

May Be Plans of Famous Ship. Great interest has been aroused in Australia by the discovery of some old ships' plans, believed to be those of the barque Endeavor in which Captain Cook discovered Australia, which are now in the possession of the Australasian Pioneers' club. The plans have apparently been in Sydney for a long time. They belonged to Mr. Cummings, a blacksmith, who received them and other charts and diagrams from a Mr. Korff, a naval contractor, said to be descended from a shipwright who sailed with Captain Cook.

LESSON FOR FEBRUARY 4

THE WISE MEN LED BY THE STAR

LESSON TEXT—Matt. 2. MEMORY VERSE—GOLDEN TEXT—"Look unto me and be ye saved, all the ends of the earth; for I am God, and there is none else."—Isa. 45:22.

So quietly had Jesus made His appearance into the world that His arrival was unknown in Jerusalem until the Wise Men came from the East. Perhaps the shepherds had not told their tale of the heavenly vision, or perhaps they had told it, but it had been unheeded or ridiculed. So as the morning star still shines without noise, and as the seed shoots up and the flower opens in silence, so was it with the coming of Christ, the Rose of Sharon, and the Bright and Morning Star. No thunder awoke the hills of Palestine; no trumpet peal went through its city; no herald went before Him; no royal salute greeted Him. His mother and the chosen few of the inner circle who had witnessed the wonderful birth, made no proclamation of it,—they received all in silent, happy faith, and pondered these things in their hearts.

Even so does Christ today make His advent into many a heart. So silently does He oftentimes come that one scarcely is able to tell the day or the hour when Christ was born in his life. The Kingdom of God does not always come with observation.

The inquiry of the Wise Men suggests a deep interest in Christ. Herod made no such inquiry save in jealousy; Jerusalem was not particularly interested in the subject; but a very few in Israel cared anything about it. How like conditions today.

The Wise Men confessed their ignorance. The truly wise man is never above asking questions. Pride keeps many people from Christ. Because, falsely, we say, "we see." Our blindness remains with us. If we would find the Saviour, if we would know the forgiveness of sin, let us admit our ignorance and our need of a guide; let us cry to God to help us. It is better to ask God to lead us than to trust in our own reason. We seldom wander when on our knees.

The Wise Men had a motive for their search—they came to worship Him. And that is just the reason why they found Him. Herod could not find Him, nor could the chief priests and scribes—for the simple reason that they did not want to worship Him. No seeker will find Christ unless the motive of his seeking be that he may be saved by Him, and from henceforth live for and serve Him. A seeking sinner and a seeking Saviour will not be long before they meet, and the meeting will be a blessed one. Have you found Christ? If not, why not?

The Wise Men received encouragement in their search for Christ. They saw His star, which led them through the long desert until they found their place by Christ's side. So will it always be with those who are really seeking Christ. There is a light that others perchance may not see, a hand that others may not perceive, a voice that others may not hear—all of these are visible and audible to those who by faith are seeking Christ. The Church, the Bible, the Preaching of the Gospel, exemplary Christian lives, inward impulses—these may be stars that light the way to Him.

The Wise Men did not consider it enough that they had seen the star. They continued their journey until they saw the Christ. Is there not danger of our seeing the Church, the Bible, the sacraments, and yet missing Him? It would have been too bad for them to have come as far as Jerusalem and then to have given up without seeing Him, just as it would be too bad for us to have used all these spiritual aids, and yet not have found the Saviour.

As 1908 as these earnest seekers found Christ, they worshipped Him. What a glorious vision they had as they looked upon the Christ Child! They saw that which alone is worth seeing; that which fills and gladdens the soul when seen and known; that which righteous men of old desired to see, but saw only in glimpses and at intervals; that for the seeing of which Moses prayed so earnestly; that to which the eye of every creature should turn in longing anticipation; that which everything in heaven and in earth is intended to reveal; that for the beholding of which our eyes were made, and for the appreciation of which our minds were formed.—Jesus Christ, the Son of God, and the Saviour of the world. To see anything less in the Christ child is to miss the heart of the vision.

They worshipped Him. They could not help it; nor can any man when once he has seen the glory of God in the face of Jesus Christ. It was said of Gladstone that when one was ushered into his presence, he was constrained to bow his head or raise his hat. So those who behold Christ must worship Him. Who can behold the sun without being dazzled? Who can behold deity without worshipping Him?

These men were men of mighty faith—they could look beyond a manger and see a throne; beyond a stable and see a mighty God.

BURN BUILDING TO KILL GERM

Only Way to Get Rid of Them, and Occasion Was Made a Good Object Lesson.

A ramshackle building in Winston-Salem was recently burned at the request of the local Anti-Tuberculosis league, because it was said to be alive with tuberculosis germs and could not be properly fumigated.

For days before the building was burned huge placards announcing the hour of destruction were hung about in prominent places. Among other things the placards said: "Within the past 15 months two men who sold fruit, etc., here have died of tuberculosis, but unconsciously left millions of tuberculosis germs by careless spitting. The building is so open that it cannot be effectively fumigated. The only practical means of disinfecting is by fire."

At the appointed hour, while millions of tuberculosis germs were being burned, 5,000 pamphlets telling how to prevent consumption, were distributed to the crowd looking on.

BABY'S HAIR ALL CAME OUT

"When my first baby was six months old he broke out on his head with little bumps. They would dry up and leave a scale. Then it would break out again and it spread all over his head. All the hair came out and his face was scaly all over. Then his face broke out all over in red bumps and it kept spreading until it was on his hands and arms. I bought several boxes of ointment, gave him blood medicine, and had two doctors to treat him, but he got worse all the time. He had it about six months when a friend told me about Cuticura. I sent and got a bottle of Cuticura Resolvent, a cake of Cuticura Soap and a box of Cuticura Ointment. In three days after using them he began to improve. He began to take long naps and to stop scratching his head. After taking two bottles of Resolvent, two boxes of Ointment and three cakes of Soap he was sound and well, and never had any breaking out of any kind. His hair came out in little curls all over his head. I don't think anything else would have cured him except Cuticura."

"I have bought Cuticura Ointment and Cuticura Soap several times since to use for cuts and sores and have never known them to fail to cure what I put them on. Cuticura Soap is the best that I have ever used for toilet purposes." (Signed) Mrs. F. E. Harmon, R. F. D. 2, Atoka, Tenn., Sept. 10, 1910. Although Cuticura Soap and Ointment are sold everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept L, Boston.

If a Woman Had Done It.

Trust the suffragettes to make capital out of the merest indiscretion of mere man! The following is an example, taken from one of their publications, the Newsletter, for January: "A lovely little press item floating up from Chatham Courthouse, Va., made the editor laugh and laugh. It said that a juror sneaked out of the jury room while the rest of the jurors were asleep, and went and milked his cow. He laid out to get back before the others waked up, but somebody saw him and told on him, and the trial had to begin all over. If a woman juror should do that out in Washington or Idaho, wouldn't it be a proof of the incapacity of the sex for the duties of citizenship?"

Real Woman-Hater.

A will of a confirmed woman-hater, writes Virgil M. Harris in "Ancient Curios and Famous Wills," is that of a rich old bachelor who had endured much from attempts made by his family to put him under the yoke of matrimony, and who wrote: "I beg that my executors will see that I am buried where there is no woman interred, either to the right or to the left of me. Should this not be practicable in the ordinary course of things, I direct that they purchase three graves, and bury me in the middle one of the three, leaving the two others unoccupied."

BALTIMORE IS COMING TO THE FRONT

The Baltimore Bargain House Completes Mammoth Structure

The New 12-story Baltimore Bargain House Building, Baltimore, Md.

The Baltimore Bargain House has just completed a 12-story building, which covers one-third of an immense city block, with an estimated floor space of 240,000 square feet.

The site is the corner of Baltimore and Liberty Streets and running back to Garrett Street.

This building, added to the adjoining buildings which the B. B. H. Salesrooms now occupy, extends over almost 85 per cent. of the entire block.

All combined the B. B. H. buildings cover almost three large city blocks. This includes the building mentioned above and their big Fayette Street building, their Clothing Factory, their Warehouse at Scott, Stockholm and Wisconsin Streets (which in itself takes up an entire block), and other buildings about the city of Baltimore.

In 1911 the Sales of the B. B. H. amounted to \$13,345,789.55. This statement was sworn to before a Notary before being published.

This makes them the Fourth Largest Wholesale House in any one city doing business throughout the United States.

Taking into consideration that they have no Traveling Salesmen, they sell MORE GOODS than any other Wholesale House in America, in any one city, without the aid of Drummers.

Sentiments.

My niece suffered for many years with a trouble pronounced by her physicians to be urtic acid rheumatism and although he treated her, she never obtained relief.

Being well acquainted with Elman and knowing it had been used successfully very frequently in similar cases, I determined to put her on it. The look she bottles with the highest results. I regard her as entirely relieved and will always take pleasure in recommending Elman for urtic acid troubles.

Yours truly,
