The Progressive Firmer for January 28th, is a splendid issue of Mumford at Wilson by the negro thus Best Pile cure on cartha Tra that best of all Southern farm journals. It is a farm equipment special and sets forth the great value of maclinery and up to date tools on the farm. The old way of tilling the soil is being left for crops the farmer must employ the wloes. The situation is serious bure of colde. It can always be modern means and have a proper and presents a problem difficult to depended upon. For sale by all knowledge of soil preparation and solve. Is it for the lack of a healthy dealers. seed selection.

If one should examine our sub scription list, he wou'd find a great majority of them to be farmers, and the best of the class in Martin coun ty. We are interested in whateve interests them, and de are to aid afar as possible in the building up of the home, which these men de light to own So from time to methods in farming and rep ofuce such articles as are helpful. Thus it is that we make our leading arti cle this week "Corn on the South ern Forms " Every man knows that its cultivation is necessary to the success of the farmer.

The Sulzer bill now pen ling be fore Congress will give a Parcels Post system to the country. The express companies are working face with the situation mode plaindiligently to prevent the passage of keep still and they are the ones most interested in a Pargels Post these companies will block the passage of the bill. There se m; to be disorder in our postal regulations For instance a printed book can be mailed for 8 cents per pound, if the book is blank it costs 16 cen's per pound: a pound of raw chestnuts costs 8 cents-when roasted they can not go for less than 16 cents This seems urreasonable and wooks a hard-hap on the sender. It is denied that the Parce's Post would injure the retail merchant, because he would have the same privilege as the farmer and the latter would prefer buying these same goods from him instead of ordering before examination. The dwellers along rural routes have not proper ly considered the situation, so are taking little interest in the matter.

public drinking cups on the trains, ticularly adapted to the requirestations, public schools and other ments of aged people and persons places where the general public of weak constitutions who suffer loam soil; 183 acres are well covered with quench their thirst. The Origin of Royster Fertilizers.

Mr. Royster believed that success awaited the Manufacturer of Fertilizers who would place quality above other considerations. This was Mr. Royster's idea Twenty-seven years ago and this is his idea to-day; the result has been that it requires Eight Factories to supply the demand for Royster Fertilizers.
