Vote early and vote the Democratic ticket.

Don't scratch your ticket, every man on the Democratic ticket merits your support.

Bring your indifferent neighbor to the voting place and let him deposit a ballot for the entire Democratic ticket.

The species of "knockers" is varied and the numbers large. Were we bereft of them the census reports would be alarmingly diminished. They everlastingly carp at everything and are dead beats in the life of a town. They snarl at the ministers, the churches, the home paper, the merchants, the doctors, the lawyers, and think themselves the ballast that keeps the town steady. They do not realize how gladly the town would throw overboard that kind of ballast and ride more safely on the wave of progress without them.

**The Country Life.**

We have heard it said that "God made the country and man made the town." To a lover of the true and beautiful, the truthfulness of the assertion is at once apparent. Man prefers the busy, crowded streets, the close stifling atmosphere to quiet lanes, vaulted blue skies, the songs of birds and the merry, ceaseless hum of insects. The farm is growing into disfavor, girls and boys grow restless and seek the worry of city life. Many of them prefer a dingy attic and three dollars a week to the great, soft feather bed, where tired "mother" tucked them in at night. They seem to forget, if they ever

knew, that the farmer is the most independent being on earth. He is King, controlling the markets of the world, and his voice proclaims the names of those who are to rule over us. He feasts every day on nature's choicest food; he can sleep as sweetly, as the little ones in the cradle beside him, because no vision of a drop in stocks or angry creditors come to make his dream a hideous nightmare. Nature's treasure-house is his from which to draw. The grain of the field, the fruit of the vine, the fruit of the tree, are all his, yes, more, the cattle upon the hills and the lambs gamboling over the fields. He is near to Nature's heart, and can clearer see the Hand of the Great Builder, and feel more deeply His presence. The man in the town bending over his desk, or wielding the heavy tools looks with almost moist eyes out towards the woods and fields and longs to stretch his tired limbs upon a carpet of straw and feel the freedom of a country life. We cannot see the reason for a steady increase in the number of farmer's boys making their way into the towns and cities. There is now an overflow in the large cities of both North and South. With efficient mail service, and a rapid increase in good schools, and churches planted here and there, the country is in easy touch with the world outside. The need for a strong manhood has never been greater than now, and where can we look more than to the boys enjoying the free life of the farm. Give us the country and let others choose where they will.

**Washington Letter.**

(From our Regular Correspondent)

The campaign has been lagging a little bit so Mr. Roosevelt had to butt in again as he has done several times before, to put a little ginger into the fight. When the campaign opened up, Mr. Taft was favorable to a revision of the tariff which he promised to make along lines that would still afford some protection. But in the last two or three weeks, he seems to have dropped the tariff issue and now his chief object is to convince the public that his election would mean a restoration of prosperity and giving to the working men another full dinner-pail, which they have not had for some time.

The Democrats are replying to this, that since the last panic occurred in the Republican administration right in the midst of an era of prosperity it is thereby shown that Republicans are no more panic proof than the Democrats. It is generally admitted, however, that the panic which occurred a year ago could have been prevented had the finances of this country been on a scientific basis, such as they are in France, Germany and England where panics practically never occur.

It seems that the Democrats are banking more on the panic last fall as their chief asset than anything else. Going back a little into our history, it will be found that panics have helped the party which was out of power at the time they occurred, and there is no exception to the rule. In each instance, when the panic occurred, the next presidential election following the same has always turned the party out that was in power. In 1837, when Van Buren Dem. was president, the first severe panic was experienced, and the following presidential election which occurred in 1840 as well as the Congressional election of 1838 preceding it, was an overwhelming victory for the Wigs and a complete route for the Democrats. In 1857, twenty years later, another panic occurred under Buchanan which resulted in the election of Mr. Lincoln in 1860. In 1873, another panic occurred under Grant, which resulted in the overwhelming Democratic victory in '74 and again in '76. In 1893, another panic occurred under the Democrats which the Republicans made into an asset of their own in turning the Democrats out, so the Democrats are basing their hope on winning the election as the result of the panic a year ago, which they argue, will cause a republican rout.

**Human Nature and Woman Nature**

The successful advertiser must understand human nature, but his most direct appeal usually is to Woman Nature. The ladies are the bargain hunters. Very likely some of them right now are reading this and will turn to look for bargains advertised in this paper. They get on the trail of a bargain and follow it right into camp if they once find the trail.

Your store is the camp. This paper is the trail. Why not connect the camp with the trail?

Do not let anyone tell you that something else is just as good as DeWitt's Kidney and Bladder Pills because there isn't anything just as good for weak back, backache, rheumatic pains, inflammation of the bladder, or any Kidney and Bladder disorder. A week's trial will convince you. Sold by Chase's Drug Store; Bigg's Drug Store.

Kennedy's Laxative Cough Syrup is used nearly everywhere, because it not only heals irritation of the throat and stops the cough, but it drives the cold out of the system through its laxative principle by assuring a free and gentle action of the bowels, and that is the only way to cure a cold. You can't cure it as long as you are constipated. Insist upon Kennedy's Laxative Cough Syrup. Sold by Chase's Drug Store; Bigg's Drug Store.

To prove that his stomach is all right, Mr. Harriman has gobbled up another railway system.

**Where Bullets Flew**

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50c. at All Druggists.

The Big Stick appears to have a steel pen on the end of it.

**Would Mortgage the Farm**

A farmer on Rural Route 2, Empire, Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured the two worst sores I ever saw: one on my hand and one on my leg. It is worth more than its weight in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c. at All Druggists.

The Baltimore Sun, an old Democratic paper has been purchased by Mr. Chas. P. Taft, of Cincinnati, O., and is supporting his brother with it, and so the Democrats are claiming he is trying to trick the people a republican paper supporting a republican candidate.

**More Than Enough Is Too Much.**

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by All Druggists and Dealers in Patent Medicine.

**Bryan as a Campaigner.**

The physical stamina and mental alertness displayed by Mr. Bryan during this campaign are nothing short of marvelous. As a campaigner he has eclipsed the record of the most famous stump speakers of American history. He seems to be made of something more durable than flesh and blood. On many an occasion he has reached his bed on a Pullman car long after 1 o'clock in the morning after a day of ceaseless strain, to arise at daylight and deliver speeches, shake hands, and endure laborious travels for another eighteen hours. Other men have accomplished this feat for a week or ten days at a stretch, but Mr. Bryan seems to be able to make such a task his regular occupation.

Only an abstemious life, rugged constitution, and a good disposition could stand the strain to which Mr. Bryan subjects himself. He is admirable constituted to serve as a presidential candidate. The drain upon the vital resources of such candidates is becoming heavier with every campaign, and it is a question whether it will not be necessary to bring about a complete change of campaign methods if candidates are to survive and save their health.

However men may disagree with Mr. Bryan, there can be nothing but admiration for his equipment as a campaigner. He is an antagonist worthy of the steel of any man. If Mr. Taft should win this election, the honor will be the greater because of the character and energy of his opponent.—Washington Post.

Bees Laxative Cough Syrup always brings quick relief to coughs, colds, hoarseness, whooping-cough and all bronchial and throat trouble. Mother especially recommend it for children. Pleasant to take, gently laxative. Sold by Chase's Drug Store.

Japan is doing her best, since she looked that fleet over, to show the American people that they are her "regular little cherry blossoms."

**Fifty Years a Blacksmith**

Samuel R. Worley of Hixburg, Va., has been shoeing horses for more than fifty years. He says: "Chamberlain's Pain Balm has given me great relief from lame back and rheumatism. It is the best liniment I ever used." For sale by All Druggists and Dealers in Patent Medicine.

The charge is also being made, that the steel trust and oil trust and other trusts have simply put their men back to work until the election is over, as a bluff towards showing that prosperity has returned, when in fact many of these men are to be laid off when election is over.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. C. C. Chase & Co., S. R. Biggs.

The New York department of labor bulletin rejoices in the fact that, anyway, even if many men and women are out of work, their absence from factories is materially reducing the number killed while being employed. That is to say, it is more agreeable to the bureau to have them starve to death than mangled by machinery.
