't punish it with a cruel brush and comb! Feed it, nourish it, save it with Ayer's Hair Vigor, new improved formula. Then your hair will remain at home, on your head, where it belongs. An elegant dressing. Keeps the scalp healthy. Does not change the color of the hair.

We certainly believe this, or we would not say so. Ayer's Hair Vigor, as now made from our new improved formula, is a great preparation for the hair and scalp. Stops falling hair. Cures dandruff. Promotes the growth of hair. Made by the J. C. Ayer Co., Lowell, Mass.

States Might as Well Go Out of Business

Most of the newspapers out of the State have a clear understanding of the situation involved in the rate litigation in North Carolina, though a few have been misled by the specious and one-sided pronouncement of President Finley. The Springfield Republican states the real situation in a few words when it says "if Federal courts may validly and with such readiness as has been their recent pleasure hold up and suspend State laws regulative of corporations within the State, the States might just as well go out of the governing business altogether. There would remain to them few important powers which could not well be exercised in the municipalities under a national system of local government."

That states the whole thing in a nutshell. If Judge Pritchard's revolutionary order is made "valid" and rich railroads are enabled to set at naught the laws of a State, "the State might just as well go out of governing business altogether." If we have reached the point that the Federal Government, the creature of the States, can absolutely destroy the sovereignty of the State in one of its most important functions, as Judge Pritchard's order destroys North Carolina's right to govern in its own territory, the people of North Carolina are entitled to know it so that they may stop the farce of passing laws without first submitting them to an inferior Federal judge and Southern Railway officials to see if they will permit them to be enforced.—News & Observer.

THE WILLIAMSTON MARKET

This market was born Aug. 6, 1902, and the opening sale on that day was a sight to behold. The two warehouse Roanoke and Dixie was filled to overflowing with tobacco and thousands of our good country and towns people were present to see the auctioneer and watch the bidding on the golden weed. We had 3 or 4 silver tongued auctioneers to make the sale lively and an eloquent address before sales commenced from our silver tongued orator, Senator H. W. Stubbs. The crowd was estimated at 5000 people. The third warehouse, The Farmers Warehouse, was established in 1905 and has been successfully conducted ever since.

The market has been a success from the start and very few of our farmers have ever carried their tobacco to any other market as we have always had good live competition on all types of tobacco and a set of buyers that any market would be proud of. Since the establishment of this tobacco market every owner of town or country property has seen his houses and lands advance in value. Go look at the price of property in 1902 and try to buy it now, you will see the difference.

There was only one thing lacking to make this a complete tobacco market and that was an up to date steam plant, and by special effort on part of our citizens we are glad to announce that we have secured a steam plant that will be second to none in the state, and it will enable our tobacco men to handle the farmers' tobacco under any and all conditions, and put us in direct touch with all the foreign markets of the world. Our types of tobacco are especially adapted to the wants of the English, Japanese and Chinese trades, and over half of the tobacco that is sold in Eastern North Carolina goes to these countries. And, in order to get this trade it must be redried in a guaranteed condition to stand an ocean voyage and to keep sweet and sound for at least five years. We are now in position to put the farmers tobacco in this condition, and our warehousemen and buyers assures the editor and patrons of the market that Williamston shall lead others must follow.

Good Roads in Griffin.

Information from Mr. Plenny Peele, Chairman of the Board of Supervisors, of Griffin Township, shows that the overseers of public roads for that township have been doing some good work. They have their roads rounded, drained and in every way is excellent shape. The roads of the sections looked after by the following gentlemen: Messrs. Jno. D. Roberson, S. J. Manning, D. J. Lilley, Dawson Griffin and Lewis H. Peele are in better condition than they have ever been.

This is indeed gratifying and shows that Griffin Township is in the fore-front, and that if any section of North Carolina gets ahead of her in any way, it must get up and be doing.

Election During War Times

In the re-arrangement of the papers in the vault after the steel fixtures had been placed in same, W. C. Manning, Register of Deeds found an interesting relic of the war in the form of a certified report of an election held on July 25th 1861, at Camp Edwards, Warren Co., by Company H., Bagley Guards, 1st North Carolina Regiment.
 R. W. Rives was Captain, Eugene Burras, 2d Lieut. and John R. Mizell, 3d Lieutenant. The vote was taken for Clerk of Superior Court of Martin County. William H. Harrell, father of the late Dr. W. H. Harrell, received twenty votes; Friley W. Moore, a prominent business man of the County, who afterwards moved to Marshfield, Mo., received 24 votes; James R. Roberson, who now lives in Griffins Township, and who represented the County in the Legislature during the war, received 14 votes. Four of the voters belonged to Lathan's Company.

A careful look over the list of voters as given below, will reveal the sad fact that nearly every one has "passed over the river," for them the last bugle has sounded, and the din of battle cannot disturb. Each fought for the right and no doubt, fought well, for they were North Carolinians and sons of Martin County, and no section in the southland sent forth truer and braver men to battle.

The names of the voters were as follows: Henry A. Girkin, Asa Smithwick, Edmond Martin, Dennis Price, Wm. Simpson, Luke Hopkins, Rich. Tucker, Wm. Jolly Jr., Jas. B. Wynn, Isaac Guthrie, Edmond Harrison, Bailey Craddock, F. M. Craddock, D. J. Kelly, Asa Hardison, Tillman Ayres, Bennet Taylor, J. B. Leggett, Ruben Gurganus, W. E. Bailey, Thomas Wynn, Jesse Beach Spencer Gardner, Wiley T. Taylor, Arden Rogerson, Henry Barber, Jas. A. Simpson, Noah P. Roberson, John Cowan, Lovick Z. Harrison, Albert Richards, Eli Gurganus, Franklin Simpson, James T. Keel, Henry W. Holiday, Jos. Taylor, Jasper Leary, John Taylor, Jos. Van Horn, Cotton Reasons, Thomas Rogerson, Wm. Jolly Sr., Mc-Gilber Taylor, Jos. W. Coltrian, Rich. Hamilton, Alfred Moelin, Stanley Whitaker, Jas. G. Tweedy, Wm. W. Tweedy, Gabriel Allen, John Bateman, Jos. Butry, Noah Asby, Crosby Gardner, R. W. Rives Capt., Eugene Burras, 2 Lieut, John R. Mizell 3 Lieut, Seth Williams.
 Camp Edwards July 25 1861—Warren Co., N. C.

We the undersigned officers of Co. H., Bagley Guards, first Regiment of State troops of North Carolina, Martin Co. do swear this to be the vote of our Company for County Court Clerk.

Votes for Harrell, 20 votes for F. W. Moore, 24 votes, for James R. Roberson, 14 votes.

CURES ALL SKIN TROUBLES

Sulphur the Accepted Remedy for a Hundred Years
 Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur tablets or "wafers," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.
 A well known citizen of Danville, Va., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50 cent bottles of the LIQUID, and one jar of your HANCOCK'S SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and I am sure it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions."

A Bad Accident.

Wednesday afternoon about 4 o'clock the little six-year-old girl of Mr. Luke Mizell was accidentally shot by her eight-year-old brother. The children were playing with a double barrel shot gun, it went off and the load struck the little girl in the fleshy part of the right leg a love the knee tearing away nearly all the flesh. Fortunately the bone was not broken. Drs. Warren and Rhodes attended the child and say, while it is a very serious wound there is a chance for her getting over it.

 Sell your tobacco at the place you can get the most money for it, and the
Roanoke Warehouse
 IS THE PLACE

I have had 28 years experience in Warehouse business, and I never let any man—men or warehouses pay any more for tobacco than I do. I am going to give every man that sells his tobacco with me the very top of the market. I can get you as much money as you can get in Wilson, Rocky Mount, Greenville or anywhere else. I run my Warehouse for the Farmers' good. He pays me to sell his tobacco and it is my duty to get every cent out of it for him. All I ask you to do is

 PREPARATION FOR
THE JOURNEY
 "Say Bill, I have decided to go over to South Africa in search of gold. Will be gone for two years. Well how in the world can you do that, John? What will become of your wife and five children? Aren't you going to make provision for them before leaving?"
 "No that's not necessary. They will get along some how. Providence takes care, you know. Nobody ever perishes in this country."
 "John I must say that you are a fool."
 From above conversation it appears how readily one would be branded a fool who would take a journey without making provision for family. BUT HOW ABOUT THE MAN WHO DIES—taking the journey from whose home no traveler ever returns, not having provided for his family in the way of LIFE INSURANCE?
 Meditate on this awhile and then come and let us fix up a Life Insurance Policy that will amply provide.
