**Millions of Onions**

Fourteen million bushels of onions were raised in the United States last year, and so great was the demand that 1,400,000 bushels more were imported from Spain, Egypt, Bermuda and the south sea islands. The value of America's crop was \$10,000,000, and the department of agriculture believes that of 1909 should be worth twice as much. It has just issued a bulletin on the subject as a gentle reminder to the average farmer and truck grower that they are overlooking the onion—as if any one could do such a thing. For many centuries this vegetable thrived only in the valleys and lowlands, but improved agricultural methods have made it possible to raise it with profit on the hilltops. The Bermuda variety is being grown with tremendous success in all of the southern states, especially along the gulf coast. Each succeeding year brings new ideas as to marketing, and the danger of having the fruit rot in transit is fast becoming a thing of the past.—Ex.

**For Constipation**

**A Medicine That does Not Cost Anything Unless It Gives Satisfactory Relief.**

If you suffer from constipation in any form whatever, acute or chronic, we will guarantee to supply you medicine that we honestly believe will effect permanent relief if taken with regularity and according to directions for a reasonable length of time. Should the medicine fail to benefit you to your entire satisfaction we promise that it shall cost you nothing.

No other remedy can be compared with Rexall Orderlies for the easy, pleasant and successful treatment of constipation. The active medicinal ingredient of this remedy which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other valuable ingredients, it forms a preparation which is incomparable as a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy, and are notable for their gentle and agreeable action. They do not cause griping or any disagreeable effect or inconvenience, and may be taken at any time, day or night.

We particularly recommend Rexall Orderlies for children and for delicate or aged persons, because they do not contain anything injurious. Unlike other preparations, they do not create a habit, but instead they overcome the habits acquired through the use of ordinary laxatives, cathartics, and harsh physic, and remove the cause of constipation or irregular bowel action that are not of surgical variety.

We want you to try Rexall Orderlies at our risk. We know of nothing that will do you so much good. They are prepared in tablet form in two sizes: 36 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Williamston only at our store.—The Rexall Store.—The S. R. Biggs Drug Co.
