

IN A CRITICAL CONDITION.

Arms, Limbs and Abdomen Swollen to Abnormal Size.

James H. Pitts, 218 East avenue Cedartown, Ga., says: "My feet swelled so I could not wear my shoes. My arms and abdomen were badly bloated and large, watery pouches hung beneath my eyes. I grew worse every day and it seemed I would be better dead than in my condition. I used three boxes of Doan's Kidney Pills and from a man that was slowly dying, I was restored to perfect health. I really feel that Doan's Kidney Pills saved my life."

THERE WITH A REPUTATION

Doubtful and Humiliated Hubby Now Probably Believes His Wife Can Keep a Secret.

"The late William Rotch Wister, the father of American cricket, might also be said to have been a godfather of the feminist movement," said a woman writer at the Acorn club in Philadelphia.

"Mr. Wister," she continued, "abominated that type of husband who treats his wife like a child, refusing to take her into his confidence. I once heard Mr. Wister tell a story about a German woman of that sort.

"The man came back from a business meeting wherein the future welfare of himself and family was vitally involved, but he declined to tell his wife what had been the meeting's outcome.

"Oh, no," she sneered, "I can't tell you anything. You'd repeat it if I did. You, being a woman, are constitutionally unable to keep a secret."

"But the wife, with a quiet smile, retorted: "George, did I ever tell the record of how you were led astray that summer the church conference met in Chicago and got arrested in a saloon for biting off the bartender's ear?"

A Bad Sign.

She—If I were you, dear, I would not send for that plumber again who came today. He's too inexperienced. He—Didn't he do the work right?

She—Yes, he did the work all right, but he brought all the tools he needed with him.

NORTH CAROLINA FORESTRY MEETING

AN ORGANIZATION TO PROMOTE THE PROTECTION OF OUR FORESTS FROM FIRE.

SOME IMPORTANT MATTERS

Constitution Was Approved and Recommended To Next Annual Meeting For Adoption—Who the Membership of Association Shall Be

Raleigh.—At a meeting of the officers and executive committee of the North Carolina Forestry Association held in Raleigh, recently, two important matters were discussed, i. e., the adoption of a constitution for the association and the lines of work to which the association should devote itself for the present. At this meeting the following gentlemen were present: Dr. D. H. Hill, Raleigh, president of the association; J. S. Holmes, Chapel Hill, secretary; E. B. Wright, boardman, and Clarence Poe, Raleigh; all members of the executive committee; and Prof. J. F. Webb, Oxford, and W. J. Feele, Raleigh, vice-presidents of the association.

The constitution, which was approved and recommended to the next annual meeting for adoption, contains the following salient points:

"The object of this association is to promote the protection of the forests of North Carolina from fire and from destructive insects, and to promote their perpetuation by wise use and by the reforestation of cut-over and abandoned lands."

"The membership of this association shall be composed of all persons, firms and corporations who have registered with the secretary and all those who may hereafter apply to the secretary and have their names enrolled as members."

"The officers of this association shall consist of a president, a maximum of thirty-nine vice-presidents, one from each senatorial district of the state, and a secretary-treasurer, who shall hold their respective offices for one year, or until their successors shall be duly elected and qualified."

CHANGE OF FREIGHT RATES

Corporation Commission Orders Reductions and Changes in the Regulations of Classes.

Raleigh.—Orders issued by the North Carolina Corporation Commission make important changes and reductions in the freight rates and regulations in a number of classes of freight, the changes to be effective December 1.

It is ordered that the rates on rattan, reed and willow chairs be changed on the furniture schedule from a rate three times first class to double first class in less than carload lots, and in carload lots at third class, 8,000-pound minimum. The rate on tobacco baskets, nested or in bundles, is changed from first to second class, and in timber shipments of dogwood, hickory, persimmon, gumwood, in carloads of 40,000 pounds minimum, poplar is added, and the application of the rates now in force ranging from \$5 for 14 miles to \$14 for 100 miles is extended to 300 miles at \$27.

The Seaboard Air Line Railway Company notifies the Corporation Commission from its Norfolk offices that the Seaboard freight rate on cottonseed from Wagram to Charlotte, so as to make the rate in a Laurinburg corporation, is \$1.53 a ton.

North Carolina New Enterprises.

The Standard Turpentine Company of Wilmington is chartered with \$125,000 capital, subscribed by such well-known business men as H. C. McQueen, Alexander Sprunt & Son, Walker Taylor and M. J. Corbitt. The purpose is distilling of turpentine and other wood and vegetable products and dealing in cross-ties and other timber products. Another charter is for the Hoke Hill Real Estate & Development Co. of Tryon, Polk county. The capital is \$50,000 by H. M. Hoke, Greenville, S. C., A. L. Hill and others of Tryon for real estate development. Also there is a charter for the Granite Company of Raleigh, having for its purpose the development of extensive granite quarries in the eastern section of this county. The incorporators include Joseph G. Brown, B. S. Jerman, W. A. Cooper, P. D. Gold, Jr., John C. Dreyer and others prominent in Raleigh business circles. They subscribe \$100,000 capital.

State Geologist in Great Demand.

Dr. Joseph Hyde Pratt, the state geologist of North Carolina, is in Chicago attending the meetings of the National Mining Congress as a delegate from North Carolina, and in connection with this also a meeting of the Association of state geologists and the National Association of Mining Schools (representing the University of North Carolina). Dr. Pratt has a special invitation to attend the Mines Demonstration Exhibit of the United States Bureau of Mines at Pittsburgh. He will make an address at Asheville, North Carolina, in the interest of good roads and a bond issue, and he is to address a good roads meeting at Concord. He has been invited by Mr. Logan Waller Page, president of the American Association for Highway Improvement, to preside on Association Day, November 23, at the Goods Roads Congress to be held at Richmond, Virginia.

Liquor Seller is Pardoned.

Buck Rollins, of Anson county, convicted at the April term, 1910, of the crime of selling liquor, and sentenced to 12 months on the roads, pardoned conditionally by the governor, the reasons for pardon assigned by him being: "A strong application for the pardon of this prisoner just March was presented. Since then those in charge of the prosecution and who opposed pardon have withdrawn their opposition and now join in the application for clemency. The trial judge and the solicitor ask that the sentence be reduced by a pardon. A majority of the jury and a great many good citizens join in the request for clemency. I therefore pardon prisoner on condition that he remain law-abiding and of good behavior."

Washington.—Asheboro and Siler City were designated as depositories for postal savings funds, effective November 23.

J. Y. Joyner Spoke at Gastonia.

State Superintendent of Education J. Y. Joyner spoke at the court house at Gastonia in favor of the establishment of a farm-life school in Gaston county. He was followed by Mr. O. F. Mason of Gastonia, who spoke briefly but strongly and enthusiastically in favor of the proposition. Dr. H. G. Alexander, president of the state farmers' union, was also scheduled to speak but was called to New Orleans on business. The crowd was a small one but was thoroughly interested and listened most attentively.

Commissioners Favor Franchise.

A project of importance and magnitude was presented to the commissioners of Salem when representatives of the Winston-Salem Southbound Railway presented an application for a franchise to permit the extension of the line from its terminus at Southside through the town of Salem up to near the business section of the Twin City where it is proposed to erect a freight station. The commissioners seemed to favor the franchise but wanted more time to deliberate upon conditions.

NOT SYMPATHETIC.

The Hospital Doctor—What did the farmer say when you fell out of his barn and broke your arm?
Tramp—Didn't say nothin'. He wuz too busy a-laughin'.

BABY'S TERRIBLE SUFFERING

"When my baby was six months old, his body was completely covered with large sores that seemed to itch and burn, and cause terrible suffering. The eruption began in pimples which would open and run, making large sores. His hair came out and finger nails fell off, and the sores were over the entire body, causing little or no sleep for baby or myself. Great scabs would come off when I removed his shirt.

"I tried a great many remedies, but nothing would help him, till a friend induced me to try the Cuticura Soap and Ointment. I used the Cuticura Soap and Ointment but a short time before I could see that he was improving, and in six weeks' time he was entirely cured. He had suffered about six weeks before we tried the Cuticura Soap and Ointment, although we had tried several other things, and doctors, too. I think the Cuticura Remedies will do all that is claimed for them, and a great deal more."

(Signed) Mrs. Noble Tubman, Dodson, Mont., Jan. 28, 1911. Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. 18 K, Boston.

Weak Heart

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become blurred, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach. A heart tonic and alterative should be taken which has no bad after-effect. Such is Dr. Pierce's Golden Medical Discovery, which contains no dangerous narcotics nor alcohol.

The ingredients, as attested under oath, are Stone root (Collinsonia Canadensis), Bloodroot (Sanguinaria Canadensis), Golden Seal root (Hydrastis Canadensis), Queen's root (Sillimium Sylvania), Black Cherry bark (Prunus Virginiana), Mandrake root (Podophyllum Peltatum), with triple refined glycerine, prepared in a scientific laboratory in a way that no druggist could imitate.

This tonic contains no alcohol to shrink up the red blood corpuscles; but, on the other hand, it increases their number and they become round and healthy. It helps the human system in the constant manufacture of rich, red blood. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heart-burn and many uncomfortable symptoms, stops excessive tissue waste in convalescence from fever; for the run-down, anemic, thin-blooded people, the "Discovery" is refreshing and vitalizing. Seek to this safe and sane remedy, and refuse all "just as good" medicines offered by the druggist who is looking for a larger profit. Nothing but Dr. Pierce's Golden Medical Discovery will do you half as much good.

For a Cold

the doctor prescribes a gentle purgative, or bowel and liver cleanser, to free your blood from the poisons that cause the trouble. He realizes that cleanliness, inside the body, is necessary for health, and prescribes a laxative the first thing.

At the start of any sort of an ailment, from a common cold to the more dangerous diseases and fevers, a safe and reliable treatment, always, is Thedford's Black-Draught. There are really very few diseases that would not be benefited or relieved by the use of this great liver medicine—

THEDFORD'S BLACK-DRAUGHT

Mrs. G. Nussbaum, of New Orleans, La., says: "In the winter, I had the measles and then the grip, which left me in a bad state. I could not rest, day or night, and could not eat much, as I could not keep it on my stomach. I was almost crazy. They thought I was going to die. At last I took Thedford's Black-Draught, and now I weigh more than I ever did before, and feel like a new woman." Pleasant and simple to take. Gentle but certain in action. Try it. Sold everywhere. Price 25 cents. CCA 4
