Entered at the Post Office at Wilmington, N. C. as Second Class Mail Matter.

Friday, November 5, 1909.

It is not often that a "Tar Heel" gets left at home or abroad, but George Gordon Battle went down in the race for the District Attorneyship in New York. The combination was too much.

Poor old man Hearst! "Barrels full" do not count every time, but they enable men to bob up again, and they might suffer defeat. We are powerful glad that William Randolph was snowed under.

The people of the Cape Fear section are preparing to give President Taft a royal "Tar Heel" welcome on his arrival in Wilmington on the 9th. They know how to do things down there, and thousands will invade the city at the time.

We thank the secretary of the Publicity Committee at Wilmington for an invitation to attend a smoker to be given complimentary to the "Tar Heel" press, on the 9th. No doubt that the occasion will be well-attended, and be another successful feature of the Taft celebration.

We cannot understand why Rockefeller's gift for the eradication of hook-worm disease in the South should have struck such a discordant note. If we have the pesky little fellows bothering us it is no disgrace, so let John D. give his millions. Don't we burn his oil, and get blowed up by his gasoline? The million will do some body good, though we do not need it to buy vermifuge. Let us take the gift in the spirit in which it was given.

A Wheat Mill.

We are inserting this week an advertisement for a flour mill at Washington, which will be operated by one of the town's most enterprising citizens, Jonaton Havens. The mill will have a capacity of 50 barrels per day. This is a move in the right direction and, perhaps, will encourage the cultivation of wheat in Beaufort and other counties.

Several months ago we advocated the planting of wheat by our farmers, stating that Staton and Daniel would put in a mill for grinding the grain. But we have not seen any signs of wheat planted, so we suppose the people prefer eating western stuff with its tale. Southern farmers are so slow about taking advantage of the things best for them. Martin County can raise its own flour, why not begin now?

Your foods are in two classes: Foods that please you by their taste, and foods that you depend on because of what they do for you. Quaker Oats has all the good qualities of both classes.

No "If" about this last one—it's a CINCH.

For Parents

It is the wish of every patriotic parent that his child shall stand in the front ranks of the business world. To get these results the teacher, the parents and the child must work together. Open mutiny with the school means hindrance to the child to attain this high standing. There should be close unity. Consult freely on these subjects which will largely determine the welfare of the future of the child. If your child is not doing well in school it is your duty to see the teacher and help her to devise plans which will remedy the evil "Don't! Don't!" pour out your wrath on the teacher at the supper table in the presence of the children. It only means that your children will reap what you sow for them. They will have no confidence in the teacher, cause trouble in school, and lose all interest in learning. If the evil exists in school see the teacher and it will be made right.—News-D spat.

BLOODINE OINTMENT is guaranteed to cure by C. D. Carstarphen & Co. Thousands who have been cured by BLOODINE OINTMENT are constantly recommending it to their friends. There is really no excuse for anyone suffering with Piles now that BLOODINE OINTMENT is so readily obtainable. If you have any doubt about its value C. D. Carstarphen & Co. will let you have it on a guarantee.

POSITIVE PROOF

Mr. F. S. Randall of No. 20 East Main Street, Leroy, N. Y., writes that "Bloodine Ointment" has proven efficacious in a stubborn case of Piles and Rectal Fissures where everything else has failed. Bloodine Ointment costs but 50c a box.

Don't

Don't dress for church or Sabbath-school as you would dress for a party. Many a poor girl has been kept from Sabbath-school because her clothes, the best she could afford, were in such marked contrast to those worn by the rest of the class. The Sabbath-school room is a poor, glaringly inappropriate place for the display of one's wardrobe.

Don't be afraid of being too strict in your views regarding the life of a Christian. There is far greater danger of your being too lax in your views. Have the courage of your most profound convictions and you will grow in grace as well as in the high respect of those whose eyes are upon you.

Don't fail to "show your colors" by speaking a word for the truth and for the right whenever the opportunity offers. You are failing in your duty to yourself and to your God, if you keep silence when you should speak the right word at the right time.—Round Table.

FACIAL NEURALGIA.

Mrs. C. S. Sagerser, 1311 Woodland Ave., Kansas City, Mo., writes:

"I feel it a duty due to you and to others that may be afflicted like myself, to speak for Peruna.
"My trouble first came after a gripe eight or nine years ago, a gathering in my head and neuralgia. I suffered most all the time. My nose, ears and eyes were badly affected for the last two years. I think from your description of internal catarrh that I must have had that also. I suffered very severely.
"Nothing ever relieved me like Peruna. It keeps me from taking cold.
"With the exception of some deafness I am feeling perfectly cured. I am forty-six years old.
"I feel that words are inadequate to express my praise for Peruna."

Stomach Trouble Seven Years.

Mrs. T. Froeh, R. R. 1, Hickory Point, Penn., writes:

"Having been afflicted with catarrh and stomach trouble for seven years, and after having tried four different doctors they only relieved me for a little while. I was induced to try Peruna, and I am now entirely well."
Man-a-lin an Ideal Laxative.

Size vs. Cost

In proportion as you get cheap goods, you expect them to wear out quicker. In proportion as you buy cheap insurance, you run a greater risk of losing it. The cheapest insurance is the dearest.

The New York Life is the largest insurance company in the world and you have to pay a dollar or so more to get in it than you do in smaller companies, but its Dividends more than make up for the cheap rate—for the last six years the New York Life has paid an average dividend of \$5,898,724.

The New York Life has no Capital Stock, hence every policy holder is a stockholder, as it were, and there are nearly a million sharing in the earnings of this company. It is a purely Mutual Company and it, therefore, belongs to the policy holders. It is a gigantic Saving Bank, so to speak, with a million depositors, not a corporation with its deferred stock—everyone from the least to the greatest shares in its earnings in proportion to the investment—there is no discrimination.

The Vital Point

HOT BLAST DOWN DRAFT

To consider when buying a heater is the draft. Exhaustive tests prove that the down-draft as it is developed in the celebrated

WILSON DOWN DRAFT HEATER

is the only form that insures perfect combustion at a minimum of fuel expense. Furnishes twice the heat from half the amount of fuel used, because all gas generated is burned. In other heaters it escapes into the chimney.

Consider this fuel economy in buying.

Life Insurance Investments.

What kind of a company are you insured with? What is it doing with the money you entrust to it? Do you know?

The Union Central invests only in first class securities—real estate first mortgages. They yield over 6 1/2 per cent interest yearly. Its losses on all investments have been less than 1/4 of 1 per cent in the last 40 years. No other company show such a record.

Its large returns enable this company to pay the largest dividends, to issue policies at a lower cost than any other in the United States.
