We regret that our patrons could not have a complimentary notice of the concert given last night by the Graded School pupils. But it is our custom to close our forms Thursday night...

The agitation of the temperance question is worrying the army and navy officers. It is proposed to make total abstinence a factor in promotion. Senator Johnson, of North Dakota, is sponsor for this new idea...

The man who stops his news paper to save a dollar is practicing doubtful economy. A dollar can be invested in no way to bring better returns than by subscribing to some good paper.

Newspapers are a necessity in every day life. The man who does not take his county paper, a farmer or other trade journal, and his church paper, is a little bit too much out-of-date for the every day demands made upon the modern citizen.

The condition of things around the market house and slaughter pen in Raleigh reminds us that the Williamston market stalls are not kept as clean as they can and should be. It is a difficult matter, we know, to always have stalls free from odors unpleasant, but with the use of disinfectants and a thorough cleansing each day, there would be no cause for complaint.

Club Rooms Exclusive

(By A Woman)

Once upon a time in a little town on the banks of a surging river, lived a number of men who not caring to get home early in the evening, and needing a pleasant place to hang up, formed themselves into a club.

tion. Looking far across hemispheres, over oceans and mountain ranges, they found a magnificent flower floating on the sweet waters of the classic Nile—that they chose for their emblem.

These men were lavish in the furnishing of the rooms, the comfort and brightness of which would cheer the tired man of business. Things were perfect in arrangement, and with one accord the men exclaimed: "It is good to be here!"

In the course of time, fourteen women of the town formed a book club, strictly speaking an organization, the meetings of which were full of "good things," both to eat and otherwise. At the last meeting of the year, it was decided to give a banquet to which each member could ask several friends.

The action of the Honorable Board of Governors does not seem strange, even though the women have been made to think that they would be free to ask for the rooms. One has only to stop and see that four of them are sour old bachelors, one a widower and the other a married man!

The members of the Book Club are taking this species of ungalantry sweetly, as they do many things thrown at them by the "lords of creation." There is an old adage which reads: "All's well that ends well."

We know of nothing better for cuts, burns, bruises, scratches, or in fact anything where salve is needed, than DeWitt's Carbolic Witch Hazel Salve. It is especially good for piles. We sell and recommend it. Sold by Biggs' Drug Store.

Talented Artists to Appear in Williamston, May 24th, at City Hall.

We make special mention also of Miss Shellye Barlow of Tennessee as a pianist and accompanist. This lady can be justly described as a musical genius. She is not only cultured but she has music in her soul, which apparently gets into her fingers when she touches the keys of a piano.

When you take Kodol, the food you have eaten will be digested naturally, regularly and promptly, and in this way Kodol gives the stomach a chance to regain its lost strength and heal it, and after a little while you need not take Kodol longer, but take it while you do need it and if it fails to benefit you your money will be refunded to you.
