RESOLUTIONS OF THE PRESS ASSOCIATION

What the Editors Did on Matters Affecting the State-- The Greenville Reflector Says:

Some people have an idea that the annual conventions of the editors of the State are merely occasions for "shop talk" and having a good time. Some of this comes in of course, but there is no class of people more alive to matters affecting the State than the editors, and that they do things at their conventions is shown by some of the resolutions adopted at the recent Wrightsville meeting. Here are some matters discussed and embodied in the resolutions:

"It is the sense of this body that the movement to erect a suitable monument to perpetuate the memory of Edgar William Nye, who lived and labored and died in North Carolina is worthy of our sympathy and practical help and we would hereby give the monument our hearty endorsement and approval.

"We desire to go on record as favoring New Orleans as the most suitable place for holding the proposed Panama Exposition, and we urge the newspapers of North Carolina to exert all their influence in this direction.

"The Stonewall Jackson Training School deserves and should have the sympathy and support of every newspaper in North Carolina and we trust that the next legislature will pursue a more liberal policy toward this long needed and valuable institution. The work is under admirable management and we are glad to mention the heroic sacrifice a newspaper man Mr. J. P. Coik, of Concord, is making in its behalf.

"We would urge our brethren of the press to aid in every possible way the great work our State Board of Health is doing for the prevention and cure of disease. This board looks to the newspapers of the State for help and we trust they may not be disappointed. The board asks for space in our papers, to instruct and inform the public along the lines of sanitation and the general care and protection of the public health, and we hope that so far as it is possible, the columns of our papers will be placed at the disposal of this agency of helping the healing.

"We endorse and approve the suggestion of Mrs. Charles D. McIver, president of the Womens Betterment Association, that a week be set apart for the discussion of the objects and purpose of the association in the columns of every paper connected with this Association, and we would urge upon the importance of magnifying this great work in every way possible, and of supporting and encouraging these good women in this labor of love."

"That it is the sense of this meeting that the best use that can be made of the State convicts is in the construction of public roads, and the counties desiring same should have the first right to use them for the purpose; provided they pay the State a stipulated amount per day for each convict, the State to bear all expense of maintenance, care and guarding of the convicts, counties that do not maintain chain gangs shall have preference in leasing prisoners.

"It is further resolved that it is the sense of this meeting that the State should give to the counties composing the State assistance in the actual construction of their roads, and should appropriate out of the general treasury for this purpose at least \$250,000 annually, the said amount to be apportioned amongst the counties; provided the

said counties raise twice the amount allotted by the State; and provided further, that such moneys as are apportioned by the State to the counties, and that raised by the county meet the State allotment. shall be spent in the construction of public roads, whose location and plans and specifications for construction are approved by the State highway engineer.

A. C. L. Improvements

The Atlantic Coast Line in constructing about four miles of double track line from Weldon to Garysburg, N. C., by elevating the track through the Town of Weldon commencing about one mile south of the present station. A large proportion of it will be on a continuous steel viaduct 3,700 feet long; having concrete abutments, piers and pedestals. This structure will be 90 feet above the ordinary level of the Roanoke River, and there will be required in its construction about 15,000 cubic yards of concrete and two thousand tons of steel.

There will be an elevated passenger station platform, connected by a covered stairway with a passenger station to be built on the surface level of the Seaboard Air Line track. Baggage and express will be conveyed to the Atlantic Coast Line level by elevators. By means of this viaduct all grade crossings in the town of Weldon will be avoided. The work involves an entirely new line, but this will in no wise effect the operation of trains.

ROBERSON-ROBERSON

Pretty Wedding at Country Home of Mr. and Mrs. G. L. Roberson

On Tuesday morning, the 21st instant, quite a number of friends and relatives gathered at the country home of Mr. and Mrs. Geo. L. Roberson, near Robersonville, to witness the marriage of their daughter, Anny Lee, to Mr. Theodore Roberson, of Williamston.

Promptly at 7:30 o'clock the tones of Mendelssohn's Wedding March pealed forth under the skillful touch of Miss Lettie E. Critcher, of Williamston, then came the waiters, Miss May Bennett and Mr. C. A. Baker, of Williamston; Miss Fannie Woolard and Mr. Abram Roberson, brother of the bride; Miss Bessie Roberson, with Mr. Julian C. Anderson, of Williamston; Miss Mamie Roberson, sister of the bride, and Mr. Alan Ausbon, two couples taking positions on each side of the room, then came the bride, costumed in Copenhagen blue traveling suit with hat and gloves to match, with her maid of honor, Miss Annie McGlawhorn, of Winterville, the groom with his best man, Mr. L. E. Corey, of Williamston, meeting them at the parlor door, from where they marched into the room, and with two couples standing on each side of them Mr. Asa J. Manning, of the Christian Church, in an impressive and solemn manner, took their vows which made them one, Miss Critcher played softly, Schubert's Serenade, during the ceremony.

Immediately after the ceremony amid congratulations and good wishes, they drove to Robersonville, where they took the train for an extended tour to Baltimore, Washington City and other point. The presents were numerous and handsome, thus attesting to the popularity of both bride and groom.

Mrs. Roberson is a woman of lovely christian character with lofty ideals, to know her is to love her, her friends being limited only by her acquaintance.

Mr. Roberson is a young man of sterling worth and integrity, who has a host of friends everywhere he is known.

They will be at home in Williamston, on Simmons avenue, after the 29th instant.

Chamberlain's Stomach and Liver Tablets will brace the nerves, banish sick headache, prevent drowsiness and invigorate the whole system. Sold by Saunders & Fowden and all dealers.

A. & M. College

In the development of North Carolina's industries, the North Carolina College of Agriculture and Mechanic Arts is taking a foremost part. Its students are giving their lives to improving our farming, our trucking, our dairying and stock-raising. They are rapidly making their way into our factories, our electric power-houses, and our shops. They are helping to build our roads, our bridges, and our railroads. Indeed, they are just the men needed at this stage in the State's growth. We are glad to note that more young men than ever before are seeking, through this well-equipped institution, a place in our industrial progress. We call attention to the advertisement in this issue.

SUPERIOR COURT ADJOURNED TUESDAY

Farmers Too Busy in Crops--All Cases on Civil Docket Continued-- Judge Ward Pleases Bar and Officers

The adjournment of Court on Tuesday afternoon gave satisfaction to every one having business. At the earnest request of the farmers, who were forced to be here, Judge Ward very kindly concluded to continue the Civil Docket until September. Owing to the excessive rains, crop conditions are most unfavorable and farmers are endeavoring to reduce the damage as much as possible.

This was the first term of Judge Ward in Martin county and his charge to the Grand Jury was listened to with unusual interest. He made a splendid impression on both bar and people, exhibiting those qualities which go to make the popular jurist. The Grand Jury, with Robert H. Salisbury as foreman, did good service and completed its work on Tuesday. Motions were heard on Wednesday morning several visiting attorneys remaining in town for that purpose. Attorneys Gilliam, of Tarboro; Paul Kitchin, of Scotland Neck; A. O. Gaylord, of Plymouth; F. D. Winston, of Windsor; Jos. D. Waldo, of Hamilton; J. C. Smith, of Robersonville, were in attendance upon the sessions of Court.

The criminal docket was small and was quickly disposed of as follows: State vs S. L. Ewell, S. L., judgment suspended upon payment of cost; State vs Mrs. J. W. Pugh, S. L., pleads guilty, judgment suspended upon payment of cost; State vs B. F. Tyer A. D.
