

Cure Your Dandruff

Why? Because it is annoying, untidy. And mostly, because it almost invariably leads to baldness. Cure it, and save your hair. Get more, too, at the same time. All easily done with Ayer's Hair Vigor, new improved formula. Stop this formation of dandruff!

The new Ayer's Hair Vigor will certainly do this work, because, first of all, it destroys the germs which are the original cause of dandruff. Having given this aid, nature completes the cure. The scalp is restored to a perfectly healthy condition.

POULTRY CULTURE

THE POULTRYMAN'S ALPHABET.

By William Zale.
Advertising is the stepping stone to success.
Be thankful to get any prize at all without expecting anything.
Choose your variety and jump in. Discard the narrow breasted, one-legged ones. They are a delusion and a snare.
Every neglect has its cost in poultry raising.
Fatty meat should never be fed to laying stock.
Gentleness is virtue in the poultry yard.
Have an object in view and then work strictly to the line.
Indifferent care will ruin the capacity of any breed.
Johnnycake is a good feed, if you want to become a slave to your chicks.
Keep on advertising.
Let the comb act as your health barometer.
Mix common sense with a good disinfectant for the roosts and do not neglect to use it.
Nothing is better for growing stock than dry bran.
Overcrowded quarters mean disease, death and disaster.
Profit in any kind of poultry breeding comes from having the best.
Quite a few dollars can be made in poultry if you have enough sense.
Read all you can lay your hand on regarding poultry breeding, and then use your own common sense.
Scratching hens lay the eggs.
Trap-nests expose the fraudulent hens.
Utility means more than symmetry, shape and feathers.
Vigor and vitality are the factors that make the money.
Working hens, like working people, are the healthiest to get along with.
Xanthus-legged fowls are market-uppers.
You can not expect to keep pills and capture the cups.
Zetetic methods will bring results where blind following of custom fails.

Test For Eggs.
Placed in the water an egg if fresh will remain resting at the bottom of the vessel; if not quite fresh it will rest with the big end raised higher than the small end, and the higher

Water Test of Eggs.
The big end is raised the older is the egg.
As an egg gets older, says the Spatula, the water contained in the white of an egg evaporates and this causes the empty space at the thick end of every egg to become enlarged. The larger that empty space becomes the more the egg rises in the water, till in course of time it floats.

Eggs, Fresh and Otherwise.
Information comes from Secretary of Agriculture Wilson that henceforth eggs styled "fresh" or "strictly fresh" must live up to their profession. Storage eggs must be labeled as such. If this rule is rigidly enforced—and the States of Nebraska, Minnesota and Pennsylvania are leading the van in punishing violators of the law—there will be some queer experiences. It is a well known fact that many persons have been eating eggs two years old under the caption of "strictly fresh." While any person of sense realizes that "strictly fresh" eggs are almost unobtainable in midwinter and that the development of cold storage facilities has been a boon to the consumer, it goes without saying that free-born man has a right to know what he is getting for his money. Then if he prefers eggs under the ban, let him have them.

The Ideal Season.
Give your fowls as near spring conditions all the year as is possible, if eggs and especially fertile eggs are desired. This requires comfortable housing and inducement to exercise, plenty of vegetable and meat food, as well as a variety of grains.

Hens that have become too fat will get reduced to the laying point quicker on a diet of oats and lean meat than on any other diet.

WASHINGTON NOTES

Much voting and little talking characterized the work in the Senate Wednesday. The lumber schedule was disposed of and the duty on pineapples was increased, the finance committee suffering a defeat in the latter case. An attempt to reduce the finance committee's rate of \$1.50 per thousand on sawed lumber to \$1, the House rate, was lost. The entire wood schedule making reductions of about 25 per cent from the present rates was agreed to. A new amendment to the coal schedule, offered by Mr. Aldrich, reducing the duty on bituminous coal from 67 to 60 cents a ton and eliminating the reciprocity clause from the House bill, was adopted. The two Senators from Florida, a pineapple-producing State in upholding the amendment to increase the duty on pineapples from \$7 to \$8 per thousand, were opposed by the two Senators from Maryland, in which State there are a number of large pineapple canning factories.
The Wright brothers, whose time in which to complete their official tests with their aeroplane would have expired next Monday, were granted an extension of thirty days.

Just before the Senate adjourned about 7 o'clock Friday night, Senator Aldrich, chairman of the finance committee, introduced the corporation tax amendment to the tariff bill, recommended by President Taft.
To encourage American shipping, Senator Elkins introduced an amendment which would allow to American vessels a reduction of five per cent in tariff duties.

Petroleum, linoleum and scrap iron tariff schedules were the principal ones discussed in the Senate. Senator Penrose's amendment fixing a duty of half cent a gallon on crude oil was lost. Increases over the House rates were made as follows: On harness from 35 per cent ad valorem to 40 per cent; on scrap iron from 50 cents to \$2.50 per ton; and on wire nails from 1-4 to 1-2 cent, and from 1-2 to 3-4 cent per pound, the former for those less, the latter for those an inch or more in length.

Although it devoted almost eight hours to strenuous effort in that direction, the Senate Saturday affixed to conclude its consideration of the schedules of the tariff bill, and at 5:12 o'clock, an adjournment was reached, there were still a number of important rates to be determined. The day, however, was full of achievement and a number of provisions were disposed of.
Probably the most exciting incident of the day was the vote on Senator Beveridge's amendment reducing from 30 per cent ad valorem to 15 per cent ad valorem, the duty on cash registers. The Indiana Senator began his fight for this reduction some days ago and was enabled to force a vote on it Saturday after comparatively little discussion. The vote resulted 31 ayes and 33 noes. Stating that after the vote was announced several Senators had informed him that they had voted against his motion under misrepresentation, Mr. Beveridge said he would renew the motion at a later date.

The wood pulp provision also again received attention, and it was supposed that it had been finally acted upon until Senator Clapp, taking exception to the retaliatory provision of the schedule as amended, stated that he would make an effort to have the provision entirely eliminated before final action should be taken upon the bill.

The Senate concluded its discussion of the schedules of the tariff bill Monday and is now ready for the corporation and income tax questions. Senator Aldrich introduced a resolution proposing an amendment to collect the taxes on incomes from whatever source derived and without apportionment among the several States.

An increase in the duty on structural iron and steel valued at more than 9-10 of a cent per pound was made by the Senate, the increase being from 3-10 to 4-10 of a cent per pound. Cotton bagging was placed on the free list.
Ineffectual efforts were made to place cotton ties, school books, binding twine and salt on the free list and Egyptian cotton on the dutiable list.

"What is whiskey?" was discussed in the Cabinet room of the White House. President Taft listening to attorneys for rectifying distilleries and blenders, who oppose the recent decision of Solicitor General Bowers as to what should be labeled "imitation whiskey." The hearing will be continued.

After defeating Senator Tillman's amendment for a tax of 10 cents a pound on tea by a vote of 18 to 55, thus concluding the schedules of the tariff bill, the Senate took up the income and corporation tax questions. Senator Aldrich said he would support the corporation tax amendment as a means of defeating the income tax, expressing the opinion that the tax would be repealed after two years or the rate materially lowered. The Democrats held that this position was a subterfuge on Mr. Aldrich's part to destroy the income tax. Senator Flint, who will have charge of the corporation tax amendment, spoke

in favor of the Senator Cummins in favor of the income tax; and Senator Dixon in favor of an inheritance tax, although the latter said he would vote for the corporation tax. Senator Flint said the corporation tax would yield, in his opinion, a revenue of \$40,000,000 to \$50,000,000 a year.
Secretary of the Treasury MacVeagh made a call on national bank depositors for a return to Treasury of government funds approximating \$25,000,000.
President Taft left for New Haven to attend commencement exercises at Yale University.

Suffragettes Arrested.
London, By Cable.—The thirteenth vain attempt of the military suffragettes to obtain access to Premier Acquith by deputation resulted in exciting scenes in Parliament Square Tuesday night and the arrest of more than one hundred women. The "woman's parliament" assembled in Caxton Hall at 8 o'clock and sent a deputation, headed by Mrs. Parkhurst, to endeavor to see the Prime Minister, who had previously decided not to receive the deputation.

Fight on Bucketshops.
Cincinnati, O., Special.—County Prosecutor Hunt's spectacular campaign against bucketshops was continued Monday when he and ten deputies over-powered two armed watchmen and raided the offices of the Consolidated Stock and Grain Company. C. A. Aton and C. B. Fox were arrested, all the books of the concern were taken and the wires cut. The men were held to the grand jury. Ten days ago this same company was raided by U. S. and his deputies.

Perished in Pack Ice.
Tromsø, Norway, Special.—The steamer Arctic, of Walter Wellman's North Pole expedition, returned here Sunday from Spitzbergen with her flags at half mast, bringing the news that Knut Johnson, one of the two men who remained at the Wellman camp this winter, had perished in the pack ice when his airship had been destroyed by a heavy storm.
On May 19 Johnson went with his fellow watchman, Paul Bjorvig, on a hunting expedition over the pack ice.

NEWSY GLEANINGS.
Frederick De Martens, a famous Russian statesman, died suddenly in a railway station.
A bomb wrecked the house of Father James Zuccarelli, in Newark, but harmed no one.
A Wall Street rumor that E. H. Harriman was dead in Vienna caused a big slump in stocks.
George Kraus, of Pittsburg, eighty-three and despondent, committed suicide by taking poison.
Columbia has decided to present the tripartite treaty to the National Assembly, which will be elected on July 20.

A committee of the trustees of Brown University formally recommended that the institution become non-denominational.
The Rev. Dr. Leon Harrison said in his sermon in the Free Synagogue, New York City, that Christians shouldn't marry Jews.
Philip Lamb dived into the East River, New York City, to show his uncle how well he could swim and never came to the surface.
General George B. Loud protested to the War Department against the "desecration" of Memorial Day at West Point by a baseball game.

Edwin Hawley's railroad system obtained an outlet on the Pacific by a traffic agreement with the Kansas City, Mexico and Orient Railway.
The State Department is satisfied that American capitalists will be allowed to share in the profits of the loan to enable China to build a railway.
Frederick Cudmore, a young clerk, illustrated in a boat on a pier, in New York City, "how a fool rocks a boat." He fell off the pier and had a narrow escape.

The Oregon legislature has prohibited the use of a hatpin more than ten inches long. There is a point, explains the Washington Star, at which a hatpin becomes a rapier.

KILL THE COUGH AND CURE THE LUNGS
WITH **Dr. King's New Discovery**
FOR COUGHS, COLDS, BRONCHITIS, AND ALL THROAT AND LUNG TROUBLES.
GUARANTEED SATISFACTORY OR MONEY REFUNDED.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.
Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.
Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, Home of Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Sure Cure for Piles
Mr. F. S. Randall of No. 90 East Main St., Leroy, N. Y., writes that he had suffered from Piles for many years and had tried many remedies in a stubborn case of Piles and Rectal Fistula where everything else had failed. Bloodine Ointment is sold on a positive guarantee to cure Piles or money back.

Bloodine Ointment.
Is the most healing ointment in the world. It will positively cure cuts, bruises, eczema, scalds, salt rheum and all skin diseases.
Found at Last
A cure for Eczema. Mrs. Charles Blanchard of Philadelphia, Pa., writes that she had suffered for many years with this terrible disease and had tried many remedies for it, but could not find a cure, until she was advised to try Bloodine Ointment, and to her great surprise one box healed up nearly all of the old sores, and the second box completely cured her. 50c a box by mail. Bloodine Liver Pills cure Constipation. 50c a box.

Get Well
If you are sick, you wish to get well, don't you? Of course you do. You wish to be rid of the pain and misery, and be happy again.
If your illness is caused by female trouble, you can quickly get the right remedy to get well. It's **Cardui**. This great medicine, for women, has relieved or cured thousands of ladies, suffering like you from some female trouble.
TAKE CARDUI
For Women's Ills
Mrs. Fannie Ellis, of Foster, Ark., suffered agony for seven years. Read her letter about Cardui. She writes: "I was sick for seven years with female trouble. Every month I would very nearly die with my head and back. I took 12 bottles of Cardui and was cured. Cardui is a God-send to suffering women." Try it.
