

CAMDEN MISS HELPED BY CARDUI

Miss Wilson Suffered for Nine Years, but Finally Obtained Relief by Taking Cardui.

Camden, Miss.—"About five years ago," says Miss W. E. Wilson, of this place, "I had to undergo an operation, and after that it hurt me to stand on my feet or walk much."

I had suffered, more or less, with womanly troubles, for more than nine years, and I was very weak and nervous.

As soon as I commenced to take Cardui, I felt better. Now I am not taking any medicine, for I don't need any.

Cardui has done me more good than anything I have ever taken. It is the greatest medicine for women that was ever made."

This remarkable letter, from a lady who has actually tried Cardui, ought surely to convince you of the genuine merit of this successful medicine, and induce you to give it a trial for your own troubles.

Cardui is the ideal remedy for all weak, suffering women, young or old. Cardui acts specifically on the womanly constitution, preventing unnecessary pain, and building up strength where it is most needed. During the past 50 years it has proven itself to be a reliable remedy for weak women. It has helped others, and should certainly help you. At all fruggists. Try it.

Newspaper is the Medium.

"The importance of this whole question of publicity to the consumer is growing on the manufacturer. He sees his competitor or some man in another line turning the trick of publicity and he sits up and thinks. He is gradually realizing that localized, crystallized publicity in the home is what pays best and that he can only get that through the newspaper."—The Daily Club.

Ladies' Diplomat.

Miss Lillian Russell, more beautiful than ever, was serving tea at the Professional Woman's League bazar at the Waldorf-Astoria. A member of the Spanish legation passed with two charming girls, and Miss Russell said: "No wonder that young man is so popular with the ladies. He is a ladies' diplomat."

"How a ladies' diplomat?" a composer asked.

"Well," explained Miss Russell, "he is the sort of chap who always remembers a woman's birthday and forgets her age."

The Man and the Place.

Andrew Carnegie was giving advice on a recent Sunday to one of the younger members of the Rockefeller Bible class.

"I am an advocate of early marriages," he said. "The right man, in the right place, at the right time, is a very good saying, and, to my mind, the right man in the right place at the right time is unquestionably a husband reading to his wife on a winter's night beside the radiator."

Lose Either Way.

Reason—Remember, my boy, wealth does not bring happiness. Rhyme—Maybe not, but fighting the wolf is no round of pleasure.

Many a girl fails to select the right husband because she is afraid of being left.

THE DOCTOR HABIT

And How She Overcame It.

When well selected food has helped the honest physician place his patient in sturdy health and free from the "doctor habit," it is a source of satisfaction to all parties. A Chicago woman says:

"We have not had a doctor in the house during all the 5 years that we have been using Grape-Nuts food. Before we began, however, we had the doctor habit, and scarcely a week went by without a call on our physician."

"When our youngest boy arrived, 5 years ago, I was very much run down and nervous, suffering from indigestion and almost continuous headaches. I was not able to attend to my ordinary domestic duties and was so nervous that I could scarcely control myself. Under advice I took Grape-Nuts."

"I am now, and have been ever since we began to use Grape-Nuts food, able to do all my own work. The dyspepsia, headaches, nervousness and rheumatism which used to drive me fairly wild, have entirely disappeared."

"My husband finds that in the night when in which he is engaged, Grape-Nuts food supplies him the most wholesome, strengthening and satisfying lunch he ever took with him." Name given by Postum Co., Battle Creek, Mich.

NORTH CAROLINA PLAN DISCUSSED

FARMERS ENTHUSIASTICALLY ENDORSE PLAN FOR COTTON ACREAGE REDUCTION.

MET AT THE COURT HOUSE

Meeting Called to Order By President of County Union—E. B. Moore Presided Over the Meeting—President of State Union Explained the Plan.

Raleigh.—A special from Charlotte states that the North Carolina plan for the reduction of cotton acreage was enthusiastically endorsed at the Farmers' meeting at the court house at Charlotte and plans were devised to begin at once the carrying out of a campaign to have every farmer in the county sign the reduction pledge.

The meeting was called to order by Mr. J. M. Walker, president of the county union, who asked Mr. E. B. Moore to preside over the meeting. Dr. H. Q. Alexander, of Providence, who is president of the state union, was called upon to explain the plan of reduction favored by the state union at its recent meeting at Wilson. The plan is similar to the Rock Hill plan now being adopted in many cotton states. It is briefly:

1.—That every farmer pledge himself to plant one acre of cultivated crops (not including grains) for every acre of cotton planted.

2.—That every farmer pledge himself to reduce the amount of commercial fertilizers used by 25 per cent.

3.—That every farmer pledge himself to conduct his business as nearly as possible on a cash basis.

Mrs. J. E. Walker, of Sharon, and H. M. Victor and Clarence Kueser of Charlotte were named as a central committee to raise funds for the carrying out of the reduction campaign. These funds will be used to pay a canvasser in each township of the county, who will take the pledge to each farmer for his signature. Each of these township canvassers will appoint two men in each township to assist him. The canvassing is to begin within 30 days if possible.

Check Flasher Wanted at Reidsville

Mr. R. C. Norman, of Reidsville, has been busy wiring the authorities in all nearby towns and cities to arrest a man who represents himself to be L. D. Hines, representing the American Art Works, Coshocton, O. The hotel man cashed a draft made out by Hines for \$50 upon being shown a telegram purporting to be received at Greensboro from the Coshocton concern, advising him to cash eight draft up to \$200. Hines cashed to Mr. Norman when he exhibited the telegram that he only needed \$50. The draft was sent on for collection and returned, the explanation being given that both the telegram and draft were forgeries.

Will Meet at Moorehead City.

Announcement was made at Wilmington by Thomas W. Davis, Esq., a leading member of the local bar and secretary and treasurer of the North Carolina Bar Association, that the executive committee at a recent meeting in Raleigh, decided to hold the next annual meeting at Atlantic City hotel, Morehead City, July 3, 4, and 5. At a previous meeting the committee selected June 25, 26 and 27 as the dates, but did not name the place of meeting. Mr. Davis expects the attendance to be very large.

Damage Suit Was Compromised.

In superior court at Greensboro a compromise was effected in the \$20,000 damage suit of J. A. Beville, administrator of the estate of Robert Beville, against the Seaboard Air Line. Mr. Beville was killed while in the employ of the railroad as a flagman and suit for damages was instituted. The accident occurred near Norlina in March, 1910. Under the terms of the compromise the plaintiff will receive \$2,000 from the company.

Destroy Two Liquor Stills.

Three miles south of Morganton, Mr. H. W. Jones, in company with revenue officers Knipe and Hawkins and Sheriff Berry of Burke county, captured and destroyed a blockade still, cap and worm and other still fixtures with about three hundred gallons of beer. On the same day, thirteen miles south of Hickory, the same officers captured another blockade still, including fixtures and several gallons of beer. One man, J. Robinson, was captured and carried to Morganton jail to await a hearing.

To Start Fight on Freight Rates.

At a meeting of the members of the Asheville Merchants' Association the committee which has had under consideration the freight rates to Asheville was authorized to begin working up a case, showing discrimination against Asheville, which can be presented to the Interstate Commerce Commission. The work of getting up specific information is in the hands of Mr. James E. Rector, attorney for the association, and it is planned to get any other towns that are discriminated against.

WILL DRAIN SWAMP LAND

Making Progress Along Lines of Industrial Development—Setting Example For Whole State.

Newbern.—The people in the vicinity of Dover, Craven county, are making remarkable progress along the lines of industrial development and are setting an example that should be followed all over North Carolina, where agricultural lands are unproductive because of a lack of drainage.

The board of drainage commissioners of Moseley creek drainage district has just awarded the contract for the construction of about fourteen miles of drainage canals, the purpose of which is to drain about ten thousand acres of fertile swamp land, which up to this time has been practically valueless for agricultural purposes. This soil, which is to be reclaimed from its overflowed condition, is as fertile as any land on the Atlantic seaboard, and the immense value of this improvement can hardly be appreciated by one who is not familiar with the great agricultural possibilities of the swamp lands of eastern Carolina.

The enterprising people of this community have availed themselves of the opportunity afforded by the North Carolina drainage law to embrace their lands in a drainage district and issue bonds to pay for these improvements. They had the district established in accordance with the law and employed an expert drainage engineer to make a complete survey of the district and draw up plans and specifications for the necessary canals. Then they issued bonds in the sum of \$46,000 which have been sold to the Newbern Banking & Trust Co. at a handsome premium. The fact that these bonds were sold to a local firm at a price above par is a flattering testimonial as to the value of these bonds as an investment and it further shows that the people of this section are alive to improvements and progress and that they are not dependent upon foreign capital for financial backing.

Ask For Lower Freight Rates.

With great interest is awaited the outcome of a petition which has just been filed by the Winston-Salem board of trade with the Interstate Commerce Commission, asking that the Norfolk & Western Railway Company publish and observe a rate not exceeding \$1.50 per ton on carload lots of coal from the Pocahontas, W. Va., coal fields district to Winston-Salem, with relative rates from other mining districts on its line to this point. The rate is now \$2.10, which was obtained through the board of trade, acting with the commission about two years and a half ago. The rate was to obtain for two years. Since that time the board of trade has negotiated with the Norfolk & Western officials but have not succeeded in obtaining a reduction.

The Hookworm Eradication.

The closing session of the County Superintendents of Public Education for the West Central District, which had been in annual convention at Salisbury for three days, was the most interesting of all. Methods for the eradication of the hookworm was ably discussed by Dr. John A. Ferrell, of the state board of health. Methods for teacher-training by Prof. J. A. Bivins, of Albemarle. Compulsory attendance upon institutes, and means for disseminating school news and creating interest in public education by Supt. J. Y. Joyner, were among the subjects discussed. Prof. C. E. Boger, of Cabarrus county, is president, and Prof. L. O. White, of Iredell county, secretary of the body which has adjourned.

John Ross Granted A Reprieve.

John Ross gets a respite to April 12. He is the negro under sentence to die in the electric chair for the brutal murder of Mr. and Mrs. John Dixon, near Shelby December 13. Governor Kitchin reprieved him in the hope that he may be induced to make a full and truthful statement of the killing. However, he sticks to his original statement to the effect that Frank Gladden, who was tried as an accomplice and acquitted, was the instigator; that Gladden met him in the road and proposed the murder and induced him to go with him.

Charlotte Liquor Cases Postponed.

The absence of Principal Witness O. L. Flow and the inability of the prosecution to go ahead without him, resulted in the postponement of the liquor cases that were called in recorder's court. Those charged with retailing were Messrs. Tom Crump of the Clover Club, Tom Blackburn of the Hornets' Nest Club, Clem Wilson of the Royal Club, the Catawba Club, W. L. Hand of the Hand Drug Company and J. B. Bowen of the Bowen Drug Company. All answered when their names were called.

To Select Text-Book Histories.

The State Text-book Commission, which, in the adoption of text-books for use in the public schools for the next five years made last fall, left open until after the new year the adoption of a United States history gives notice that all histories offered for adoption must be filed in accordance with the rules by April 1, together with all bids and other matters for the commission to consider, and that the copies of the histories submitted must be in completed printed form just as they are to be used.

A VALUABLE SUGGESTION IMPORTANT TO EVERYONE

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than nature intended. Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper.

Celtic Arithmetic.

Into the general store of a town up in New York state there recently came a big, good natured Irish woman, who wanted to be weighed. She stepped off the scales almost as soon as she had stepped on.

"Shure, these scales is no good!" was her disgusted comment. "They only weigh up to wan hundred, an' I weigh something like wan hundred and noiney pounds."

"'Tis easily discouraged ye are, Mrs. Casey," said a friend. "Just step onto them twict, me dear, and let Mickey here do the sum for ye."

ASK YOUR DRUGGIST

Girls Read About These Three Girls. How Sick They Were and How Their Health Was Restored by Lydia E. Pinkham's Vegetable Compound.

Appleton, Wis.—"I take pleasure in writing you an account of my sickness. I told a friend of mine how I felt and she said I had female trouble and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sick for two years and overworked myself, and had such bad feelings every month that I could hardly walk for pain. I was very nervous and easily tired out and could not sleep nights. I had dizzy spells, and pimples came on my face. But I have taken your Lydia E. Pinkham's Vegetable Compound and it has restored my health. I think it is the best medicine in existence."—Miss Cecelia M. Baum, 1161 Lawrence St., Appleton, Wis.

A SCHOOL TEACHER'S GRATITUDE:

Geneva, Iowa.—"I have been teaching school for some years and I have neglected my health because I was too busy with my work to attend to myself properly. I suffered greatly every month and was on the verge of a nervous breakdown."

"I wrote to you about my condition and took Lydia E. Pinkham's Vegetable Compound and the Blood Purifier, as you recommended. These remedies have done wonders for me and I can highly and widely recommend them to every suffering woman."—Miss Minnie Shaver, R. F. D. No. 1, Geneva, Iowa, c/o Sam Erickson.

A COLORADO GIRL'S CASE:

Montrose, Col.—"I was troubled very much with irregular periods. Sometimes two months would elapse. I suffered severe headache, was weak and nervous, could eat scarcely anything."

"I took both Lydia E. Pinkham's Vegetable Compound and Blood Purifier and the result was wonderful. I feel like another person."

"I think your remedies are the best on earth and cannot express my thankfulness to you for what they have done to me. I help my neighbors when they are sick, and I shall always recommend your medicines."—Miss Ella McCandless, Montrose, Col.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles?

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there are lots of proof that it will do you so much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs. It has restored so many suffering women to health.
