Two young men have spoken here on prohibition. Saturday afternoon Hon. R. O. Everett of Durham addressed a large and appreciative audience in the town hall. Mr. Everett discussed the question as a governmental policy, showing that it is the duty of the State to take such action as the interests of the majority of the people demand. With irrefutable facts he showed that the industrial, intellectual and moral development of the people would be advanced by state prohibition. He contrasted the state in 1881 and the present, and showed that the large growth of prohibition sentiment and strength is due to elimination of ignorant and vicious votes from the ballot and the dissemination of intelligence among all the people. The speech was strong, logical and fair. No doubt the cause was very much strengthened by this calm, intelligent and impassioned address.

Tuesday evening at 8 o'clock another good crowd assembled in the town hall to hear Hon. Garland E. Midyette. He greeted his hearers with such just and manly arguments that not the strongest anti-prohibitionist could take any offense at what he said. He contrasted with vivid effect the wet and dry cities of North Carolina, showing that prohibition invariably helped every city that had tried it. He said that this movement was not the pet of any party or order, but was a natural result of the onward march of intelligence, morality and good government. He appealed to reason, not prejudice; to virtue, not vice; to the heart not the stomach. All he asked was that every man honestly weigh the evidence for and against prohibition and then vote to the dictates of his conscience.

After the speaking the Hamilton Athletic Club played "Ten Nights in a Bar Room."

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often slows up, the kidneys are inactive, and even the heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life vigor, and ambition. Try it and be convinced. Sold by All Dealers.

Closing of Hamilton High School.

(Special Correspondence)

On last Friday night, the closing exercises of the Hamilton High School took place. The house was filled with people, many from adjoining towns.

The negro sermon, recited by Watson Sherrod, pleased the audience, he acted the negro to perfection. The Brownies, with more than twenty little boys taking part, and they ranging from seven to fifteen, was a lovely sight, and showed skill in training. Darden Jones recited his piece well. Fannie Matthews, her piece being one of Dorothy Dix, "Mirandy on Vanity" was taken off to perfection, and greatly amused all present.

Mr. Neal offered three prizes, one for attendance, two for the ones writing the best compositions throughout the year. Annie Jones received one on composition, and Fannie Matthews the other one. He also offered one for attendance. Fannie Matthews receiving that one. Mrs. Grimes offered three, one for attendance, and for deportment, also one for the one that missed the least words in the spelling class, this was awarded to Dennis Inscoc. Reta Upton received the one for attendance, and Mildred Pugh the one for deportment. Mrs. Gladstone offered three in the department of music, Castine Purvis, receiving first and Maggie Peel and Fannie Gladstone received the others. Mildred Pugh recited her piece "Two old to kiss," with a great deal of charm and credit.

If any one has any doubt as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stimpson, of Williamston, Conn., who, after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. C. C. Chase, S. R. Biggs.

We are glad to see Mrs. C. C. Fagan home. She returned last week from an extended visit to her parents in Columbia and was there during the Baptist Association.

May the time soon arrive when temperance sweeps the licensed saloons out of this state, and takes the "Privilege to get drunk" from so many men that do not need any "privilege" at all.

Miss Hudson, the teacher that the children think must have come from Fairyland gave them a delightful picnic at Dailys Hill last week. They greatly enjoyed eating their lunch, and rustating on the banks of the old Roanoke river where the Lotus is spreading its wide leaves over the dark waters, preparing to bloom so beautifully to loose its fragrance on the desert air. We hope to have Miss Hudson with us next session, the children are more improved in every manner than before, and in fact she is quite an acquisition to the whole community.

Oak City Speaking

(Special to The Enterprise)
Oak City, N. C., May 10—The largest crowd ever witnessed in Goose Nest Township, Martin County, gathered at Oak City last Sunday afternoon to hear the great moral issue of prohibition discussed by Mr. R. O. Everett of Durham. The day was ideal, the crowd open-minded and Mr. Everett at his best.

The speaker showed a thorough understanding of his subject, and handled it at all times with power and eloquence. Many arguments against the great question were convincingly answered.

Mr. Everett is a son of Martin county, and her people welcome him and the message he brings. She has watched with pride his career in his adopted city, and hopes that he may ever be found steadfast and strong on the side of right.

A committee from Hamilton came to the afternoon gathering to extend to the speaker an invitation to deliver a like address to their people on the following evening. A large crowd, and attractive program, and a thorough discussion of the subject is reported. One of the most remarkable

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centers—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablet 25c. Sold by All Dealers.

things about the speaking was that every element of life was present, and enthusiastically supporting what was here-to-fore thought by other parts of the State to be an unpopular measure in this community. This is a tribute to Mr. Everett, who is a native and well known in this county, and no man could have drawn more people and been heard with more enthusiasm than could Oscar Everett as he is so well known throughout this part of the State.

It was one time thought that Martin County would go overwhelmingly against Prohibition, but owing to the articles of Elders Gold, Hardy and Hassell, the persistent work of the advocates of temperance, and the speeches by Mr. Everett, it is now hoped and believed that this section, at least, of the county will go dry. The people of the county are gradually awakening to the righteousness of the cause.

The Most Common Cause of Suffering

Rheumatism causes more pain and suffering than any other disease for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by All Druggists and Dealers in Patent Medicine.
