Senator Tillman cannot help getting in a scrap with some one. Now he has "riled" the Democrats.

Taft is without doubt the most discerning radical president that the country ever had. He desires to appoint a good man to the Judgeship and cannot find one in the radical party in North Carolina.

To Our Subscribers

We have a communication dated at Parmele, N. C., which is unsigned. We regret this, for we would prefer sending the writer a personal letter.

Another letter reached us from one who has ever been a firm friend of THE ENTERPRISE. In it he says that a change in the R. F. D. routes makes it imperative that we get the paper to Robersonville on the 4:30 train on each Friday.

We trust that our subscribers will appreciate our efforts to get to them on time and when we fail, will know that we are trying to serve them in the best way.

Four Good Months

Four months of prohibition in North Carolina and yet people are living in the same old way, and the end of the world has not come yet as some seemed to think.

To use the words of a respectable, hard working colored man: "Prohibition is the greatest thing I have ever seen—the only trouble it did not come soon enough."

We can see that no one has been injured by the law, but the benefit to the laboring class has been and is without a parallel in the annals of the State.

Royal Baking Powder Absolutely Pure The only baking powder made from Royal Grape Cream of Tartar.

and all the good has not come yet. There is no restlessness among the masses; of course, some are thinking in the old way—that liquor should flow freely on every street.

Diversified Farming

The farmers of Catawba County are living at home and boarding at the same place. They have diversified their crops, they have gone into stock raising and dairying, and many are engaged in truck farming to supply the home markets.

The above is the ending of an article appearing recently in the News and Observer, which told of the marvelous things the farmers of Catawba County were doing by a diversification of crops.

What is true of Catawba County can be true of Martin County, because of land more easily cultivated. There is no county in the State with greater agricultural possibilities than that of Martin. But our farmers are slow to see the benefits of diversifying their crops.

We plead and hope for a greater advancement within the next ten years—an advancement that will place Martin County where it belongs—at the head of the table.

Lived 125 Years

Wm. Parr—England's oldest man—married the third time at 20, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80.

If you can't talk of anything but your woes, don't talk.

Kills To Stop The Fiend

The worst foe for 12 years of John Deye, of Gladwin, Mich., was a running ulcer. He paid doctors over \$400.00 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him.
