Consumption

Checked and in Early Stages, Cured by MILAM the great Reconstructive tonic and blood renovator

We do not set forth MILAM as a cure for consumption, but it has proven so beneficial to such patients that we believe, and are supported in our belief by a practicing physician, that MILAM will arrest incipient tuberculosis of consumption in its early stages.

Read the following

Scrofulitic Consumption City of Danville, State of Virginia.—To-wit: I, Edmund B. Meade, Notary Public in and for the City of Danville, State of Virginia, do hereby certify that Abram Word, of Danville, Va., to me well known, did appear before me, and being duly sworn, deposed and says as follows:

"For ten years prior to August, 1909, I was under the care of a regular physician. Last spring this doctor told me he could do me no good, and I tried another for four months without receiving any benefit from him.

In August, 1909, I began taking Milam, and am now able to do my work without difficulty, my appetite is good, and I can eat and digest any food.

My trouble was said to be Scrofulitic Consumption, and I was wasted away to a shadow. I was so weak that I could hardly walk when I commenced on MILAM. I regard MILAM as a truly valuable remedy in all cases of blood trouble, whether eruptive, or proceeding from a lack of full, free circulation.

I have recommended MILAM to about twenty of my friends, and so far as I have seen or heard from them, they all speak in the highest terms of it, and are recommending it to their friends.

It was particularly beneficial to me in aiding digestion and building up an appetite." (Signed) ABRAM WORD.

In witness to the above, I have hereunto set my hand and the seal of my office, this 23rd day of March, A. D. 1910. EDMUND B. MEADE, Notary Public. My commission expires Jan. 14, 1914.

CAN CANCER BE CURED? IT CAN! The record of the Kellam Hospital is a record in history, having cured to stay cured permanently without the use of the knife or X-ray over 90 per cent. of the many hundreds of sufferers from cancer which has been treated during the past fifteen years.

Physicians treated free. KELLAM HOSPITAL 3077 W. Main Street, Richmond, Va.

SOME INDUSTRIES OF NORTH STATE

THE MOST IMPORTANT ONES ARE THOSE OF COTTON, TOBACCO AND LUMBER.

THE STATISTICS ARE GIVEN

Fourth Most Important Industry is That of Extracting Oil From Cotton Seed or Refining Crude Cotton Seed Oil—This Industry on Increase.

Charlotte.—The three great manufacturing industries in North Carolina are those of cotton, tobacco and lumber. In 1909, as shown by the census of 1910, they gave employment to 29,435 wage earners, their products were valued at \$142,192,000, the raw material was valued at \$75,038,000 and the value added by manufacturing was \$67,154,000, the three representing very nearly 66 per cent of the total value of all the manufactured products in North Carolina.

The fourth most important manufacturing industry in North Carolina, as shown by the report of the United States Census Bureau, is that which is primarily engaged in extracting oil from cotton seed or in refining crude cotton seed oil. The statistics given for oil, cotton seed and cake show that in the five years, 1904-1909, the percentage of increase in the value of the products of the business was greater than any other of the important industries of the state, reaching \$8,504,000. In 1909 it became the fourth of the important industries of the state, passing the flour and grist mills and the furniture industries, which in 1904 had been in the fourth and fifth places.

The large increase in the value of the products was due in part to the rise in value of crude cotton seed oil, yet the industry is one that is growing year by year outside of this rise in price. In 1909 there were 53 establishments engaged in the business, with 1,165 employes, the value added by manufacture being \$1,414,000, showing the value of the raw material to have been \$7,000,000, the value of the product having been \$8,504,000.

Views of North Carolina. "Picturesque North Carolina" will be the subject of a new moving picture that will soon be made and placed on view. It is the purpose of the promoters of the enterprise to visit many of the scenic points of interest in the various parts of the state, including Cape Hatteras, Kittyhawk, Nags Head, and other places on the coast. Bath, the oldest town in the state, the rice and truck farms around Wilmington, the piedmont country, the mountains, Blowing Rock, Toxaway, Asheville, Waynesville, and the Vanderbilt estate at Biltmore. The picture will be about 1,000 feet in length. As soon as it is finished, it will be shown in Charlotte and then sent throughout the state.

Politics in Surry County. Politics are beginning to be whispered a little on the streets and public places, but so far it is hard to find out much about who's who or what's what. Ex-Judge George P. Pell is the choice of our people for corporation commissioner. For United States senator, the wishes of our people are pretty well divided now between Simmons, Clark and Kitchin, with the chances in Simmons' favor, although it will take a primary to settle it. As to the governor, no name is mentioned in connection therewith, save that of Craig.

Undergoing General Re-alignment. The contest in North Carolina Democratic ranks over the United States senatorship involving the seat held the past two terms by Senator F. M. Simmons is undergoing a general realignment since the tragic death of former Governor Chas. B. Aycock, whose candidacy was looming up ominously for the other three candidates—Simmons, Governor W. W. Kitchin and Chief Justice Walter Clark, of the supreme court.

Quick Campaign To Raise Funds. There is to be a quick campaign in raising the needed funds to erect a statue in honor of the memory of Charles Brantley Aycock, North Carolina's beloved son, who lately "fell on sleep." Steps were taken in the matter immediately after the adjournment of the Aycock memorial meeting, when the executive committee of the Aycock Memorial Association met and determined to proceed at once with plans for organization of Aycock Monument Associations in every section of the state.

Beneficent Work Being Done. The launching of Irwin's creek, west of Charlotte, of the second dredge boat provided by the Mecklenburg Drainage Commission under special act of the last legislature for the clearing up of the swamp lands of the county has directed attention to the beneficent work now being done by this body. Aside from improving the adjacent lands and thereby enhancing their value, the movement means the abolition of the mosquito and therefore the substantial betterment of health conditions throughout the county.

NORTH CAROLINA WINS CASE

The Commerce Court Decides With the State in Its Rate Contention Against the Railroads.

Raleigh.—The United States Supreme Court has handed down a decision in favor of the North Carolina Corporation Commission against the Norfolk and Western Railroad, securing a general reduction on freight rates from Cincinnati to Winston-Salem and Durham, and also the reduction of the local rates from Roanoke to Winston-Salem and from Lynchburg to Durham.

Attorney General Bickett was seen and being asked his opinion, said: "Of course I am gratified that the case was decided in our favor. It was fought very stubbornly not only by the Norfolk and Western but the Southern, the Seaboard and the Atlantic Coast Line. This fight was made because the railroads feared, and we hope that ultimate benefits of the decision will reach much further than the order of the Interstate Commerce Commission in this freight case. I fall to see how the Southern Railway can keep from putting in the reduced rates to Greensboro. The Southern will have to meet the reduced rates to Durham and at Winston-Salem, or quit handling any of this traffic, and if it does meet the rates at Durham and Winston-Salem, then under the long and short haul clause of the Commerce Act it will have to put in the same rates at Greensboro and at all points between Greensboro and Winston-Salem.

More Arrests in Lake Mystery.

Although a month has expired since the first interesting developments in the Myrtle Hawkins mystery and the next term of court will no convene for a month yet, interest has by no means died out in this case, which has attracted such wide attention and carries with it many baffling features. According to one man who has taken great interest in the matter since the body of Myrtle Hawkins was found in Lake Okechoa on the morning of September 10, and who will follow the proceedings closely, it would be no surprise to him if developments more sensational than any of the past in this case takes place immediately. It is a known fact that investigations are being made along certain lines which tend to enmesh others into the case and clarify the mystery.

North Carolina New Enterprises.

The following charters were issued by the secretary of state: Shute Brick Company, of Monroe, to manufacture, sell and deal in brick. The authorized capital is \$2,000, all subscribed by J. T. Shute, C. W. Shute and J. E. Shute. The Andrews and Waddell Furniture Company, of Goldsboro, changes its name to the Wayne Furniture Company and increases its capital stock from \$5,000 to \$25,000. J. F. White is president and T. A. Henley is secretary. The Odell Hardware Company, of Greensboro amends its charter so as to extend its business to other branches and increase its capital from \$200,000 to \$500,000. Charles H. Ireland is president and J. Norman Willis is secretary.

Intends to Form Association.

Mr. L. E. Tufts, secretary of the Durham Commercial Club, has returned from Greensboro, High Point and Charlotte, where he went for the purpose of interesting the commercial clubs and business men of those cities in the organization of a State-wide association to make the fight for better freight rates for North Carolina cities. The secretary of the Durham club found all of the cities very favorable to the plan suggested. In the next few weeks he will visit Raleigh, Wilmington and other cities of the eastern part of the state.

Wake Medical Society Meeting.

In the chamber of commerce rooms the Wake County Medical Society held its regular meeting with a gratifying attendance and a unity upon medical inspection of the schools that pleased greatly the gentlemen interested in public health. At this meeting Dr. J. Allison Hodges, of Richmond, an eminent specialist who migrated from Fayetteville to Richmond, was the guest of the society.

Democratic Executive Committee.

The Democratic county executive committee of Durham met and selected August 1 as the time for the primary for selecting the county officers. Considerable effort was made to have the committee adopt the legalized primary system which requires those participating in the primary to take an oath to support the Democratic ticket with the perjury penalty attached, but same was passed over. A committee was appointed to draft the rules governing the primary and report to the committee.

Bank at Hillsboro Robbed.

Hillsboro became feverish with excitement when it was known that safe crackers had blown the vaults of the Bank of Orange with nitroglycerin and gotten away with something like \$5,000 in cash, all they had on hand with the exception of some loose change which was left scattered over floor. The job clearly indicated the work of expert yeggmen, the doors of the large safe inside the vault also the door to the burglar chest being literally blown to pieces so effectively had the powerful explosive done its work.

A SEVERE SICKNESS LEAVES THE KIDNEYS WEAK

After recovering from a severe spell of sickness some time ago, I was all run down and suffering from poor blood. I would have pains in my back and hips and my kidneys bothered me all the time. I started taking Swamp-Root upon the recommendation of a friend and found it was just what I needed. My blood became all right and after taking a few bottles, I was surprised at the effect it had on my kidneys. They were entirely cured and I have much to be thankful for that your great remedy did for me.

Yours very truly, W. O. BLACKMON, Phenix City, Ala. Sworn to and subscribed before me, this 14th day of July, 1909. W. J. MIRS, Justice of the Peace.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention this paper. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

If Not Better. Copy Reader—Say, this line, "In the Clutches of a Loan Shark," is a few letters too long. How shall I change it? Night Editor—Perhaps the word "jaws" will convey the idea just as well as "clutches."

For HEADACHE—Bebel's CAPUDINE Whether from Colds, Heat, Stomach or Nervous Troubles, Capudine will relieve you. It's hard-pleasant to take—acts immediately. Try it. 10c, 25c, and 50 cents at drug stores.

Many a man is dissatisfied with his lot because it is too near his neighbors.

Mrs. Winslow's Soothing Syrup for Children Cething, softens the gums, reduces inflammation, allays pain, cures wind colic, 50c a bottle.

He who lends money without security borrows trouble.

Garfield Tea, for the ills resulting from impure blood, is a remedy of tried efficacy. Drink before retiring.

Women From Forty-Five to Fifty Are Much Benefited by Lydia E. Pinkham's Vegetable Compound.

The "change of life" is a most critical period in a woman's existence, and the anxiety felt by women as it draws near is not without reason.

When her system is in a deranged condition, she may be predisposed to apoplexy, or congestion of some organ. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound is prepared to meet the needs of women's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

Mrs. Estella Gillispie

ONE CASE OUT OF MANY TO PROVE OUR CLAIMS.

St. Anne, Ill.—"I was passing through the change of life and I was a perfect wreck from female troubles. I had a displacement and bearing down pains, weak fainting spells, dizziness, then numb and cold feelings. Sometimes my feet and limbs were swollen. I was irregular and had so much backache and headache, was nervous, irritable and was despondent. Sometimes my appetite was good but more often it was not. My kidneys troubled me at times and I could walk only a short distance.

"I saw your advertisement in a paper and took Lydia E. Pinkham's Vegetable Compound, and I was helped from the first. At the end of two months the swelling had gone down, I was relieved of pain, and could walk with ease. I continued with the medicine and now I do almost all my housework. I know your medicine has saved me from the grave and I am willing for you to publish anything I write to you, for the good of others."—MRS. ESTELLA GILLISPIE, R.F.D. No. 4, Box 34, St. Anne, Illinois.

Pomade Vaseline. A choice dressing and preservative for the hair. Highly refined; delicately perfumed. Checks dandruff and keeps scalp in healthy condition. Pomade Vaseline is put up in attractive bottles and in collapsible tubes. Insist on Pomade VASELINE. If your dealer do not carry it, write us. We will be glad to send you free illustrated booklet, 20 pp., describing other choice Vaseline preparations for toilet and family use. Address Dept. 2. Chesbrough Manufacturing Company 17 State Street (Consolidated) New York

The Sum and Substance of being a subscriber to this paper is that you and your family become attached to it. The paper becomes a member of the family and its coming each week will be as welcome as the arrival of anyone that's dear. It will keep you informed on the doings of the community and the bargains of the merchants regularly advertised will enable you to save many times the cost of the subscription.

We're Opposed to Mail Order Concerns Because— They have never contributed a cent to furthering the interests of our towns— Every cent received by them from this community is a direct loss to our merchants— In almost every case their prices can be met right here, without delay in receiving goods and the possibility of mistakes in filling orders.

But— The natural human trait is to buy where goods are cheapest. Local pride is usually secondary in the game of life as played today.

Therefore Mr. Merchant and Business Man, meet your competitors with their own weapons—advertising.

Advertise! The local field is yours. All you need do is to send your self of the opportunity offered. An advertisement in this paper will carry your message into hundreds of homes in the community. It is the surest medium of killing your greatest competitor. A space this size won't cost much. Come in and see us about it.

PATENTS PROCURED AND DEFENDED. Best mode of carrying on business and free report. Free advice how to obtain patents, trade marks, copyrights, etc. IN ALL COUNTRIES. Business Street, Washington, D. C.

CASNOW

KILL THE COUGH AND CURE THE LUNGS WITH Dr. King's New Discovery FOR COUGHS, COLDS, BRONCHITIS AND ALL THROAT AND LUNG TROUBLES. GUARANTEED SATISFACTORY OR MONEY REFUNDED.

LOOK OUT FOR THE CARS

Do YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing? If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing? Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise." Your store and your goods need more advertising than the railroad needs to warn people to "Look Out for the Cars." Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business. If it pays to run a few ads round about Christmas time, it certainly will pay you to run advertisements about all the time. It's just business, that's all, to ADVERTISE in THIS PAPER
