

WOULD TAKE BOOK TO TELL TROUBLES

Carrville Lady Says She Laid Awake At Night Because of Her Troubles.

Carrville, Ky.—Mrs. F. B. Cossey, of this town, says: "I had been afflicted for nearly six years with womanly troubles, and would suffer so much, every month!

"It would take a book to tell what I have suffered in that time.

"I got so I could not sleep at night, from nervousness. I had four different doctors to treat me, but they could not help.

"When I took Cardui, it relieved me at once. I can't praise it enough.

"I hardly know how to tell you what Cardui has done for me. I have taken about seven bottles, and nothing else I ever took gave me such relief.

"All my friends know how bad I was, and how Cardui has helped me in many different ways."

"Cardui is made from purely vegetable ingredients, which act particularly on the delicate womanly system, building up health and strength where it is most needed.

"During the past 50 years it has helped thousands of ladies, afflicted with just such troubles as those from which Mrs. Cossey suffered.

"It is therefore a remedy that you can feel confidence in. Its merit is guaranteed by years of success.

"Don't experiment. Take Cardui. Begin today.

Troubles Laid to "In-Law."

"The cause of more than half the family scraps that are scrapped to a finish," says an exchange, "is the 'in-law.' A man or a woman marries some one absolutely antagonistic to all the other members of the family, and then, putting this person on a pedestal, demands that all shall do her or his will. For the sake of courtesy, often a whole family will yield many points, and gradually the 'in-law' becomes more and more insistent, and so things drift along, always the one side giving in, until some straw, some trifling, will prove the drop too much, and after that the fracas. With the air cleared, a beginning can be made over again on a basis of equal rights, or else all intercourse can cease either way much has been gained."

TO DRIVE OUT MALARIA AND BUILD UP THE SYSTEM

Take the Old Standard GIBBER'S CASSELL'S CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simply Quinine and Iron in its tasteful form, and the most effective form. For grown people and children, 50 cents.

When a young widow makes up her mind to marry a bachelor he may possibly escape by dying.

FOR COLDS AND GRIP

Hick's CAPSICUM is the best remedy—relieves the aching and feverishness—cures the cold and restores normal conditions. It's liquid—effects immediately. 10c., 50c., and 100c. At drug stores.

ONLY ONE "BROMO QUININE"

That is LAXATIVE BROMO QUININE. Look for the signature of E. W. Gile's. It is the World over to cure a Cold in one Day. 25c.

There are a few things that even a young man doesn't know.

Garfield Tea, the natural remedy for Constipation, can always be relied on.

Many a brave man has lost his nerve in a dentist's chair.

BACKACHE A SIGNAL OF DISTRESS

Pain in the back is the kidneys' signal of distress. If this timely warning is ignored, there is grave danger of dropsy, gravel, uric poisoning, or Bright's disease.

When you have reason to suspect your kidneys, use a special kidney medicine.

Doan's Kidney Pills relieve weak, congested kidneys—cure backache—regulate the urines. Good proof in the following statement.

CONVINCING TESTIMONY

G. A. Craig, 51 Hancock St., Boston, Mass., writes: "My body was constantly racked with pain. I had a dull ache in the small of my back, my feet swelled, I had dizzy spells and the urinary passages were too frequent. I was very nervous and the doctors didn't seem to understand my case. Doan's Kidney Pills brought quick relief and an ultimate cure."

THIRD REGIMENT GOES TO ANNISTON

DECIDED ON THIS AT A MEETING OF THE MILITARY ADVISORY BOARD.

GOV. KITCHIN IS CHAIRMAN

Two Other Regiments Go To Camp Glenn—Will be the First Encampment For Ambulance Company Organized Recently.

Raleigh.—The Military Advisory Board of the North Carolina National Guard—consisting of Governor Kitchin, ex-officio chairman; Adjutant General Leinster, Quartermaster General F. A. Macon, Brigade Commander B. S. Royster, Col. J. T. Gardner, First Infantry, Col. J. N. Craig, Third Infantry—met in the governor's office and arranged for the program for the outdoor season of the three North Carolina regiments.

It was decided to send the Third Regiment to participate in the joint maneuvers to be held at Anniston, Ala., July 8th to 15th; the Second Regiment will go to the encampment at Camp Glenn, July 8th to 12th; the First Regiment to the encampment at Camp Glenn, July 16th to 25th.

It was further decided to give the post exchange privilege at Camp Glenn to the commanding officers of the camp, during the period of each encampment. All of the profits accruing from the operations of the post exchange are to be divided among the company organization and to construct a suitable building at Camp Glenn to be used in the future as a post exchange.

The decision of the board means that three Raleigh military companies, Company M, infantry, regimental band and ambulance company, will take part in the joint maneuvers at Anniston, Ala. The infantry company and band participated at similar maneuvers several years ago at Chocomauga Park, Ga., and the war tactics at Anniston will not be entirely new to some of the members of these two companies; however, the ambulance company has only recently been organized and this will be the members first trip to participate in joint maneuvers.

City Liable For Over \$5,000.

The city of Asheville, the defendant in the case of Buncombe county board of education vs. City of Asheville, in which the board is seeking to collect about \$9,000 in lieu of taxes collected in city police court, through city attorney J. Frazier Glenn, has filed a bill of exceptions to the report of Mr. W. D. Turner of Statesville, to whom the case was referred by the court in which the case is pending. Mr. Turner heard the evidence in the case several weeks ago and later submitted his report, in which he found that the city is liable to the board of education for over \$5,000 of the sum sued for.

Are On A Good Roads Tour.

Greensboro has been host to 150 citizens of Davidson county, the visitors coming here under the personal chaperonage of Elton H. B. Varner, being winners in a contest recently conducted by The Lexington Dispatch. The object of the visit was primarily to get a first-hand lesson in good road building and the advantages which come from such. Editor Varner now being in the midst of a campaign for an improved system of roads in Davidson.

The Educators Meeting Closed.

The meeting of the county superintendents of education, which has been in session for several days, has closed. The meetings were attended by sixteen out of the twenty-one superintendents in the district, and was said to have been the best ever held. One morning was spent in visiting the various schools of the city, and the visitors were given an automobile ride over the city, visiting various points of interest.

A Very Serious Street Affray.

A pistol battle occurred on the streets of Rockingham between several linemen in the employ of the York River Power Company and the local office, and as a result of which Deputy Carl C. Shores is seriously shot. Deputy Sheriff Mattie Brown is shot in the left hand and Linemen George Hinson is wounded twice in the neck and in the lower part of the body. Three of the linemen are in jail with their heads more or less severely pommelled by clubs in the hands of the policemen.

Gets Fifteen Years For Murder.

Will Brown, charged with the murder of Jack Freeman, tendered through his attorneys a plea of murder in the second degree and was sentenced to the penitentiary for a term of fifteen years. Brown narrowly missed the sentence of death. He had never shown any feeling against his victim and there was therefore one element of murder lacking. He was beasty drunk when he shot his man, though he had several times been bragging in his maudlin way of the things that he meant to do.

A Bold Piece of Blind Tigerism.

The boldest piece of blind tigerism was practiced at Shelby at court when Will Jamerson bet another negro one dollar that he could sell whiskey in the court house without being caught. He proceeded to make the transfer in the basement while the court house was crowded with people attending court and it was not long before policeman Bob Kendrick had him under arrest. In a few hours the wheels of justice were put in motion and the negro was given a sentence of 4 months on the roads.

CALDWELL COUNTY SCHOOLS

Excellent Record Made—The Woman's Betterment Association is Doing Some Good Work.

Lenoir.—From a recent report issued by Superintendent Y. D. Moore, some very interesting facts are to be culled concerning the public schools of Caldwell county.

There are 76 rural districts in the county, and the last school, except one closes in another week. The average term has been about 85 days. Only three of the schools closed short of four months; two on account of the low attendance caused by impassable roads and one because of sickness in the family of a teacher.

More schools have supplemented the four months' term this year than ever before; some of them even lengthening their term as much as six weeks. The funds for this purpose have generally been raised by private subscription and box suppers.

"Enrollment of pupils has been as good as any previous year, but the great amount of snow and rain with the almost impassable condition of the roads has decreased the average attendance at least 15 per cent," says Mr. Moore.

The Woman's Betterment Association is doing some work that is worthy of great commendation. At its first regular meeting of the year in the graded school auditorium several days ago much important business was transacted. Committees were appointed to place bookcases in the various rooms of the graded school for the library books belonging to each grade; to look after the annual spring cleaning; and to visit the county home for the purpose of assisting and making any suggestions that will be helpful to the parties in charge.

North Carolina New Enterprises.

New enterprises incorporated are as follows: J. B. Fairchild & Company, of Benson; chartered to do a general dry goods business. Authorized capital stock is \$10,000, with \$2,500 paid in by J. B. Fairchild, M. J. Herring and H. W. Darden. Town Folk Telephone Company, of Pulp, Stokes county; to construct and maintain telephone lines. Authorized capital stock \$5,000, with \$80 paid in by Charles Bodenheimer, E. Pulp, Barker Bros. and J. V. Marshall. Eastern Carolina Land and Lumber Company, of Kinston; to do a general lumber business. Capital stock is \$100,000, with \$25,000 paid in by Wm. Hayes, D. D. Hayes and Orin Week. Barker-Paschall Lumber Company, of Gaston; to do a general lumber business. Authorized capital stock is \$50,000, with \$3,000 paid in by O. D. Barber, N. F. Barber and J. G. Paschall.

Criticizes County Matters.

The grand jury of the Wake county superior court in its final report, passed drastic criticisms on a number of county matters, especially the action of the county board of education in allowing the county superintendent, J. V. Judd, two months' vacation to attend college on full pay, and with \$250 allowed for expenses, and that the superintendent of public instruction cost the county \$3,428, of which \$2,934 was salaries and \$491 traveling expenses, both items being considered excessive. It is notable in this connection that E. W. Clement, the foreman of the grand jury making the criticisms is a son of Rev. G. W. Clement, who was for twelve years county superintendent prior to the coming of Superintendent Judd.

Law and Order League For Louisville.

For some time there have been flagrant infractions of the law, particularly the prohibition law, in the good county of Franklin. For the most part blind tigers have successfully eluded the strong arm of the law. Sentiment has been gradually growing against them. The local ministers have been discussing the situation publicly and privately for several weeks. At their invitation Rev. R. L. Davis, superintendent of the North Carolina Anti-Saloon League, delivered two masterly addresses here. As the result of these meetings some forty or fifty determined men met in the Sunday School room of the Baptist church and organized a "Law and Order League."

A Homicide at Hickory.

In the colored section of Hickory, Will Dellinger shot and killed Ben Carson. Dellinger was drinking and had raised a row in a pool room with Roy Wilson, whom he shot at and missed. After leaving the pool room he started towards his home in the eastern section of the colored settlement. He met Carson and began quarreling with him, drew his pistol and shot two or three times, killing him instantly. There were several witnesses to the tragedy. Dellinger was arrested and locked up.

To Improve City Water Station.

Statesville.—The Statesville board of aldermen have been in session twice in one week considering improvements at the city water station and it has been decided to buy an additional filter at once. The demand for the city water has increased to such extent that recently in cases of fire or other extra demands on the supply the present filter has proved inadequate and some water had to be pumped direct from the reservoir into the standpipe. The new filter will eliminate this trouble.

Investigating Accident at Mine.

Raleigh.—Commissioner of Labor and Printing M. L. Shipman returned from Caador, Montgomery county, where he has been investigating the fatal accident in the Warra Gold Mines, located near that place, in which Jim Ward, colored, lost his life. This is the second fatal accident in mines in North Carolina in two years, which, considering the dangerous nature of the work required in his industry. Commissioner Shipman says speaks well for the conduct of the mines in this state.

THIS COUNTY LEADS

IN WAR THAT IS BEING WAGED IN THE STATE ON THE PINE BEETLE.

MR. MASON SPENT DAY HERE

He Makes a Flattering Report About the Work Done By Mr. Clark Who is Commissioner of Agriculture of Mecklenburg County.

Charlotte.—Mr. E. B. Mason of the U. S. Bureau of Entomology, spent a day in the city. He is making a trip through the Carolinas and Georgia to see what progress has been made in the war against the Pine Bark Beetle.

He makes the flattering report that Mecklenburg county, under the direction of Mr. C. E. Clark, county commissioner of agriculture, has made more progress in exterminating the pest than any county in the south, and he praised the work of Mr. Clark and Mecklenburg farmers in the warmest terms. Mr. Clark, as county commissioner of agriculture, was commissioned to aid the farmers in locating and destroying the pest-infested trees.

"During all the past winter he has been visiting the farms where the beetle was at work on the pine trees and painting the trees that were infested. Up to date he has visited 295 farms in the county, has examined 19 in the neighborhood of 4,000 acres of pine woodland and forest, has marked 235 infested trees in this area, and has found about 300 acres of pine timber already destroyed by the beetle.

Mr. Clark states that the infested trees can still be cut and destroyed up to the first of May.

The Fishermen Are Up in Arms.

Elizabeth City.—Watermen from down the sound bring reports that State Fish Commissioner Vann, who left here with naval militia on board the cruiser Elfrida, to enforce state fish laws, found fishermen prepared for him in unexpected manner. Instead of meeting warship with shotguns in attempt to defend property fishermen in Oregon inlet had cut such nets as were ordered, removed during former visit by commissioner Vann, and only stakes were visible above water. In this way rebellious fishermen hoped to get one on Commissioner Vann and had it not been for some other fishermen who joined the fleet the ruse would probably have been successful.

Verdict in Favor of Plaintiff.

Durham.—The case of Warren against the Seaboard Air Line was concluded and resulted in a verdict of \$1,514.85 in favor of the plaintiff. The action was for \$12,000 for the killing of James Warren, one of the victims of the Hamlet collision last year, in which a number of Durham negroes were killed and injured. Judge Cooke continues to express his disapproval of the number of divorce cases that have been coming up, and recently he dismissed two actions because of certain deficiencies in the preparation of the cases. He stated that it was no use to come into his court and ask to be divorced unless everything was in first class shape.

One Killed in Pitched Battle.

Asheville.—Lee Wells was killed and Waldo McCracken was mortally wounded in a pitched battle waged in a school-house yard at Clyde, 15 miles from this city. McCracken was wounded after being deputized by Robinson Rogers, a town constable, to assist him (Rogers) in the arrest of Wells, who, it is said, had been drinking heavily, and had ridden in from Canton to "clean up the town."

For Operating Illicit Distillery.

Hendersonville.—Charged with operating an illicit distillery, Dave, Jack and Tom Foster, Bine Conner and John Barnett, all of the Lynn section of Polk county, were bound over to the term of federal court convening at Charlotte by United States Commissioner George W. Valentine of this city.

The Sum and Substance

of being a subscriber to this paper is that you and your family become attached to it. The paper becomes a member of the family and its coming each week will be as welcome as the arrival of anyone that's dear. It will keep you informed on the doings of the community and the bargains of the merchants regularly advertised will enable you to save many times the cost of the subscription.

We're Opposed to Mail Order Concerns Because—

They have never contributed a cent to furthering the interests of our town. Every cent received by them from the community is applied to their own interests.

In almost every case their prices are the most right ones, without delay in receiving goods and the possibility of mistakes in filling orders.

But—

The actual business that it is to buy these goods and cheap. Local pride is usually secondary in the case of life as played today.

Therefore

Mr. Merchant and Business Man, meet your competition with their own weapons.

LOOK OUT FOR THE CAR

Do YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign go away? Why does the railroad company continue to keep these signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroad needs to warn people to "Look Out for the Car."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads round about Christmas time, it certainly will pay you to run advertisements about all the time.

It's just business, that's all. ADVERTISE IN THIS PAPER
