THE CONVENTION

The Convention at Plymouth yesterday did itself proud in renominating Hon. John H. Small for Congress. Mr. Small is a Democrat among Democrats, and his district is proud of him. His record is open to all, and was heartily approved by his constituents yesterday. Mr. Small is the only Congressman from this state who is quoted in the hand-book recently compiled by the National Congressional Committee. One of his speeches against the ship subsidy policy of the Republican party is quoted and will be used as Campaign literature.

In nominating Hon. Walter L. Cohoon as Elector no mistake was made. He is a Democrat of the first water and one that is well able to meet the enemy anywhere, and wherever his services are needed he will be found doing valiant service for his party.

It is too common for Americans at home and abroad to plume themselves upon the magnificence of their country. In fact the American abroad has made himself most obnoxious by his bragadocio, but he is not unique in this respect. The Englishman brags, as well as the Frenchman and the German; the Japanese brags, in his way. But the American is perhaps the most boastful boaster that boasts in modern times and he has much to boast about. There is no other land in all the world so favored as the United States. The crop that is now being harvested is estimated to be eight billions of dollars, a sum so stupendous that it cannot be grasped by the intellect, but which is sufficient to pay the national debt and to purchase all the railroads in the United States beside. In the cotton crop, this country is without a competitor. Cotton is raised in India in China, in Egypt and the crops may be seen going to market in bullock carts and on the backs of donkeys, and camels, but the little raised in other climes compares with ours in only a very remote degree as to quantity. Our cotton crop alone usually equals the crop value of many other countries in the world.

Only two dissenting votes in the Convention—well, you find knockers in every walk of life. Frank, open criticisms are manly and commendable and should be invited, but, attacks in the dark are mean, despicable even in politics.

The Coast Line in reducing the freight service to this point, plays into the hands of the Norfolk & Southern. A daily boat would relieve the situation, and the merchants can get it if they want it.

Twenty-one delegates from Martin attended the Convention in Plymouth yesterday—eighteen of them from Williamston.

The dissenters in the Congressional Convention yesterday were evidently very lonely.

There is one preparation known today that will promptly help the stomach. This is Kodol. Kodol digests all classes of food, and it does it thoroughly, so that the use of Kodol for a time will without doubt help anyone who has stomach disorders or stomach trouble. Take Kodol today and continue it for the short time that is necessary to give you complete relief. Kodol is sold by Chase's Drug Store; Biggs' Drug Store.

THE COST OF GOVERNMENT

If we except the most active period of the civil war, the total drafts upon the Treasury of the United States during the past Congress have been greater than at any period in our history. In the year 1865 the total appropriation was \$1,309,000,000, of which \$1,030,000,000 was spent upon the army. The appropriations for the fiscal year 1909 reached the total of \$1,007,086,569. The largest appropriation for a single department was that for the Post Office, which was over \$224,000,000. The next in size was that for pensions of over \$163,000,000. The permanent annual appropriation was over \$154,000,000. The most significant feature of the appropriations during the year is the great amount of attention that has been given to the building up of the military branch of the government; and the expenditures for the army and navy, if we leave out of account the years when the country was in the throes of the civil war, have been the largest made in the history of the country. The army was granted over \$95,000,000; \$9,500,000 was appropriated for carrying on the fortification of our sea coast, and \$846,000 was appropriated for the Military Academy. Moreover, under military expenses should be included the \$163,000,000 which will be spent on pensions. If we add to this the sum of \$127,000,000, appropriated for the navy, we get a total expenditure for military purposes, of one kind or another, direct or indirect, of nearly \$400,000,000, a truly colossal sum, when we bear in mind that our standing army today is not over 70,000 in strength.—Scientific American.

Heat prostrates the nerves. In the summer one needs a tonic to off-set the customary hot weather Nerve and Strength depression. You feel better in 48 hours after beginning to take such a remedy as Dr Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you won't get intirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless spiritless feeling will quickly depart when using the Dr Shoop's Restorative. It will strengthen the weakened Kidney and Heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by all dealers.

The Bryan demonstration in the Denver convention was thirty-nine minutes longer than the Roosevelt demonstration in the Chicago convention, and that is something to crow about. We just out-hollowed the other fellows. If we vote in the same proportion in November it will be all right.—Greenville Reflector.

Political Gossip

The day of the party boss in North Carolina is about at an end. The people are now thinking and acting for themselves more than ever before. Machine politicians had about as well take notice. This bright day has been brought about by a more general diffusion of knowledge, by the work of our schools and colleges. Intelligence always has and always will rule.—Benson Spokeman.

In Bryan the people see a leader who will not only overthrow governmental wrong, but whose positive characteristics and whose constructive ability will open to the American people a higher and nobler citizenship. The democracy of Bryan has triumphed. His splendid American manhood has won.—Nashville Tennessean.

The ticket is now complete, Bryan and Kern. It is worthy of the unanimous support of the Alabama democracy and that it should receive. A solid and united party in Alabama and other southern states will have its moral effects on the doubtful states where the fight will rage.—Montgomery Advertiser.

In his public and private character, Mr. Bryan represents what is highest and best in American life. As the years have passed he has grown in political stature until, as a leader, his ideas and policies dominate in the best sense the great party he is called to lead to victory in November.—Knoxville Sentinel.

The democratic declaration on the tariff will be satisfactory to tariff reformers. The immediate reduction should be made in the tax on necessities of life, and especially on those which are sold abroad cheaper than at home. Those articles which come in competition with the trusts should be put on the free list.—Baltimore Sun.

William is such a popular name for nomination this year that even all the county candidates with that name are taking courage.—Greenville Reflector.

It Can't Be Beat

The best of all teachers is experience. C. M. Harden, of Siler City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at All Druggists. 50c.

THEY HAD NOTHING

TO DO WITH IT.

The Democratic National Convention can well afford to keep their hands off the Brownsville incident, and tell the negroes on their way to Denver that this matter came up entirely within the Republican party, during a Republican administration and therefore they have nothing to do with it.—Wilson Times.

Over Thirty-Five Years

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by All Druggists and Dealers in Patent Medicine.

Just another case of thinking some spot around the house is a safer receptacle for money than a bank. A Greensboro young woman had managed to save up \$2,100. She took a notion to draw the money out of the bank and have it hid away at the home of her father in the country. The story

has the usual conclusion: While the family was absent from home a thief found the money and made way with it. It looks like enough items of this kind have been printed to induce every person who has surplus money to deposit it in the banks.—Greenville Reflector.

Just Exactly Right

"I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Felton, of Harrisville, N. Y. New Life Pills relieve without the least discomfort. Best remedy for constipation, biliousness and malaria. 25c. at All Druggists.

MEETING OF LAYMEN

The Laymen's Movement of the M. E. Church, South, was inaugurated for the purpose of simulating on the part of laymen and developing Church workers among laymen.

This movement effected an organization in North Carolina Conference at its last session at New Bern in December last with a president of the Conference organization and a vice-president for each Presiding Elder's District.

Mr. J. S. Carr of Durham is the president, and Dr. D. B. Zollicoffer of Weldon is vice-president for the Warrenton District.

An arrangement has been made for a mass meeting in the interest of this movement to be held in the Methodist Church in Williamston on the 4th Sunday in July.

Dr. Zollicoffer will speak on the Lymen's Movement at 11 A. M. and Mr. P. N. Stainback will speak at 8:30 P. M.

These gentlemen are both exceedingly interesting speakers and we are very fortunate in having them to visit us.

This is the work of Williamston and Hamilton Charge and not of the Williamston Church exclusively and the pastor desires that all who can do so will attend this meeting from all the Churches.

One or more meetings will be held on Monday announcement of which will be made at the 4th Sunday's services.

The friends from the other churches and the public generally are invited to be with us on this occasion.

Best the World Afford.

"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c. at All Druggists.

War Against Consumption

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. C. C. Chase, S. R. Biggs.

MR. BURRAS' ANNOUNCEMENT

TO THE EDITOR:
I was informed by some friends during Court week that the report was being circulated that I would not be a candidate for the office of County Treasurer before the next Convention. I wish to say through your columns that I will be a candidate for renomination, and ask the support of all Democrats.

Very Respectfully,
H. M. BURRAS.

YOU CAN EASILY OPERATE THIS TYPEWRITER YOURSELF

Don't worry your correspondent. Don't write him anything by hand that takes him time to make out—that may leave him in doubt—that he can't easily read. And don't fill out legal papers or card memos or make out accounts or hotel menus in your own handwriting. It looks bad, reflects on your standing, makes people think you can't afford a stenographer, and is sometimes ambiguous. You can write out your letters—make out an abstract—fill in an insurance policy—enter your card memos—make out your accounts, or a hotel menu—or do any kind of writing you need, on any size or thickness of paper, and space any way you want on

The OLIVER Typewriter

The Standard Visible Writer

You can write any of these things yourself if you do not happen to have a stenographer. For you can easily learn, with a little practice, to write just as rapidly, and as perfectly, as an expert operator on the OLIVER. Because the OLIVER is the SIMPLIFIED typewriter. And you can see every word you write. About 80 per cent. MORE DURABLE than any other typewriter, because it has about 80 per cent. LESS WEARING POINTS than most other typewriters. So per cent. EASIER to write with than these other COMPLICATED, INTRICATE MACHINES that require "honorific" technical knowledge—long practice and special skill to operate. Then machines which cannot be adjusted to any special space—with which it is impossible to write abstracts, insurance policies, odd size documents except you buy expensive SPECIAL attachments requiring experts to operate. You can adjust the OLIVER to ANY REASONABLE SPACE—you can write on ANY REASONABLE size or thickness of paper, right out to the very edge, without the aid of ANY EXTENSIVE ATTACHMENT or special skill, and your work will be neat appearing, legible and clear. For the OLIVER is the Typewriter for the doctor, lawyer, the insurance agent, the merchant, the hotel proprietor—or any man who does his own writing. Write us now for our booklet on the SIMPLIFIED features of the OLIVER.
