

**HAMILTON ITEMS**

Dr. York, of Williamston, was in town a short while Sunday night.

Miss Eloise Williamson, of Portsmouth, is the guest of Miss Eulalie Perkins.

Walter Perker, formerly of this town, is the guest of his sister, Mrs. Mattie Perkins.

Miss Eulalie Perkins, after an extended visit to Williamston and Everetts, returned Saturday.

We are glad to know that Mrs. Walter Salisbury is improving. We hope she will soon be out again.

We were glad to have preach for us Rev. Mr. Shepherd at the Baptist Church Sunday. This was his first service as our pastor, and everybody was well pleased.

The people of our town regret very much to know that Baker and Salisbury have discontinued their mercantile business. They have been in business several years, and have rendered a high order of service to the public.

On the beautiful moonlight night of last Monday, Miss Eulalie Perkins entertained a number of the young people at her home on Main Street. No especial programme was arranged, but the evening was one of much merriment. About 10:30, a "four course" supper was served after which the happy participants repaired to their respective homes.

We put hobbles on a horse to keep him at home, but the hobbles skirt is not intended for any such purpose.

**Old Soldier Tortured**

"For years I suffered unspeakable torture from indigestion, constipation and liver trouble," wrote A. K. Smith, a war veteran at Erie, Pa., "but Dr. King's New Life Pills fixed me all right. They're simply great." Try them for any stomach, liver or kidney trouble. Only 25c at Saunders & Fowden.

**Our Wonderful Railroads**

In 1909 the railways of the United States had a capital of \$15,000,000,000, which is almost equal to the value of the country's entire property of all kinds at the time of Lincoln's election. Its gross earnings for a single year, \$2,600,000,000, are nearly three times as great as the whole of the interest bearing debt of the National Government.

The 1,500,000 persons on the pay rolls of the railways of the United States represent a larger force than were under Grant, Lee and the rest of the Union and Confederate commanders at Appomattox. They are a bigger army than Japan and Russia combined had in Manchuria when in 1905, President Roosevelt brought the peace of Portsmouth.

**For the Stomach**

**Here's an Offer You Should Not Overlook**

Rexall Dyspepsia Tablets remedy stomach troubles by supplying the one element, the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and indigestion will not bother you.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia. If they fail we will refund your money. Three sizes: 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at—The S. R. Biggs Drug Co.—The Rexall Store.

**Forestry Convention**

North Carolina is now the fourth state in the Union in the amount of lumber cut, the output totalling last year 2,178,000,000 feet. This means an average cut for lumber alone of 200 board feet annually from every acre of woodland in the state. Though taking no account of the large amount of timber cut for pulp, tannic acid, tan bark, poles, ties, etc., this annual consumption is probably twice as great as the amount being grown each year. Besides this large, though legitimate drain upon our forest resources, is the inexcusable annual loss from carelessness and neglect, a drain on the forest that can and should be stopped, and must be stopped if our valuable wood-using industries are to be perpetuated.

The damage from forest fires last year amounted to 10 per cent of the gross income for the sale of stumpage, a loss which no business can stand very long. This damage is not a question of debate; every intelligent citizen recognizes and deprecates it. The only question is: How can it be stopped?

With the object of thoroughly discussing this question, and, if possible, formulating a forest policy for the state, a Forestry Convention has been called by the North Carolina Geological and Economic Survey to meet in Raleigh on Wednesday, February 1st. A very interesting program is being arranged. Governor Kitchin will make the address of welcome, in which he will emphasize the need of forest protection in North Carolina.

Too often instead of being sorry for our misdeeds we are merely ashamed that we have been found out.

**For Constipation**

**A Medicine That Does Not Cost Anything Unless It Cures**

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c and 50c. Sold only at our store—The Rexall Store The S. R. Biggs Drug Co.

"Suppose my face is dirty," said the office boy in the elevator, "what business is it of yours? You ain't my dad."

"No," replied the elevator man, "but I am bringing you up!"—Boston Transcript.

**Saves Two Lives**

"Neither my sister nor myself might be living to day, if it had not been for Dr. King's New Discovery," writes A. D. Mc Donald of Fayetteville, N. C. R. F. D. No. 8, "for we both had frightful coughs that no other remedy could help. We were told my sister had consumption. She was very weak and had night sweats but your wonderful medicine completely cured us both. It's the best I ever used or heard of." For sore lungs, coughs, colds, hemorrhage, lagrippe, asthma, hay fever, croup, whooping cough, — all bronchial troubles, — it's supreme. Trial bottle free. 50c and \$1.00. Guaranteed by Saunders & Fowden.

**Womanly Wisdom**

She that will eat her breakfast in her bed, And spend the morn in dressing of her head, And sit at dinner like a maiden bride, And talk of nothing all day but of pride; God in His mercy may do much to save her, But what a case is he in that shall have her.

**Lime For Farms**

WE ARE again selling LIME for Farming purposes. The highest grade 95 per cent pure lime in bulk or fresh ground, screened and sacked. No water about it. Ready and convenient to apply to the land AT ONCE. Farmers Should Not Buy Ready Sacked Lime—Such as hydrated lime as they would get 35 per cent water, and prepared lime is still worse—when you would get only 28 per cent lime, making only 560 lbs. to a ton and 20 lbs. of Potash. And then having to haul 1420 lbs. of filler that is worthless, when you can get a ton of fresh lime analyzing 95 per cent pure lime for half the price.

Let us sell you early and save money. January is the time to handle lime.

**One of Wisconsin's Mothers**

**Who Always Keeps Per-na in the House.**

Mrs. Alvina Plamann

"I am now able to do my household work again, and I have a good appetite. I have used thirteen bottles of Per-na and one of Manalin. My husband and children are also in good health. We always keep Per-na in the house. I thank you a thousand times for your advice."—Mrs. Alvina Plamann, 1941 Walnut St., Milwaukee, Wisconsin.

If any one really wanted to find out whether or not Per-na is good for the baby who would he naturally ask? Some one who never used Per-na? Some one who is prejudiced against Per-na? Some one actuated by selfish motives who is opposing Per-na for the sake of the notoriety?

Would any sane person who really wanted to know about Per-na ask any of these people? Of course not.

Who would they ask? They would ask mothers who have raised babies and used Per-na for their babies times without number. They would ask the parents who love their families, and know more about Per-na than all the professional writers in the world.

Above we give the portrait and testimonial of one of the mothers who has used Per-na, and who has raised healthy and happy babies. We have many more such mothers in every state in the Union. These mothers give their testimonials entirely unsolicited, without pay or expectation of pay. Their only desire is to point out to other mothers a useful and reliable family medicine.
