—It is reported that the Wicomico Lumber Co., of Maryland, has purchased the Godwin Mill site and the field near it, known as the Dennis Simmons field, and in a short time will begin the erection of a large wood working plant.

—There has been a great deal of sickness in our community during the past ten days. The following have been under the physician's care but are now convalescing: Mrs. Cottie Crawford, Mrs. W. H. Crawford, Mrs. W. A. Ellison, Mrs. R. S. Crichter, Mrs. S. S. Brown, Mrs. Walter Hassell, Mrs. C. W. Keith, Mrs. T. S. Graham.

—The firm of Slade, Jones & Co. of Hamilton, one of the oldest business institutions in the county, dissolved partnership on the 17th of this month. Mr. W. S. Rodes, who for years has been associated with the firm as bookkeeper, has purchased the business, and we understand that he will continue it at the same location. Mr. Rodes' friends wish him much success.

—When you want a good job of printing don't just take your copy to a printer and tell him to do you a good job, and he will. If you think you know more about the business than he does and select your paper and instruct him what type to use and all the little details, you will get a better job. A printer working under instructions from one who knows nothing about the business, no matter if he is an expert, cannot get out a neat job.

—The attention of horse owners is called to the advertisement of the Martin County Breeders Association in this issue. Realizing the need of better horses in this section, the Martin County Breeders Association purchased last fall Echo 4232, a beautiful brown French Coach Stallion, whose blood runs back in unbroken strains to 1732. So fixed is the type of French Coachers—that they have proved themselves the most prepotent and impressive breed of horses that has ever been introduced into this country. They transmit their valuable qualities to their progeny with a surety and definiteness that can not be excelled. This beautiful horse can be seen at the stables of the Maatin Live Stock Co.

FREIGHT TRAIN WRECKED

Two Cars Jumped the track and Blocked the Line for Several Hours.

Monday afternoon the freight train was wrecked about three miles from town, in Elisha Moore's field. Just after crossing the trestle the freight car ahead of the co-boose jumped the track carrying the co-boose with it. The two cars got crossways the track and it was not till about nine o'clock that night before trains could pass. There was no one hurt.

The 4:30 train going to Tarboro ran up the wreck and waited for the 6:05 train, when the passengers and mail were transferred from one to the other, the trains running back and making the regular trip. There was very little delay in the mail trains.

Shot for Conjuring Mules.

Thursday of last week John David Wynn of Cross Roads Township, shot Tom Mizell, colored, twice, for conjuring his mules.

Wynn's mind is unbalanced, and has been for several years. About a year ago he was released from the State Hospital for the insane, where he had been for several years, and it was said that he was well.

On Monday of last week Wynn went to Everetts and purchased a shot gun. On Thursday he shot the old darkey, Mizell, who lives close by his farm, and said that the darkey was conjuring his mules so he could do nothing with them. The darkey was shot at long range, and the small shot did not hurt him much.

The sheriff was informed of the condition Saturday morning and went immediately to Wynn's home, where with the aid of several persons and his deputy, Wynn was taken into custody, and is now in jail, where he will remain until the necessary papers can be had for taking him to the State Hospital.

—Mr. W. C. Powell of Norfolk is registered at the Atlantic. He is an expert timber estimator and is here to go over the property of the Martin County Timber Co. and estimate the timber. Mr. Powell and Mr. J. T. Lynch, of New York, and Mr. J. G. Staton went down the river yesterday on the gasoline launch to the company's property in Bertie.

—In this issue of the Enterprise we have the new ads of J. Paul Simpson, Manufacturers' Agent for Machinery, and J. A. Mizell & Co., the Pioneer Free Delivery Grocers. Read their ads.

Colored Teachers

The Martin County Colored Teachers Association held their regular monthly meeting January 25. Both the president and vice president were absent, the chair was filled by Rev. J. H. Johnson of Everetts. "Work for the Night is Coming," was sung by the association, after which the president read for a scripture lesson the 1st Division of the Psalms, and led in a word of prayer "Try to Carry Sunshine," was sung. The minutes of the preceding meeting were read, and stood approved. The program was then followed.

Supt. Peele addressed the association on "The benefit of a County Association to the Teachers." He said the teachers are living in a great age, a day in which things are being done.

The day is here when the teachers must be leaders, must be up and doing. Their work must be Co-operative, for one grand purpose. He also said the association will be what the teachers makes it. If we come expecting nothing we get nothing, and if we come looking for something we get it. The teachers must put their shoulders together and the wheel will move. The girls and boys under our charge must be shown that we are looking for something higher and better. The true teacher is needed everywhere. Supt. Peele said low amidst loud applause.

The president arose and said that he hoped the teachers would put into practice the principle that the Superintendent had set forth, and would see better results from our labor.

Mr. Ormond said he had gleaned three important words from the address given by Prof. Peele viz: "Encouragement, stimulant, and duty. There is much for us to do. The profession is not one of sorrow but of duty.

Mr. J. C. Corden gave a short address on "The First Day of a county school." First, said Mr. Corden, we must see the chairman of the schools, secure a list of the students, and visit the parents prior to the day for the opening, and encourage them by our interest in them and their children. Next, visit the school, see that the building is in order, and the yard is cleared off. Spend the first day in school in grading pupils, and in making their acquaintance. Give short talks along the lines of neatness and politeness. Impress upon the pupils minds independent thinking.

Mr. G. L. Hill said a few words on the subject. He advised that all written laws be abolished. Let the law of the school be, "Do Right."

Mr. C. R. Respass "How shall the teachers secure the co-operation of the patrons of the school? To do this we must make ourselves active in securing their friendship. Tell them what the school means to them and that they are a part of the school. The Library Committee brought in a partial list of books to be used by the teachers of the association.

Program, February 22d 1908.

1. Music.
2. Scripture Reading and Prayer
3. Music.
4. How to keep Order—J. J. Bryant.
5. Solo. Miss Mary Jones.
6. "Our Duty as Teachers," G. T. Hill.
7. Solo—Mrs. A. E. Ormond. Emma E. Andrews, Sec'y.

HOBGOOD ITEMS

Superior Court at Halifax this week, with a very full docket. It looks like the evil does never cease.

There is not much doing in the way of farming in this community yet, they all seem to be undecided as to what to plant but I believe the sentiment seems to be in favor of increasing the cotton acreage.

Hog and hominy is the thing to go after if the farmers want independence, for there is no thought so consoling as the full barn and smoke house. Repair all the old corn mills and build new ones, and stop depending on the retail stores for your meal.

The most of the farmers in this section have sold their peanuts, they lost confidence in any better prices and turned loose. You have to stick up bretheren if you expect to accomplish anything.

There is a plenty of La grippe in this community and it is making some of them very sick, especially the older people.

While adding other enterprises to the town of Williamston date the matter with a good up-to-date corn meal mill? I am told there is no big margin, but a ready demand for every bag at a fair profit.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. The tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by S. R. Biggs.
