The men to be tried is he who has a guilty fellow feeling for a criminal that he will violate social and has lost chances for eternal reward just to turn a guilty man loose on the public.

Spring is coming has begun—the candidates are at every cross road talking and whispering as to the nearby election. They are early with their plans to get rid of the lark a day with the sun.

The Undeclared war against the Negro evidence has come—now—judging by the same—there is no sending out a negro to be a man. Mr. Underwood is a very good man in the House of Congress and the South need him there—and he will probably remain.

One of the most important things that society has to combat is the Grand Jury, compromising, side-tracking, shielding and helping criminals to live by allowing witnesses to evade the truth in investigating matters. When jurors regard their consciences more than they have sympathy for some culprits, then things will improve.

The whole State will share the loss of Col. Alfred Moore Waddell of Wilmington, who died on Sunday. In a large and helpful way, he had been prominent in North Carolina; and no man has done more for the Cape Fear section. One of the best services rendered him to his home town was his leadership in breaking up negro domination in the year 1863. Since then Wilmington has put on new life and Col. Waddell lived long years to see his work prosper.

The hookworm treatment was given to many here last Saturday and some appreciated the effort of the State and County to help them. Others just were examined for fun, we suppose, and threw away the medicine after they left the dispensary. The parents of children who are examined should see that the medicine is taken properly and not wasted. It is no big thing matter to have a community full of children with dwarfed bodies and minds. The little care which some parents give their children is enough to chill the hearts of those who desire to see the coming generation strong, pure and good.

The whole country stands spell-bound before the tragedy at Hillside. To see men in the discharge of their duty—men who were devoting their best talents to the enforcing of law in the State of Virginia shot down by a gang of desperadoes, is but another evidence of that lawless spirit which leaves in its trail the dead bodies of good men and helpless citizens of a Commonwealth. This same spirit has done its deadly work in our very midst and threatened to do more. It is earnestly hoped that every one of the Allies and their confederates in crime will be taken and given the full punishment of the law. They should not be allowed to go out and in among men.

Nineteen Miles a Second

Without a jar, shock or disturbance, is the awful speed of our earth through space. We wonder at such ease of nature's movement, and so do those who take Dr. King's New Life Pills. No gripping, no distress, just thorough work that brings good health and fine feelings. 25c Saunders & Fowden.

Take the Treatment

The first three days of examination by the Hookworm experts showed that out of one hundred and seventy-five cases, thirty six and two-thirds per cent were found to have the disease. They found the highest rate in the examination at Jamesville and the lowest at Everett.

Every citizen in the county, who has any symptoms, should take advantage of the opportunity to have examination made and get the treatment. See that all pale, unhealthy children are examined and advise your neighbor to bring his children in for examination.

Our Spring Cleaning

While Nature is fashioning her spring and summer dress, we should begin also to think about putting things in order to correspond with her. She throws aside the old rotten leaves, twigs, dried grass and other things which Winter brought with him in his prolonged visit to us, and which he carried with his icy breath. Nature does this—so should we. Begin to set the house in order. The closets are full of old lightly paper—the drawers are full and in need of a thorough cleaning. The back lots should be overlooked and all thorns, broken vessels and anything which will induce the growth of flies and mosquitoes must be removed if we desire a clean, healthy town.

The shade trees need careful attention and a white trunk to correspond with their beautiful suits of green so soon to be donned. Our town authorities should inaugurate the movement and insist upon it. A Civic League would be a great help in beautifying and safeguarding the town. We should be ready to welcome the seasons as they come in regular order. If we will help the authorities, then there will be good work done. "A cleaner town" should be our spring slogan.

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints

You cannot be over careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

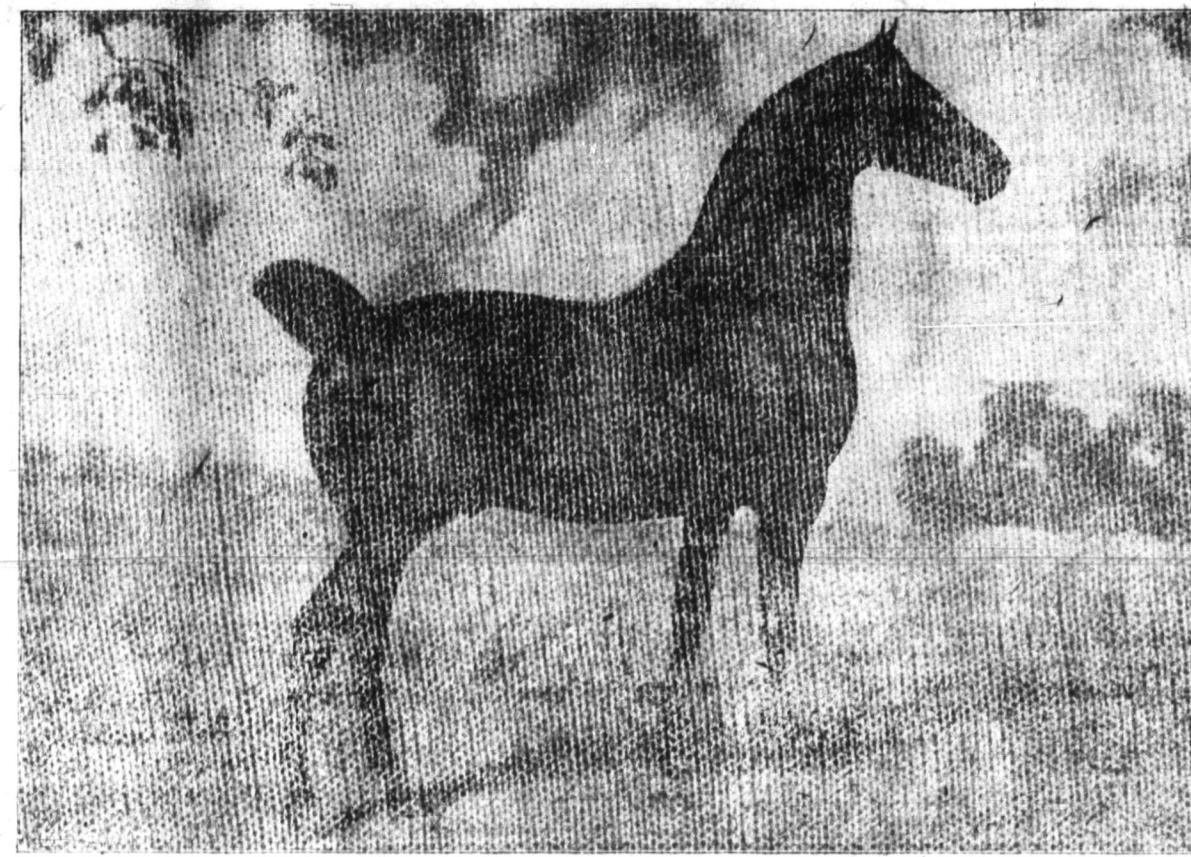

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy which we know, for constipation associate bowel disorders. We have such absolute faith in the virtues of this remedy that we will put on our guarantee of money back on every instance where it fails to give entire satisfaction, and we shall all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs, with which they come in contact, apparently acting as a regulatory tonic upon the relaxed muscular coat of the bowel, thus over-coming weakness and aiding to restore the the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except, of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Williamston only at our store.—The Rexall Store. The S. R. Biggs Drug Co.
