

## LOCAL ITEMS

All notices published in this column, where revenue is to be derived, will be charged at the rate of 10 cents a line, (count six words to a line) each issue. Special rates will be made on long contracts.

—It is hoped that the electric lights will obviate the necessity of a patrol headlight.

5 or 6 doses "666" will cure any case of Chills and Fever. Price 25c.

—J. G. Godard is having brick placed in position to remodel the building next to the bank.

—FOR SALE—I have one pair pure blood Poland China pigs. Apply to W. H. Crawford.

—J. I. Britton, of Everetts, found a perfect cotton bloom in his field on June the 19th.

—FOR SALE—Two brood mares with mule colts at side.—S. E. Hardison, Route 4, Williamston, N. C.

5 or 6 doses "666" will cure any case of Chills and Fever. Price 25c.

—The baby of Henry Jolly was brought here from Farmville last week and interred beside its mother, who died only a few weeks ago.

—A man up in Wyoming caught a bear with a fish hook the other day. A good suggestion for those who hunger and thirst after bear steak in this vicinity.

—The Peel residence on the corner of Houghton and Church streets has been recently painted and presents a more attractive appearance than at any time since its erection.

—Consider the weeds, how they grow! Even the dust of the streets does not retard their immense plan of multiplication. Is it unsanitary to remove them? At least it is unsightly to retain them.

—The young ladies of the Junior Embroidery Club gave a lawn party at the residence of Mr. W. T. Ward on Thursday night of last week, for the benefit of the local base ball team, and quite a nice sum was realized.

—The colored population have been very much alarmed over reports of bears. It was thought once that bruin had attacked some pigs of G. W. Blount, but closer investigation proved that a dog was the guilty party. Monday morning negroes with guns were out early but found the beast to be a long-nosed rooster in the woods.

It's easier to part a fool and his money than a wise man and his wisdom.

### President Will Assist

An event of international significance will occur July 19, when President Taft will assist in breaking ground for an exposition to be held in celebration of the completion and opening of the Panama Canal. President Taft will press a button which will close an electric circuit in San Diego, Cal., and "break out" a great flag—the President's own flag—especially constructed of unusually large size for the particular event—right over the spot where the ceremonies are to take place. The ceremonies will last four days and will be of unique splendor. The President very cheerfully promised director-general D. C. Collier that he would do this, for, he said, he took an unusual interest in the San Diego Exposition because it will exploit the achievements of Uncle Sam in reclamation, irrigation, froststation and conservation, and it also aims to bring together the Latin American republics and unite them in an illustration of what has been done in the development of the New World. While not outlined on such a large scale as the Panama-Pacific Exposition to be held coincidentally in San Francisco, the San Diego Exposition, with \$2,500,000 already available, has a definite plan, an idea and promises to be an artistic, financial and industrial triumph.

## PERSONAL BRIEFS

Clyde Tilghman was in town Thursday.

H. B. Latham, of Rocky Mount, is in town this.

Harry W. Stubbs went to Tarboro Wednesday.

W. M. Bond, of Plymouth, was in town Tuesday.

C. L. Ellington is at home from Kinston this week.

Dr. M. I. Fleming was here from Hamilton Thursday.

Rev. G. W. Dowell went to Hamilton Wednesday.

F. W. Hoyt and little son spent Sunday in Washington.

W. B. Watts has been to Plymouth this week on business.

Joseph E. Manning, of Norfolk, visited relatives here last week.

Edwin Ward has been visiting relatives in Jamesville this week.

Faculty of college graduates. Most modern methods of instruction. Fall term opens September 13. For illustrated catalog, address

W. W. PEGGLE, Headmaster, Durham, N. C.

### The Largest Bakery

The largest bakery in the world is located in Essen, Prussia, the home of the great Krupp gun factory. It is a vast building in which 70 workmen, divided into two shifts, work night and day.

Everything is done by machinery, says the London Post. A screw turns unceasingly a kneading trough, into which are poured some water and 10 sacks of flour of 200 pounds each.

This machine makes about 40,000 pounds of bread each day in the shape of 25,000 small loaves and 25,000 large loaves, produced by 230 sacks of flour of 200 pounds each. All the operations of bread making are performed in this colossal bakery. The wheat arrives there, is cleaned, ground and brought automatically to the kneading trough by a series of rising and descending pipes.

There are 36 double ovens and the workmen who watch over the baking of the bread earn from eight to ten cents an hour, making an average of 90 cents a day for 11 hours on duty. They have coffee and bread free; also the use of a bathroom, for they are required to keep themselves spotlessly clean and must wash their hands eight times a day.

### Edward G. Bond

Attorney-at-Law

Williamston, North Carolina. Office formerly occupied by Winston and Everett

### Wins Fight for Life

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and rundown. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la-grippe, asthma, hay-fever or any throat or lung trouble its supreme. 50c & \$1.00. Trial bottle free. Guaranteed by Saunders & Fowden.

### Farmville Defeats Locals

In a warmly contested game on Thursday afternoon Farmville defeated the local team by a score of 5 to 4. Both batteries did splendid work, and with proper support the local battery could have won the game.

Batteries: Farmville, Brown and Tornage; Williamston, Ward and Stubbs. Umpire: Harrell.

### A Letter from Champ Clark

Washington, D. C., June 26th Editor Enterprise:

I want to thank you for the kindly things you have said about me in connection with the presidential nomination, and otherwise. While I am not a candidate for president and may never be, I consider it a great compliment to be thought of or mentioned in that high connection by my fellow citizens.

The victory of last November was won on the fight that was made by the house Democrats against Cannonism, the rules and the Payne tariff bill. That was a great victory; we not only elected a Democratic house, but carried into office with us half a dozen Democratic governors of Northern states. As a result of it the party placed me in the most responsible position it had to give. My duty is here, helping the house to make good, and I am going to stay here as long as there is anything for me to do. In other words, I am not going to neglect the work here in order to run around the country after another office. I regard the record we are making in our Democratic house as superb. We are busy carrying out our promises to the people and we will continue on that line.

I thank you for the kind things you have said about me and am glad to observe that you are pleased with the way the Democrats are demonstrating their capacity to run the house. They can run all branches of the government just as successfully if given the opportunity, and I believe the work of the house will result in our controlling them all after the next election.

Sincerely yours,  
CHAMP CLARK
