When the new minister, a handsome and unmarried man, made his first pastoral call at the Fosticks, he took little Anna up in his arms and tried to kiss her. But the child refused to be kissed; she struggled loose and ran off into the next room, where her mother was putting a few finishing touches to her adornment before going into the drawing room to greet the clergyman.

"Well," replied mamma, "why didn't you let him? I would if I were you."

Thereupon Anna ran back into the drawing room, and the minister asked:

"Well, little lady, won't you kiss me now?"

"No, I won't," replied Anna promptly, "but mamma says she will."—Exchange.

Who She Was. "Well," laughed Squiggles, "some men never know when they are snubbed! That lady who just spoke to was about as distant as they make 'em in her greeting."

"Well, who shouldn't she be?" retorted Jabbers. "She's a distant relative of mine."

"By marriage?"

"No—by divorce. She got rid of me at Sioux Falls back in 1898."—Harper's Weekly.

A Redeeming Feature.

MICAH'S PICTURE OF PEACE

Sunday School Lesson for May 28, 1911 Specially Arranged for This Paper

LESSON TEXT—Micah 4:1-3. MEMORY VERSE—2:1. GOLDEN TEXT—"Nation Shall Not Lift up Sword Against Nation. Neither Shall They Learn War Anymore."—Mic. 4:3.

This important lesson deals with a subject that is of the greatest moment in our modern life, a problem that is rapidly approaching solution. After ages of warfare the world seems nearing the era of peace.

Micah has been picturing the sins of his nation, and the terrible punishment that was to come as a result. Now he turns in a flash to a contrasting picture, the glorious, peaceful reign of Messiah.

There is no thought that this happy time is to conclude human existence, but it is to be the last stage of human existence, and is to be unending.

Micah saw the beloved Mount Zion, the eastern, Temple hill of Jerusalem. It was called the tower of the flock, the flock being the Hebrews, and the Temple being compared to the watch-tower into which the shepherds went for shelter in a storm or for protection from robbers.

He saw restored the first dominion, the glory that was his nation's under David and Solomon; yes, even more than that, since he saw many nations flow unto it to learn of the ways of Jehovah, the teachings of the true religion. Flow implies an impetuous, voluntary onrush, like the inward sweep of the 60-foot tides in the Bay of Fundy.

The central thought of this magnificent passage is the reign of Messiah, that which all our churches exist to establish. The most striking evidence of that reign is the inauguration of universal peace.

An effective federation of the nations, such as might fitly be called "The United States of the World," will take the place of war. It will have a world constitution, a world legislature, a world judiciary, and a world executive, just as individual nations now have these instruments of government.

We can inaugurate the reign of peace by helping the peace societies do their noble work. By studying the question in Sunday schools and public schools. By an earnest advocacy and study of missions, which do more than anything else to cultivate the spirit of love for other peoples, and understanding of them. By protesting against the war spirit in congress and against the appropriation of vast sums for unnecessary warships.

What are recent gains in the direction of international peace and federation? The establishment of the International court of arbitration at The Hague, which is the beginning of the world judiciary. The enacting by the nations of more than eighty treaties agreeing to submit disputes to The Hague court for arbitration.

The peaceful settlement of more than 600 international disputes, some of them most dangerous, such as that caused by the firing of the Russian fleet upon British fishing vessels in the North sea. The establishing of the Central American high court of nations. The forming of the international bureau of American republics. The placing of a beautiful statue of Christ upon the summit of the Andes between Chile and Argentina, in token of their agreement not to fight each other.

The beginning of a world executive by the formation of many international bureaus, such as the universal postal union, the international bureau of agriculture, and the international committee of weights and measures. The growing opposition to war on the part of financial institutions and business men and on the part of organized labor. When the laboring men of the world declare that they will no longer serve in armies and the business men declare that they will no longer pay for war, this terrible curse will surely be at an end.

STATES ADMITTED TO AMERICAN UNION

HOUSE PASSES RESOLUTION ON STATEHOOD BILL BUT A RESERVATION MADE.

TO VOTE ON CONSTITUTION

People to Pass on Certain Amendments—Resolution Requires Arizona to Vote on Question Removing the Recall Provision of Judges.

Washington.—The joint resolution admitting Arizona and New Mexico to immediate statehood, but withholding approval of the constitutions of both states until the people have voted on certain proposed amendments to them, passed the house of representatives by a viva voce vote.

The resolution requires Arizona to vote on an amendment removing the recall provision as it applies to judges, and requires New Mexico to vote on an amendment making its constitution more easily amendable in the future.

Notwithstanding this attitude, leading Democrats bitterly denounced the recall of judges during the afternoon's debate; while Republican insurgents refused to join Minority Leader Mann in the proposal to force Arizona to give it up.

Representative Sherley of Kentucky, attacking the provision, said the recall was no excuse for refusing to admit Arizona to statehood; but that as a principle of government it threatened to take away the greatest safeguard of the public.

"The courts are the only protection of the individual," said Mr. Sherley. "People ought to recognize the necessity in their calm moments for maintaining safeguards that will prevent hasty and unfair action on their part in their excited moments."

A Day in Senate on Lorimer Case.

A resolution of inquiry offered by Senator Martin, the Democratic leader, intended as a substitute for the LaFollette and Dillingham resolutions and a continuation of a speech by Senator LaFollette furnished the features of another day on the Lorimer case. Mr. LaFollette plead for a reinvestigation of the bribery charges brought in connection with the election of the Illinois senator.

Southern Firemen May Strike.

Washington.—All day the officials of the Southern railway and representatives of the firemen of that system talked over the firemen's grievances with a view to averting a strike, but effected no definite results. The conference is one of a number that have been held during the past few days at which the representatives of the men have spoken for the 19 local organizations of the brotherhood of locomotive firemen along the lines of the Southern. The controversy arose over the demand of the firemen for a 10 per cent increase in wages.

Premier Scoffs at Annexation.

London.—The dinner of the Pilgrim society in honor of the Colonial premiers was historic because of unexpected and noteworthy plain speaking by Sir Wilfred Laurier, the premier of Canada. Senator Wilfred, addressing an audience composed of many of the great men of England, handled the annexation question without gloves.

Underwear Trade Faces a Crisis.

Philadelphia.—Garnett Andrews of Chattanooga, Tenn., president of the National Association of Hosiery and Underwear Manufacturers, in his address said the trade was in the midst of a revolution. It used to be that manufacturers who gave the best article gave the best weight also, but now, he said, the demand is for light hosiery with good wearing quality.

OF COURSE.

Weeks—I once knew a man who really enjoyed moving. Seeks—I don't believe it. Weeks—it's a fact. You see, he lived in a houseboat.

CURED ITCHING AND BURNING

"I was taken with the itch in April, 1904, and used most everything. I had a friend pay me a visit from Cumberland, and she advised me to use Cuticura Remedies which I did. The cure was certainly quick, and I use them to this day. I had it terribly under my knees. I only used one box of pills, but two boxes of Cuticura Ointment, and I use the Cuticura Soap all the time. I hope this will benefit others, as it has me, after Dr. — and others could do nothing for me."

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is without sickness in the house now and then is rare, and so it is important that the head of the house should know what to do in the little emergencies that arise. A child with a serious ailment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving it a pill or a remedy containing an opiate, nor is flushing of the bowels to be always recommended. Rather give it a small dose of a mild, gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which, by cleaning out the bowels and strengthening the

little stomach muscles, will immediately correct the trouble. This is not alone our opinion but that of Mrs. N. H. Mead of Freeport, Kansas, whose granddaughter has been taking it successfully and of Mrs. J. R. Whiting of Lena, Wis., who gives it to her children and takes it herself. It is sold in fifty-cent and one-dollar bottles at every drug store, but if you want to test it in your family before you buy it send your address to Dr. Caldwell and he will forward a supply free of charge.

For the free sample address Dr. W. E. Caldwell, 301 Caldwell building, Monticello, Ill.
